### Background

The National Housing Trust Fund (HTF) is a new affordable housing production program that will complement existing Federal, State and local efforts to increase and preserve the supply of decent,

safe and sanitary affordable housing for extremely low-income (ELI) and very low-income households (VLI). The HTF was established under Title I of the Housing and Economic Recovery Act of 2008, Section 1131 (Public law 110-289). Section 1131 of HERA amended the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (12 U.S.C. 4501 *et seq.*)(Act) to add a new section 1337, entitled "Affordable Housing Allocation" and a new section 1338, entitled "Housing Trust Fund."

HTF is a formula grant program, which is to be administered by States. On January 30, 2015, HUD published an Interim Program Rule (FR-5246-I-03). The interim rule provided the guidelines for States to implement HTF. The Department of Housing and Community Development (DHCD) is the entity that will administer the HTF for Maryland. Each year, HUD will allocate the amount made available for the HTF based on the formula established in the interim rule. On May 6, 2016 HUD announced that Maryland's allocation for 2016 is \$3,000,000 based on HUD's formula allocation procedures. Grantees are required to use at least eighty (80) percent of each annual grant for rental housing; up to ten (10) percent for homeownership housing; and up to ten (10) percent for administrative and planning costs. HTF funds may be used for the production of affordable permanent housing through the acquisition, new construction, reconstruction and/or rehabilitation of housing. All HTF-assisted rental housing must meet a minimum affordability period of 30 years. All HTF-assisted homeownership housing must meet the minimum affordability period of 10, 20, or 30 years based on the amount of HTF investment in the unit.

I encourage you to participate as we move forward in this process. We value your input and want to assure you that all feedback we receive is being taken into consideration as we formulate our 2016 HTF Allocation Plan.
