

EmPOWER LIEEP Notice 10-13-09

Issuance Date: 10/29/2013

RGGI Funding Guidance - SWCs

On June 4, 2013 a modification to each SWC's original contract was made to include SEIF/RGGI funding and MEAP funding. The initial purpose of this additional funding was to leverage EmPOWER cases. Effective immediately, the SEIF/RGGI allocation that each SWC received can be used exclusively for all weatherization services. Please refer to the modification and scope of work for restrictions and cost limitations.
