**Progress Report.** 

**B.3** 

Provide a description of the PHA's progress in meeting its Mission and Goals described in its 5-Year PHA Plan.

#### Statement of Progress in Meeting the 5-Year Plan Mission and Goals

DHCD continues its efforts to expand the supply of assisted housing by maintaining maximum utilization of housing choice vouchers and leveraging private and public funds to create housing opportunities. Additionally, DHCD will continue with a goal to provide or attract supportive services to assist program participants in seeking employment and to increase independence for the elderly and families with disabilities. DHCD will also continue its efforts to increase customer satisfaction and conduct outreach to potential and participating owners.

#### **1.** PHA Goal: Expand available housing opportunities and continue its efforts to increase customer satisfaction and will conduct outreach to potential participating owners.

DHCD and its partners continue to provide comprehensive housing search services for families and property owners. Through the MDhousingsearch.org, an affordable housing database and available unit registry, owners may list available units and program participants may access listings of properties.

DHCD continues to expand it's efforts to increase customer satisfaction and recently launched a new landlord advisory committee. Additionally, DHCD continues to update the website to provide customer-friendly information on rental assistance and has expanded referrals to include various subsidized housing programs and social service agencies.

- Apply for additional rental vouchers should they become available. Since 2015, the Department has expanded • the Veterans Affairs Supportive Housing Voucher program from fifteen (15) vouchers to one hundred and eighty (225) through 2020. The Department plans to continue to apply for opportunities to expand the VASH program.
- Leverage additional resources through private or other public funds to create additional housing opportunities. •
- Explore ways to strategically expand housing in communities of opportunity and revitalization areas in parts of • the Eastern Shore and Western Maryland through the Project-Based program e.g. an RFP or the Departments competitive tax credit funding round.

# **2. PHA Goal: Improve the quality of assisted housing and continue to build partnerships with participating owners.**

DHCD in partnership with the Maryland Department of Health and Mental Hygiene and the Maryland Department of Disabilities applied for and received awards for \$10,917,383 of Section 811 Project Rental Assistance Demonstration funding to serve 150 individuals with disabilities. In March 2015, HUD announced the award of another round of Section 811 Project Rental Assistance funding. And on November 30, 2020, DHC was awarded an additional \$6.9 million dollars in connection with the Section 811 PRA. Additionally, DHCD applied for new 811 PRA funding in CY 24.DHCD continues to administer the Family Unification Program (FUP) in partnership with Public Child Welfare Agencies (PCWAs) which are responsible for referring FUP families and youths to the PHA for determination of eligibility for rental assistance.

As a part of our goal to improve the quality of assisted housing and build partnerships, DHCD released a RFP to projectbase 50 VASH vouchers. Funding was awarded to a project dedicated to housing Veterans and is projected to close in CY24. Additionally, the Department will continue to explore a regional and statewide project-based voucher concept to increase housing opportunities

Additional housing opportunities were created by financing affordable housing developments utilizing the Federal Low-Income Housing Tax Credit Program (LIHTC) and state-appropriated loan funds. Over the past three years, the Department has financed 12,500 units statewide.

- Improve voucher management, using the Section 8 Management Assessment Program (SEMAP) scores.
- Increase customer satisfaction.

#### 3. PHA Goal: Increase assisted housing choices.

During CY24, DHCD will work with local PHA's to establish a Statewide Rental Assistance Voucher Program to provide vouchers and housing assistance payments for low-income families that are on a Housing Choice Voucher Program waiting list until they are able to access a Housing Choice Voucher. Additionally, DHCD continues to provide mobility counseling at briefings to inform families of expanded housing choices. Provided new maps for assistance to families.

- Align program with market rate and other housing programs, continue to pilot and implement biennial Inspections (HCV) and other efficiencies. The Department will continue piloting biennial inspections for units that have passed two consecutive inspections. Random quality control inspections will continue to be performed. Other units will be inspected annually.
- Conduct outreach efforts to potential voucher landlords. Increase community engagement and involvement through stakeholder meetings focused on developing partnerships and increasing housing opportunities.
- Pilot prescreening application entry system to match applicants to appropriate programs/units based on eligibility criteria, to maximize utilization and increase efficiency.

## **4.** PHA Goal: Use housing as a platform to improve quality of life an promote self-sufficiency and asset development of assisted households

In CY24, DHCD will explore a range of permissive deductions related to HOTMA, including ways to explore increasing FSS participation, mobility and transportation incentives, deductions for service and emotional support animals and rightsizing inequitable policies related to child support.

- DHCD will continue to increase Family Self Sufficiency (FSS) program participation and leverage partnerships with the philanthropic and business sectors to connect participants to resources that improve their access to economic opportunities, such as jobs, transportation and affordable mortgages.
- DHCD will continue to encourage enrollment of FUP-eligible participants in the Family Self-Sufficiency (FSS) program includes targeted outreach, development of strategic service collaborations with educational institutions/community-based organizations to achieve core asset development and work advancement objectives, and perform extensive tracking of economic stability outcomes. In addition to the enhanced marketing and asset development, if approved, the PHA will expand the time FUP youth can receive housing assistance from 36 to 60 months for FUP youth participating in FSS.
