Narratives

Areas of Greatest Need:

Areas of greatest need: The data gathered in Maryland showed that between the first quarter of 2007 and the third quarter of 2008, a total of 37,605 foreclosures occurred in 390 communities. Evaluating this data as well as the corresponding foreclosure rate and subprime mortgage data, we prepared an analysis of these communities. The analysis divided the worst hit communities into four groups on the basis of their foreclosure intensity indices. The hardest hit areas include 29 communities that had the MOST SEVERE foreclosure problem. A total of 12,926 unique property foreclosures occurred in these communities, representing 34.8% of all foreclosed properties statewide. The average number of foreclosures in this group was 446 per community resulting in a foreclosure number index of 337.4, which translates to 237.4 above the state average. The second group includes 27 jurisdictions that had SEVERE foreclosure problems. A total of 7,288 unique property foreclosures took place in these communities representing 19.6% of all foreclosed properties statewide. The average number of foreclosures in this group was 270 per community, resulting in a foreclosure number index of 204.3 with the cumulative number of foreclosures on average 104.3% above the state average. The third group includes 58 jurisdictions that had HIGH foreclosure problems. A total of 8,069 unique foreclosure property foreclosures occurred in these communities representing 21.7% of all foreclosed properties statewide. The HIGH foreclosure communities are represented by intensity indices of 95 and 144 however, they tended to have higher rates of subprime loans. The fourth group includes 167 communities that had MODERATE foreclosure problems. The State did not fund any of these communities. These 281 communities were determined to have the "greatest need" and to meet the criteria set forth by HUD. The detailed information supporting the State's data and conclusions can be found in the Consolidated Plan/Action Plan Substantial Amendment at www.mdhousing.org under Publications.

Distribution and and Uses of Funds:

The State chose to use the funds both directly and indirectly within these target areas. Of the \$26,704,504 received by the State, \$18,357,928 is to be used by subgrantees selected through a competitive process called the Neighborhood Conservation Initiative (NCI). The eligible subgrantees applied for funding for projects within designated "neighborhood conservation areas" within the areas of greatest need. They were encouraged to partner with government and private partners, commit leverage of public and private funds, and to coordinate investment strategies in order to maximize housing and neighborhood outcomes. The State funded 17 grantees who were able to demonstrate need and able to meet other NCI requirements. Approved activities include: downpayment assistance, acquisition of vacant housing for resale or rental, transitional housing shelter, and redevelopment projects in hard hit neighborhoods such as a transit center, new housing construction, and a social services center. Specifically, there are 21 projects which are projected to result in the acquisition of 40 units of rental housing, the construction of 46 units of new housing, the acquisition and rehabilitation of 35 housing units, financial assistance to 285 homebuyers, the demolition of 53 units of blighted housing, the acquisition of two transitional housing shelters, and the construction of a transit center in a neighborhood with a population of 2,895 persons. The State will use the 10% of administrative dollars to fund State administrative costs as well as grantee administrative costs. The State will use the balance of funds to fund existing housing programs managed by the Maryland Department of Housing and Community Development. Specifically, the funds will be used to fund special needs housing and a multi-family rental project all located within areas of greatest need. As required, the State will use a minimum of \$6,676,126 (25%) of its NSP allocation to house persons whose incomes do not exceed 50% of area median income. The State and its grantees will use NSP funds to purchase and redevelop abandoned or foreclosed upon homes or residential properties for housing individuals or families through rental and homeownership initiatives. As part of the citizen participation process under NSP, the State received public comment after publication of our plan. The majority of the comments were related to explaining NSP regulatory requirements and why we were or were not going to do certain activities. One comment did question why we would not increase our low income targeting of funds to 40% of our allocation rather than the mandated 25%. Another questioned why we would not be targeting our funds in higher opportunity areas to which we responded about the requirement of funding activities in areas of greatest need. The State required grant applicants under NCI to hold public hearings about their pending applications and activities.

Progress Toward National Objective Targets

National Objective	Target	Actual
NSP Only - LH - 25% Set-Aside	\$6,676,126.00	\$9,263,084.87

Overall Progress Narrative:

As of March 31, 2013 the State continues to work with our grantees to draw down funds. The State continues to monitor all grant activities. Staff will continue to correct addresses and beneficiary information in DRGR. Future beneficiary information will be listed upon confirmation through the monitoring process. Per conversation with HUD Field Office, Communities with Program Income activities will be added to DRGR once monitoring is complete. Some monitored program income was entered during this quarter.

Activity Description:

Funds will be used by the Housing Authority to acquire vacant, foreclosed properties to be used for participants in their Lease Purchase Program. Renters whose income does not exceed 50% of the AMI will have the option to purchase a home after participating in the program for a minimum of a year. Program participants will receive credit counseling, job training, homeownership counseling and other services through the agency's Family Self Sufficiency Program. Action plan updated in February 2011 to update tenure, housing type, environmental review status and performance measures. Funds totaling \$11,531.84 were reallocated to Washington County Transit Center on June 6, 2012.

Location Description:

Eligible Zip Code - 21740, Hagerstown, Washington County.

Activity Progress Narrative:

Underway.
