

## COMMUNITY SERVICE PROVIDERS

According to State Finance and Procurement Article §14-101 of the Annotated Code of Maryland, a Sheltered Workshop means an agency that is organized under the laws of the United States or the State. Certification is through the Wage and Hour Division of the United States Department of Labor. Accreditation is by the Division of Vocational Rehabilitation of the State Department of Education.

A Community Service Provider is operated in the interest of individuals who have a mental or physical disability, including blindness that constitutes a substantial handicap to employment and prevents the individual from engaging in normal competitive employment. The net income of a community service provider does not inure wholly or partly to the benefit of any shareholder or other individual.

State Finance and Procurement Article §14-103 mandates the State or a State aided or controlled entity shall buy supplies and services from a Community Service Provider if any given Community Service Provider provides the supplies or services and neither Maryland Correctional Enterprises nor Blind Industries and Services of Maryland provides the supplies and services. The State or State aided or controlled entity also must not be required by law to buy the supplies or services from any other unit of the State government. Community service providers may also offer their products and services to other political subdivisions, the federal government and on the open market.

As authorized in State Finance and Procurement Article §14-106, the Pricing Committee for Rehabilitation and Employment Programs (Committee) establishes the price of supplies and services at fair market. The Committee also establishes other criteria for contract award. For example, each community service provider must maintain a 75% to 25% ratio of individuals with disabilities to individuals without disabilities based on total hours of direct labor allocated to the contract. There are exceptions as approved by the Committee on an individual contract basis. The Committee on an individual contract basis allows subcontracting.

In accordance with State Finance and Procurement Article §14-108, the Secretary of General Services has designated Maryland Works, Inc. (MD Works) as the coordinating entity to facilitate the distribution of procurement contracts for supplies and services among community service providers. State or State aided or controlled entities are to contact MD Works, rather than directly contacting a community service provider. MD

Works may be contacted at:

10270 Old Columbia Road, Suite 100 Columbia, MD 21046 Telephone: (410) 381-8660 Fax: (410) 381-1558 email: [mwi@mdworks.com](mailto:mwi@mdworks.com) website: [www.mdworks.com](http://www.mdworks.com)
