#### QUARTERLY REPORT PROVIDED PURSUANT TO SECURITIES AND EXCHANGE COMMISSION RULE 15c2-12

The following financial information is being provided by the Community Development Administration (the "Administration"), a unit of the Division of Development Finance of the Department of Housing and Community Development, a principal department of the State of Maryland (the "Department"). The information included in this disclosure is current as of March 31, 2025 and updates the Annual Report dated October 24, 2024 which was current as of June 30, 2024 for the Administration's Housing Revenue Bond Program. Reference is made to the Administration's official statement with respect to its Housing Revenue Bonds (the "Bonds"), the most recent of which is dated March 31, 2025 for its Housing Revenue Bonds, Series 2025 A and is herein referred to as the "Official Statement", for definitions of terms used herein, additional information about the Administration, the Department and their programs and the annual financial information contained therein.

In addition to the Annual Report provided pursuant to SEC Rule 15c2-12, the Administration currently provides quarterly updates to the annual Electronic Municipal Market Access ("EMMA") filing on a voluntary basis. The policy of voluntarily disseminating information is not a contractual obligation to anyone, and the Issuer may discontinue this practice at any time in its discretion without notice.

Questions concerning this release should be directed to Investor Relations at (301) 429-7897, or cdabonds\_mailbox.dhcd@maryland.gov.

#### Financial Statements of the Administration and the Maryland Housing Fund

The financial statements for the fiscal years ending June 30, 2024 and June 30, 2023 of the Housing Revenue Bonds of the Administration (the "Fund") have been audited by CliftonLarsonAllen LLP, as described in the Independent Auditor's Report of CliftonLarsonAllen LLP, accompanying the financial statements in Appendix A to this report. As indicated in the report of the auditors, such financial statements have been prepared in conformity with accounting principles and the audits conducted in accordance with auditing standards generally accepted in the United States. Unaudited financial statements for the Fund for nine months ending March 31, 2025 are also included in Appendix A.

The financial statements for the fiscal years ending June 30, 2024 and June 30, 2023 of the Maryland Housing Fund ("MHF") have been audited by CliftonLarsonAllen LLP, as described in the Independent Auditor's Report of CliftonLarsonAllen LLP, accompanying the financial statements in the Appendix E to this report. As indicated in the report of the auditors, such financial statements have been prepared in conformity with accounting principles and the audits conducted in accordance with auditing standards generally accepted in the United States. Unaudited financial statements for MHF for the nine months ending March 31, 2025 are also included in Appendix E.

MHF is a unit of the Division of Credit Assurance of the Department. MHF does not ensure the Bonds, and the assets of MHF are not available to the Administration or the Trustee to satisfy the obligations to the holders of the Bonds; however, MHF insures certain mortgage loans made from the proceeds of the Bonds and from other sources and is obligated to pay mortgage insurance claims to the extent of its contractual undertakings therefore. Reference is made to Appendix E "Certain Information Relating to the Maryland Housing Fund" and the Official Statement for further information about MHF.

#### THE PROGRAM

#### **Existing Portfolio**

Under the Bond Resolution, as of March 31, 2025, the Administration had outstanding (1) ninety-six Loans (as defined in the "Bond Resolution") for eighty Rental Housing Developments (excluding Group Home Loans) which had a total outstanding principal balance of \$570,069,248; and (2) thirty-six Group Home Loans having an outstanding principal balance of \$3,657,553.

The following table sets forth as of March 31, 2025 for each county of the State and Baltimore City, the number of Rental Housing Developments, units within such Rental Housing Developments, and, on an aggregate basis, the outstanding principal balance of loans. This table excludes Group Home Loans.

#### **Credit Enhancement of Rental Housing Loans**

As of March 31, 2025, the Loans financing rental housing developments ("Rental Housing Loans") were insured or credit enhanced as follows:

Insurer or Guarantor		Number of Loans	Number of Units	Percentage of Total Units Insured	Outstanding Loan Amount (1)	Percent of Outstanding Loan Amount
CASH COLLATER	RAL (5)	1	0	0.00%	229,590	0.04%

Tot	als: <sup>(4)</sup>	96	7,573	100.00%	\$570,069,248	100.00%

1 The "Outstanding Loan Amount" represents amortized principal balances and bond proceeds disbursed as of March 31, 2025.

2 These Loans are insured under the FHA Risk-Sharing Program. Under the program, upon payments of a claim by FHA, the Administration would be responsible for reimbursement to FHA of 25-50% of the claim, depending on the risk-sharing level (Level I reflects a 50/50 share betw een FHA and the Administration; Level II reflects a 75/25 share betw een FHA and the Administration, with FHA assuming 75% and the Administration 25% of the potential loss). The Administration expects to receive a payment from MHF in the amount of any payment made to FHA. For more information on the FHA Risk-Sharing Program please refer to Appendix G. For more information on these Developments please refer to Appendix C.

3 Hickory Ridge was financed, in part, with an uninsured cash flow Loan and with a senior Loan which is insured under the FHA Risk-Sharing Program. The unit count of Hickory Ridge is included in the unit count for the FHA Risk-Sharing Program.

4 Amounts and percentages may not total exactly due to rounding.

5 Loans in this category do not have Credit Enhancement. As consideration for a short term loan from the Administration for The Junction, the Borrow er will cause cash collateral to be deposited from time to time into a Collateral Subaccount securing the short term bonds (and other outstanding bonds under the Resolution) issued to fund the short term loan. As of March 31, 2025, the outstanding amount of such short term loan is \$229,590. The Junction w as also financed, in part, with a senior Loan w hich is insured under the GNMA Guaranty Program. As such, the unit count of The Junction is included in the unit count for the GNMA Guaranty Program.

6 N/A

<sup>7</sup> This category includes the Selborne House development, which was not financed by a Loan or a Series of Bonds but with the proceeds of the Administration's Multifamily Development Bonds (GNMA Collateralized-Selborne House Project), Series 1996A. The Administration previously redeemed the Selborne House Bonds and transferred the related GNMA to the Series 1996A Revenue Account of the Resolution, which is pledged to the holders of the Bonds.

#### Housing Subsidy Payments for Rental Housing Developments

As of March 31, 2025, the multi-family rental housing developments financed by Rental Housing Loans ("Developments") received federal housing subsidy payments under the USDA Rental Assistance, Section 8, Section 236 and Section 811 programs as follows:

Housing Su Progra	•	Numbers of Developments	Number of Units	Subsidized Units	Percentage of Units Subsidized	Outstanding Loan Amount	Percent of Outstanding Loan Amount
None		38	3,482	0	0.00%	\$279,519,645	49.03%
Section 8	(1)	25	2,884	2,025	70.17%	\$247,159,481	43.36%
Section 236		1	123	123	4.26%	\$1,664,465	0.29%
USDA		13	878	652	22.59%	\$29,112,785	5.11%
Section 811		2	137	19	0.66%	\$9,191,109	1.61%
Section 8, USD	A	1	69	67	2.32%	\$3,421,763	0.60%
	TOTALS: (2)	80	7,573	2,886	100.00%	\$570,069,248	100.00%

1 In general, the subsidies for these Developments have terms that will expire prior to the maturity date of the corresponding Loan; how ever the terms are generally renew able under the terms of the applicable assistance documents subject to federal appropriations. In addition, several developments have Section 8 contracts covering less than 100% of the units and some of the Section 8 units are project rental assistance contract (PRAC) units.

2 Amounts and percentages may not total exactly due to rounding.

#### **Group Home Loans**

In addition to the Rental Housing Loans described above, the Administration acquired or financed Loans with the proceeds of prior Series of Bonds for various group housing facilities for special needs populations, including developmentally disabled individuals ("Group Homes"):

Type of Development	Number of Loans	Number of Units (1)	Type of Credit Enhancement	No. of Loans Credit Enhanced	Percent of Total Units Credit Enhanced	Outstanding Loan Amount As of 03/31/2025
Group Homes	36	123	MHF	36	100.00%	3,657,553

Note:

(1) "Units" refers to number of individuals served.

For more information on delinquencies, see Table C-3

#### Certain Fund Balances of the Administration

During fiscal year 1997 the Administration adopted the provisions of GASB 31, a new accounting standard adopted by the Government Accounting Standards Board. This statement requires the financial statements of the Administration to reflect investments at fair value. Accordingly, the balances of the General Bond Reserve Fund and the Debt Service Reserve Fund, as reported at March 31, 2025, include investments at fair value. Reference should be made to the Official Statement for an explanation of the uses of each fund.

*Debt Service Reserve Fund.* As of March 31, 2025, the available balance in the Debt Service Reserve Fund was \$17,400,099 of which \$11,721,599 was cash equivalents. The fair value of investments was \$5,678,500 of which \$5,442,943 was the book value of investments and \$235,557 was the increase in fair value. The balance on deposit satisfies the Debt Service Reserve Requirement as of March 31, 2025.

*General Bond Reserve Fund.* As of March 31, 2025, the available balance in the General Bond Reserve Fund was \$40,642,983 of which \$12,998,844 was cash equivalents. The fair value of investments was \$27,644,139 of which \$27,678,524 was the book value of investments and \$34,385 was the decrease in fair value. The Administration may withdraw funds within the General Bond Reserve Fund, or may pledge such funds to specific obligations, at any time for any purposes under the Act.

On May 19, 1997, the Director of the Administration adopted a determination, approved by the Secretary, stating that it is the policy of the Administration to maintain a total amount of cash, Investment Obligations and loans under the Administration's special housing opportunities program for financing Group Homes (the "Available Balance") in the General Bond Reserve Fund, as of July 1 of each year, of not less than \$20,000,000. The Determination also provides that the Administration shall provide Moody's Investors Service with written notice: (i) if, as of July 1 of any year, the Available Balance in the General Bond Reserve Fund falls below \$20,000,000, such notice to be given no later than July 31 for unaudited amounts, and no later than December 31, for audited amounts; and (ii) of any event pursuant to which the administration places or causes to be placed any lien or restriction upon all of any part of the funds held in the General Bond Reserve Fund (other than liens established in connection with the payment of principal of or interest on any of the Administration's bonds from the General Bond Reserve Fund).

# Description of Loans and Developments Currently Financed or Expected to be Financed with the Proceeds of the Outstanding Series of Bonds

See Appendix C for certain information as of March 31, 2025, contained in Appendix D of the Official Statement.

#### **Stand-Alone Series**

The Administration's Housing Revenue Bonds, Series 2017 A and Series 2017 B (collectively, the "Non-Parity Bonds") each were issued on a stand-alone basis under the Bond Resolution pursuant to separate series resolutions (the "Non-Parity Series Resolutions"). The Non-Parity Bonds are not secured by the moneys, funds and accounts under the Bond Resolution pledged to Parity Bonds (as defined in the Bond Resolution). Likewise, the proceeds of Non-Parity Bonds and revenues pledged as security therefore do not constitute security for, or a source of payment of, any other Bonds issued under the Bond Resolution, including other Bonds issued on a stand-alone basis. Instead, each series of Non-Parity Bonds is separately secured solely by the proceeds and revenues pledged as security therefore under the Non-Parity Series Resolution governing such series.

#### **INDEPENDENT AUDITORS' REPORT**

Office of the Secretary Department of Housing and Community Development Lanham, Maryland

#### **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the financial statements of the Community Development Administration Housing Revenue Bonds (the Fund) of the Department of Housing and Community Development of the State of Maryland, as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fund, as of June 30, 2024 and 2023, and the changes in financial position, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Emphasis of Matter**

#### Financial Statement Presentation

As discussed in Note 1, the financial statements present only the financial position, the changes in financial position and cash flows of the Fund and do not purport to, and do not, present fairly the financial position of the Department of Housing and Community Development of the State of Maryland as of and for the years ended June 30, 2024 and 2023, and the changes in its net position and its cash flows, in conformity with accounting principles generally accepted in the United States of America. Our opinion on the basic financial statements is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### **Required Supplementary Information**

Management has elected to omit the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Supplemental Disclosure of Changes in Fair Value of Investments and Mortgage-Backed Securities but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2024, on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

#### NOTE 1 AUTHORIZING LEGISLATION AND PROGRAM DESCRIPTION

The Community Development Administration (CDA) was created in 1970 by Sections 266 DD-1 to 266 DD-8 of Article 41 (now in Sections 4-101 through 4-255 of the Housing and Community Development Article) of the Annotated Code of Maryland to meet the shortage of adequate, safe, and sanitary housing in the state of Maryland, particularly for persons or families of limited income. CDA is in the Division of Development Finance in the Department of Housing and Community Development (DHCD) of the State of Maryland.

The accompanying financial statements only include CDA's Housing Revenue Bonds (the Fund). CDA's other Funds are not included. The Fund was established to issue bonds to provide funds to finance or refinance loans for various types of housing. As of June 30, 2024 and 2023, Housing Revenue Bonds have primarily financed multi-family projects.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Presentation**

The Fund is accounted for as an enterprise fund. Accordingly, the accompanying financial statements have been prepared using the accrual method of accounting and on the basis of accounting principles generally accepted in the United States of America (U.S. GAAP).

#### **Basis of Accounting and Measurement Focus**

The basis of accounting for the Fund is determined by measurement focus. The flow of economic resources measurement focus and the accrual basis of accounting are used to account for the Fund. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. All assets and liabilities associated with the operation of the Fund are included on the Statements of Net Position. The Fund is required to follow all statements of the Governmental Accounting Standards Board (GASB).

#### **Generally Accepted Accounting Principles**

CDA reports its financial activities by applying Standards of Governmental Accounting and Financial Reporting as promulgated by GASB. Consequently, CDA applies all applicable GASB pronouncements.

In accordance with accounting guidance issued by GASB, net position should be reported as restricted when constraints placed on net position use is either: externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions or enabling legislation. Accordingly, the net position of the Fund is restricted as to its use as the net position is pledged to bondholders.

Since CDA is an enterprise fund included in the state of Maryland's Annual Comprehensive Financial Report, a separate Management's Discussion and Analysis is not included in these financial statements.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Cash and Cash Equivalents on Deposit**

Cash equivalents may include money market funds, repurchase agreements, investment agreements and any other investments, primarily obligations of the U.S. Treasury and U.S. government agencies, which have maturities of 90 or less days at the time of purchase. As of June 30, 2024, all of the Fund's cash equivalents were invested in a money market mutual fund. As of June 30, 2023, all of the Fund's cash equivalents were invested in a money market mutual fund and U.S. Treasury Bills. Cash equivalents are fully described in Note 3.

#### **Investments**

Investments are principally governmental debt securities or investment agreements collateralized by governmental debt securities. Debt securities are stated at fair value, based on quoted market prices. Investments are classified as current or long-term based on the maturity date or call date, with the exception of State Housing Finance Agency (HFA) Variable Rate Demand Obligations (VRDO) which are short-term (7-day) instruments that can be tendered at 7 days' notice. Callable investments are classified as current, if exercise of the call within the next fiscal year is probable. Investments are more fully described in Note 3.

#### Mortgage-Backed Securities

These guaranteed securities are issued in connection with mortgage loans on multi-family projects. They are stated at fair value, based on quoted market prices. Mortgage-backed securities are more fully described in Note 3.

#### Mortgage Loans

Mortgage loans are carried at their unpaid principal balances, net of allowance for loan losses. Loan fees are recognized as revenue in the period received. See Notes 4 and 12 for additional information on mortgage loans and mortgage insurance, respectively.

#### Allowance for Loan Losses

Substantially all of the mortgage loans of the Fund are insured or guaranteed. Less than 1% of the loan portfolio is uninsured and CDA has established an allowance for loan losses on these loans. Management believes the allowance established is adequate based on prior experience and evaluations from DHCD's asset management group. See Notes 4 and 12 for additional information.

#### Accrued Interest and Other Receivables

Accrued interest and other receivables include interest on loans and investments. On insured multifamily mortgage loans that are in default, CDA continues to accrue interest until receipt of a mortgage insurance claim. See Note 5 for additional information.

#### **Bonds Payable**

Bonds payable are carried at their unpaid principal balances. However, in an economic refunding, any costs incurred from the refunding of bonds would be reported as deferred outflows or inflows of resources on the Statements of Net Position. See Notes 6, 7, 8, and 10 for more information.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Deposits by Borrowers**

This account consists of escrows and reserves held by CDA on behalf of multi-family housing developments. CDA invests these deposits and, for reserves, allows earnings to accrue to the benefit of the mortgagor. Escrows represent amounts held by CDA for mortgage insurance and hazard insurance premiums and real estate taxes, all of which are generally paid annually and which are classified as a current liability. Based on the current year's reserve disbursements, CDA has estimated the current reserve liability. The balance of the reserves is classified as long-term. CDA has set up other escrows for construction interest which are classified based on loan interest due as to whether it is a current or long-term liability. See Note 10 for further information on changes in long-term obligations.

#### **Rebate Liability on Investments**

Regulations governing the issuance of tax-exempt debt place limitations on permitted investment yield on borrowed funds. Based on these regulations, CDA is required to periodically rebate excess earning from investments to the United States Treasury. In addition, the liability may also include an estimate of the rebate obligation related to unrealized gains as a result of recording investments at fair value. Rebate liability is more fully described in Note 9.

#### **Mortgage Yield Limitations**

All mortgage loans are subject to yield limitations under the Internal Revenue Code (IRC) in order for the associated bonds to maintain their tax-exempt status. At the time of bond issuance and over the term of the bonds, CDA determines and maintains compliance with the permitted mortgage yield on the loans. In certain bond refunding transactions, CDA transfers loans from prior series of bonds to the refunding series. CDA monitors the yield on these transferred loans to ensure that the composite yield over the term of the bonds is within the yield limitations of the IRC. If at any time the composite yields on the transferred loans are out of compliance with the IRC, CDA has certain remedies available to bring the yield into compliance. As of June 30, 2024 and 2023, all mortgage loan yields were in compliance with the IRC.

#### Interest on Mortgage Loans and Mortgage-Backed Securities

Interest on mortgage loans and mortgage-backed securities is calculated using the effective interest method.

#### Fee Income

CDA receives multi-family financing fees at loan origination. These fees are recognized as revenue in the period received as fee income.

#### **NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### **Administrative Support**

In addition to expenses incurred directly by the Fund, CDA receives certain support services from other divisions of DHCD. Support services and the operating expenses of CDA have been allocated to CDA's General Bond Reserve Fund and reported in the financial statements of CDA's Revenue Obligation Funds. The General Bond Reserve Fund records these expenses as invoiced by DHCD for the fiscal year.

The employees of CDA are covered by the Maryland State Retirement and Pension System. See Note 13 for additional information.

#### **Revenue and Expenses**

CDA distinguishes operating revenue and expenses from nonoperating items in accordance with accounting guidance issued by GASB. Operating revenue and expenses are identified as those activities that are directly related to financing affordable housing in the state of Maryland. The Fund's activities are considered to be operating except for increases and decreases in the fair value of mortgage-backed securities that are held within the portfolio.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenses, gains, and losses during the reporting period. Actual results could differ from these estimates.

# NOTE 3 CASH, CASH EQUIVALENTS, INVESTMENTS, AND MORTGAGE-BACKED SECURITIES

Bond proceeds and revenues from mortgages, mortgage-backed securities, and investments are invested in authorized investments as defined in the Housing Revenue Bond Resolution (the Resolution) and in CDA's Investment Policy until required for purchasing mortgage-backed securities or originating mortgage loans, funding reserves, paying bond debt service or redeeming outstanding bonds, and funding program expenses. Authorized investments include State Housing Finance Agency (HFA) Variable Rate Demand Obligations (VRDO), obligations of the U.S. Treasury, U.S. government agencies, repurchase agreements, investment agreements, money market funds, and certificates of deposit.

# NOTE 3 CASH, CASH EQUIVALENTS, INVESTMENTS, AND MORTGAGE-BACKED SECURITIES (CONTINUED)

The following assets, reported at fair value and held by the Fund as of June 30, 2024 and 2023, are evaluated in accordance with GASB accounting guidance for interest rate risk, credit risk, concentration of credit risk and custodial credit risk.

Assets	 2024	2023		
Cash and Cash Equivalents: BlackRock Liquidity FedFund Administration Shares U.S. Treasury Securities (U.S. Treasury Bills)	\$ 144,680	\$	112,091 4,244	
Investments: U.S. Treasury Securities	5,723		5,783	
Mortgage-Backed Securities: GNMA Mortgage-Backed Securities	 22,334		29,318	
Total	\$ 172,737	\$	151,436	

#### **Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses from rising interest rates, CDA's Investment Policy requires that the maturities of the investment portfolio are scheduled to meet the cash requirements for bond debt service, projected loan originations and ongoing operations.

As of June 30, 2024, the amortized cost, fair value, and maturities for these assets were as follows:

			_		Ma	uturities	(in Yea	ars)			
Asset	Amortized Cost	Fair Value	Less Than 1	1-5		6 - 10 11 - 15				More 'han 15	
BlackRock Liquidity FedFund Administration Shares	\$ 144,680	\$ 144,680	\$ 144,680	\$	-	\$	-	\$	-	\$	-

#### Interest Rate Risk (continued)

As of June 30, 2023, the amortized cost, fair value, and maturities for these assets were as follows:

					Ma	turities	(in Ye	ars)			
Asset	Amortized Cost	Fair Value	Less Than 1		1-5	6 -	10	11	- 15		More han 15
BlackRock Liquidity FedFund Administration Shares	\$ 112,091	\$ 112,091	\$ 112.091	\$	-	\$	_	\$	-	\$	-

Total	\$ 152,371	\$ 151,436	\$ 116,335	\$	5,783	\$	-	\$	-	\$	29,318

The BlackRock Liquidity FedFund Administration Shares invests primarily in cash, U.S. Treasury bills, notes, and other obligations issued or guaranteed as to principal and interest by the U.S. government, its agencies or instrumentalities, and repurchase agreements secured by such obligations or cash. It is operated in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended. It can reasonably be expected to have a fair value that will be unaffected by interest rate changes because the interest rates are variable and the principal can be recovered on demand. As noted above, as of June 30, 2024 and 2023, the cost of the money market mutual fund approximated fair value.

#### Credit Risk and Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Neither CDA's Investment Policy nor the Resolution requires investment agreements or deposits to be collateralized. CDA's Investment Policy places no limit on the amount that CDA may invest in any one issuer or counterparty. According to the Resolution and CDA's Investment Policy, securities must be at a rating no lower than the rating on the bonds or, if an investment maintains only a short-term rating, a rating not less than F1/P-1; and financial institutions who are a counterparty to CDA in investment agreements must be rated at least comparable to the existing rating on CDA bonds unless counterparty ratings lower than the bond ratings are permitted and do not affect the ratings on the bonds. In addition, certain investment and repurchase agreements require counterparty ratings were at least equal to the ratings on the Fund's bonds. As of June 30, 2024 and 2023, all counterparty ratings on Housing Revenue Bonds were Aa2 by Moody's Investors Service and AA+ by Fitch Ratings. The following tables provide credit quality rating information for the investment portfolio and individual issuers, if they represent 5% or more of total investments in accordance with accounting guidance issued by GASB.

# NOTE 3 CASH, CASH EQUIVALENTS, INVESTMENTS, AND MORTGAGE-BACKED SECURITIES (CONTINUED)

#### Credit Risk and Concentration of Credit Risk (continued)

As of June 30, 2024, credit ratings and allocation by type of investments for the following assets were:

Asset	Fair Value	Percentage of Total Investments	Money Market Fund Rating	Securities Credit Rating	Rating Agency
BlackRock Liquidity FedFund Administration Shares	\$ 144,68	0 83.76%	Aaa-mf		Moody's
Government National Mortgage Association (GNMA) Mortgage-Backed Securities	22,334	4 12.93%		Direct U.S. Obligations	

As of June 30, 2023, credit ratings and allocation by type of investments for the following assets were:

Asset	Fair Value	Percentage of Total Investments	Money Market Fund Rating	Securities Credit Rating	Rating Agency
BlackRock Liquidity FedFund Administration Shares	\$ 112,091	74.02%	Aaa-mf		Moody's
Government National Mortgage Association (GNMA) Mortgage-Backed Securities	29,318	19.36%		Direct U.S. Obligations	
U.S. Treasury Securities	10,027	6.62%		Direct U.S. Obligations	

#### **Mortgage-Backed Securities**

All mortgage-backed securities held by the Fund are guaranteed by the Government National Mortgage Association (GNMA), an instrumentality of the United States Government. GNMA securities are "fully modified pass-through" mortgage-backed securities which require monthly payments by a Federal Housing Administration (FHA) lender, as the issuer of the guaranteed security to CDA. GNMA guarantees timely payment of principal and interest on Guaranteed Securities.

# NOTE 3 CASH, CASH EQUIVALENTS, INVESTMENTS, AND MORTGAGE-BACKED SECURITIES (CONTINUED)

#### **Custodial Credit Risk**

Custodial credit risk is the risk that in the event of a bank or counterparty failure, CDA will not be able to recover its deposits or the value of its collateral securities that are in the possession of an outside party. As of June 30, 2024 and 2023, the Fund's investments were not subject to custodial credit risk under accounting guidance issued by GASB. CDA's investments and collateralized securities are held in trust by the trustee or the trustee's agent, kept separate from the assets of the bank and from other trust accounts and are held in CDA's name.

#### Fair Value Measurements

CDA categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted market prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The Fund has the following recurring fair value measurements as of June 30, 2024 and 2023:

- U.S. Treasury Securities of \$5,723 and \$10,027, respectively, are valued using quoted market prices (Level 1).
- GNMA mortgage-backed securities of \$22,334 and \$29,318, respectively, are valued using the matrix pricing technique (Level 2).

#### NOTE 4 MORTGAGE LOANS

All multi-family mortgage loans are secured by first liens on the related property and approximately 99% of the outstanding loan amounts are insured or credit enhanced by the Federal Housing Administration (FHA), Maryland Housing Fund (MHF), Federal National Mortgage Association (FNMA), GNMA, or bank letters of credit. As of June 30, 2024 and 2023, interest rates on such loans range from 2.62% to 6.99% and 0.88% to 6.99%, respectively, with remaining loan terms ranging from less than 1 year to 40 years. For the years ended June 30, 2024 and 2023, an allowance for loan losses in the amount of \$9 and \$32, respectively, has been established for uninsured loans.

#### NOTE 5 ACCRUED INTEREST AND OTHER RECEIVABLES

Accrued interest and other receivables as of June 30, 2024 and 2023 were as follows:

	2024		2023	
Accrued Mortgage Loan Interest	\$	1,638	\$	1,465
Accrued Mortgage-Backed Securities Interest		87		121
Accrued Investment Interest		514		391
Prepaid expenses		-		48
Negative Arbitrage Due from Mortgagors		4		13
Total	\$	2,243	\$	2,038

#### NOTE 6 BONDS PAYABLE

The bonds issued by CDA are special obligations of CDA and are payable from the revenue and special funds of the Resolution. These bonds do not constitute debt of and are not guaranteed by the state of Maryland or any other program of the state of Maryland or any political subdivision.

The provisions of the Resolution require or allow for the special redemption of bonds at par through the use of unexpended bond proceeds and excess funds accumulated primarily through prepayment of mortgage loans. All outstanding bonds are subject to optional redemption, in whole or in part at any time, after certain dates, as specified in the respective series resolutions, at a redemption price equal to the principal amount thereof to be redeemed. When bonds are redeemed, whether as a special or optional redemption, CDA writes off a proportionate share of any unamortized original issue premiums, net of any unamortized original issue discounts, as a gain on early retirement of debt in the accompanying Statements of Revenue, Expenses, and Changes in Net Position. If unamortized original issue discounts exceed unamortized original issue premiums, CDA records a loss. The Fund's bonds are tax-exempt and have fixed rates, except Series 2013 E which is a taxable, variable rate issue. The variable rate is set weekly by a remarketing agent so that the market value of the bonds is as close as possible to 100% of the principal amount of the bonds. In no event will these variable rate bonds bear interest at a rate in excess of 12%.

2064 - 2065	 100		2,260	
Total	\$ 340,121	\$	463,126	

The interest calculations on outstanding variable rate bonds in the amount of \$25,800 and \$41,795, respectively, are based on the variable rate in effect on June 30, 2024 and 2023, and are not indicative of the actual interest expense that will be incurred in future years. As rates vary, variable rate bond interest payments will vary.

#### **NOTE 8 BOND REFUNDINGS**

For current refundings of debt in an optional redemption, CDA replaces previously issued bonds for the purpose of lowering debt costs by reducing interest rates or for other purposes such as revising payment schedules or modifying restrictions related to the old debt. This type of transaction is commonly known as an economic refunding. There were no bond refundings for the years ended June 30, 2024 and 2023.

#### NOTE 9 REBATE LIABILITY

In accordance with the Internal Revenue Code (IRC), the Fund has recorded a rebate liability for excess investment earnings in tax-exempt bond and note issues. The excess investment earnings arise due to actual investment yields earned by the Fund being greater than yields permitted to be retained by the Fund under the IRC. The IRC requires 90% of such excess investment earnings to be remitted to the United States Treasury every five years and in full at the final redemption of the bonds. Interest income on the Statements of Revenue, Expenses, and Changes in Net Position is reduced by the rebate liability due to excess investment earnings. For the years ended June 30, 2024 and 2023, the rebate liability was \$310 and \$370, respectively.

Total Long-Term Deposits by Borrowers	 32,687	 27,179
Total Long-Term Liabilities	\$ 516,371	\$ 464,042

#### NOTE 11 INTERFUND ACTIVITY

In accordance with the Resolution, net position in the Fund is restricted and pledged to bondholders. However, restricted assets may be transferred to other Funds, subject to the provisions of the Resolution. Generally, an officer of CDA must authorize such withdrawals and a cash flow analysis must demonstrate that sufficient monies remain in the Resolution to meet the obligations of the Fund in current and future years.

During the years ended June 30, 2024 and 2023, the Fund transferred the following amounts, as permitted, among Funds:

	 2024	 2023
Excess Revenue Transferred to the General		
Bond Reserve Fund	\$ (1,000)	\$ (1,000)

#### NOTE 12 MORTGAGE INSURANCE

Approximately 99% of the Fund's outstanding loan amounts are insured or credit enhanced as described in Note 4.

Multi-family mortgagors pay premiums for mortgage insurance and insurance coverage is 100% of the unpaid principal balance of the loan.

#### NOTE 13 PENSION AND OTHER POSTRETIREMENT BENEFITS

Eligible employees of CDA and employees of the state of Maryland are covered under the retirement plans of the State Retirement and Pension System of Maryland (the System) and are also entitled to certain healthcare benefits upon retirement. CDA's only obligation for retirement and postemployment benefits is its required annual contribution, which was paid in full by CDA to the state of Maryland prior to year-end. The liability for the employees is recorded by the general fund of the state of Maryland and is not allocated to CDA. The System prepares a separate audited Annual Comprehensive Financial Report which can be obtained from the State Retirement and Pension System of Maryland, 120 East Baltimore Street, Baltimore, Maryland 21202 or by visiting the website at www.sra.maryland.gov.

#### NOTE 14 SUBSEQUENT EVENTS

.

Subsequent to the year ended June 30, 2024, CDA issued \$40,890 of Series 2024 B and \$1,565 of Series 2024 C Housing Revenue Bonds on July 10, 2024 and \$58,205 of Series 2024 D Housing Revenue Bonds on September 17, 2024.

## Community Development Administration Housing Revenue Bonds

## Notes to Unaudited Interim Financial Statements (in thousands)

March 31, 2025

#### 1. Basis of Presentation:

In the opinion of management, the accompanying interim financial statements of the Community Development Administration (CDA) Housing Revenue Bonds present fairly the financial position at March 31, 2025 and the results of its operations for the nine months ended March 31, 2025 and March 31, 2024. These interim financial statements include all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the financial position and results of operations. The March 31, 2025 financial statements are unaudited, and certain information and footnote disclosures normally included in the annual financial statements have been omitted. Readers of these statements should refer to the financial statements and notes thereto as of June 30, 2024 and for the year then ended, which have been included elsewhere in this disclosure. The results of operations presented in the accompanying financial statements are not necessarily representative of operations for the entire year.

#### 2. Investments and Mortgage-backed Securities:

In accordance with GASB Statement No. 31, CDA reflects investments and mortgage-backed securities at fair value.

#### Investments

As of March 31, 2025, the fair value of investments was \$7,244 of which \$7,009 was the cost of these investments and \$235 was the cumulative increase in fair value. For the nine months ended March 31, 2025, the fair value of investments decreased by \$41.

#### **Mortgage-backed Securities**

As of March 31, 2025, the fair value of mortgage-backed securities was \$30,116 of which \$30,431 was the cost of these mortgage-backed securities and \$315 was the cumulative decrease in fair value. For the nine months ended March 31, 2025, the fair value of mortgage-backed securities increased by \$1,028.

#### 3. Mortgage-backed Securities and Mortgage Loans:

During the nine months ended March 31, 2025, CDA purchased mortgage-backed securities and multi-family mortgage loans in the amount of \$7,082 and \$107,472, respectively.

#### 4. Bonds Payable:

On July 10, 2024, CDA issued \$42,455 of Housing Revenue Bonds Series 2024 BC with interest rates from 3.35% to 4.85% and maturity dates from February 1, 2026 to January 1, 2068.

On September 17, 2024, CDA issued \$58,205 of Housing Revenue Bonds Series 2024 D with interest rates from 3.10% to 4.75% and maturity dates from April 1, 2026 to January 1, 2067.

- 1 Amounts and percentages may not total exactly due to the rounding.
- 2 Generally, as of March 31, 2025.
- 3 The Inspection Rating is based on the most recent rating available to the Administration as of March 31, 2025 and reflects the evaluation by the Department's Asset Management Group of the Development's physical condition, management practices and compliance with regulations and loan documents. The projects rated "Pending" are yet to receive their first inspection, while the projects rated "Under Const." are in the process of being leased up and would not require inspection.
- 4 Includes original and all renewal terms. Section 236 contract terms are coterminous with applicable Loan term. For the term of the USDA subsidy there is an allocated dollar amount provided to the Project that is designed to assist the tenants with rental payments. Refer to Appendix G for additional information.
- 5 Figures may include non-revenue manager-occupied units.
- 6 The interest rate received by the Administration on the related Guaranteed Securities GNMA or FNMA loans is 0.25% less than the interest rate shown in the chart because the GNMA or FNMA Servicer deducts and retains a fee in that amount.
- 7 For loans enhanced by FNMA or GNMA, the Reserve for Replacement Accounts are held by the lender.
- 8 Section 8 subsidy for some or all of the units in this Development is being provided under the Rental Assistance Demonstration Program (RAD). See Official Statement, Appendix G "Federal Housing Section 8 Program".
- 9 Refer to Table C-3,"Letter of Credit" chart.
- 10 The Bonds issued to finance this Development are stand-alone, non-parity Bonds under the Bond Resolution secured solely by the trust estate pledged under the applicable series resolution and not from revenues or other amounts pledged to Parity Bonds.
- 11 These developments are in construction or lease-up, therefore occupancy reports and/or inspection ratings may not be available at this time. These loans may have negative arbitrage backed by a standby letter of credit, please see the Official Statement for additional information.

12 N/A

- 13 No Series of Bonds financed the Selborne House development. The Selborne House development was financed with the proceeds of the Administration's Multifamily Development Revenue Bonds (GNMA Collateralized-Selborne House Project), Series 1999A. The Administration previously redeemed the Selborne House Bonds and transferred the related GNMA to the Series 1996A Revenue Account of the Resolution, which is pledged to the holders of the Bonds.
- 14 These developments are expected to enter into a project rental assistance contract ("PRAC") with HUD. Shortly after completion of the Development, the PRAC-assisted units are expected to convert to RAD Section 8 assistance.
- 15 Insured under the FHA Risk Sharing program. See Official Statement, Appendix G "MORTGAGE INSURANCE AND GUARANTEE PROGRAMS FHA RISK SHARING PROGRAM".

16 On December 17, 2020, the Hickory Ridge Apts. II loan was modified from a cash flow loan to an amortizing, subordinate loan with a 40-year term.

- 20 This loan was originally issued under Housing Revenue Bond 1996 A. In May, 2018, a portion of Housing Revenue Bonds, Series 2018 A proceeds were used to fully refund the Administration's Housing Revenue Bonds, Series 1996 A. This project was transferred to Housing Revenue Bonds, Series 2018 A.
- 21 The principal balance of the permanent Loan for this Development is structured to amortize over the Original Loan Term set forth in this table, subject to an early, lump-sum balloon payment. Currently, balloon payment maturity dates for applicable Loans are 17 years from the beginning of the Original Loan Term.
- 22 These loans are insured under the FHA Risk-Sharing Program, utilizing a 75/25 share structure in which FHA assumes 75% of the potential loss and MHF assumes the remaining 25% share. All other loans designated as holding "RISK SHARE" credit enhancement utilize the 50/50 share structure.
- 23 The interest rate received by the Administration is 1.04% less than the interest rate in the Note reported in this chart. The servicer retains 1.04% for servicing and credit enhancement fees.

## **INDEPENDENT AUDITORS' REPORT**

Office of the Secretary Department of Housing and Community Development Lanham, Maryland

## **Report on the Audit of the Financial Statements**

## Opinions

We have audited the statements of the Maryland Housing Fund (MHF) of the Department of Housing and Community Development of the State of Maryland, as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the MHF's basic financial as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fund, as of June 30, 2024 and 2023, and the changes in financial position, and, its, cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinions**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Department of Housing and Community Development and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Emphasis of Matter**

## Financial Statement Presentation

As discussed in Note 1, the financial statements present only the financial position, changes in financial position, and cash flows of MHF and do not purport to, and do not, present fairly the financial position of the Department of Housing and Community Development of the State of Maryland as of June 30, 2024 and 2023, and the changes in its net position and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion on the basic financial statements was not modified with respect to this matter.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Department of Housing and Community Development's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Office of the Secretary Department of Housing and Community Development

#### **Required Supplementary Information**

Management has elected to omit the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### NOTE 1 PROGRAM DESCRIPTION

The Maryland Housing Fund (MHF) was established in 1971 by Section 3-201 through 3-208 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended, to encourage the flow of private investment capital into multiple-unit and Single Family housing by insuring qualified lending institutions against losses on mortgage loans. MHF is authorized to insure mortgage loans, including mortgage loans for Multi-Family developments financed by public agencies such as the Community Development Administration (CDA), a governmental unit within the Division of Development Finance of the Department of Housing and Community Development (DHCD) and to provide primary insurance for Single Family mortgage loans, Legislation enacted in 2016 expanded MHF's authority to insure business loans originated by qualified lending institutions. MHF insures against certain monetary losses incurred as a result of nonpayment of principal, interest or other sums agreed to be paid and certain other events of default under the terms of any insured mortgage loan, but does not insure against property losses, including without limitation, title risk, risks of defective construction or casualty, or any other reduction in project value due to insurable risk or force majeure, casualty or title loss. Legislation enacted in 1981 enables MHF to originate mortgage loans to assist in the disposal of property acquired through foreclosure or pursuant to any other payment in settlement of a claim or loss, MHF is a governmental unit within DHCD's Division of Credit Assurance.

MHF maintains six restricted insurance reserves, which are separate from MHF's operating funds. Five of the reserves cover specific categories of insurance; the Multi-Family Reserve, the Single Family Regular Program Reserve, the Revitalization Reserve (formerly known as the PILOT program insurance reserve), the Business Reserve, and the General Reserve. The investment earnings on each of the five specific reserves are credited to a sixth reserve, the Unallocated Reserve. The Unallocated Reserve may be allocated and transferred by the Secretary into each of the reserves, restricted by the Secretary as a reserve to pay claims on all categories of claims, applied by MHF as payment of a claim, or retained in the Unallocated Reserve pending allocation, transfer, or restriction. Investment earnings on each of the six reserves are credited to the Unallocated Reserve. In 2008, legislation was passed pursuant to Senate Bill 983 requiring MHF to transfer from the Unallocated Reserve to DHCD's Homeownership Programs Fund, Rental Housing Programs Fund, and Special Loan Programs Fund all amounts in excess of \$10,000,000 at the end of each fiscal year. These transfers can be found in Note 8 of this document.

The MHF statute provides that any moneys of MHF that DHCD creates as an identifiable insurance reserve may be used only in conformance with the terms and conditions creating that reserve. MHF regulations provide that each reserve is maintained to pay claims arising from its respective category of insurance and may not be subject to claims arising from other categories of insurance except for the Unallocated Reserve.

MHF's reserve funds are derived from the net proceeds of five issues of the State of Maryland (State) general obligation bonds aggregating \$39,300,000 and \$7,500,000 in proceeds derived from State appropriations. In addition, the funds have earned investment income and paid claims. The unrestricted accumulated deficit reflects MHF's operations since inception less interest income. The reserves are held by the Office of the Treasurer of the State, which credits MHF with income on investment of reserves for the benefit of MHF.

#### NOTE 1 PROGRAM DESCRIPTION (CONTINUED)

The Multi-Family Reserve supports several programs. All existing Multi-Family insurance insures projects financed by CDA's revenue bonds. These programs include:

- Regular Multi-Family Program fully insures permanent mortgages originated prior to 1997 that were funded by CDA and the Housing Opportunities Commission of Montgomery County. These loans were paid in full during FY2021.
- Risk-Share Program insures both construction and permanent mortgages financed with CDA bond proceeds with credit enhancement under the Federal Housing Administration (FHA) Risk Sharing Program. As a Level I participant under the FHA Risk-Sharing Program, upon payment of a claim by FHA, CDA is responsible for reimbursing FHA up to 50% of such claim. As a Level II participant under the FHA Risk-Sharing Program, upon payment of a claim by FHA, CDA is responsible for reimbursing FHA up to 25% of such claim. MHF then reimburses CDA for its share of such losses. This is an active multi-family program.
- Special Housing Opportunity Program (SHOP) insures mortgages financed or refinanced for the acquisition, construction or rehabilitation of shared living and related facilities for the special needs population which are owned by and sponsored by nonprofit organizations. This is an active multi-family program.
- MHF Demonstration Program Effective December 9, 2014, MHF and CDA created a • demonstration program (the "MHF Demonstration Program") whereby MHF insures short term loans ("Short Term Loans") financed with proceeds from the sale of short term bonds ("Short Term Bonds") issued under CDA's multi-family Housing Revenue Bond Resolution ("HRB"). The MHF Demonstration Program is an additional cost-effective option extended to borrowers for the provision of credit enhancement for Short Term Loans financed under HRB. Eligibility for the MHF Demonstration Program is limited to projects that: (i) need to use more than 25% of its projected tax credit equity to cash collateralize a letter of credit ("LOC") that otherwise would be delivered to secure Short Term Bonds during construction, and (ii) where the amount of the Short Term Loan (which equals the amount of the cash collateral account that would be required by a LOC provider) is greater than 25% of the projected tax credit equity. No borrower, including all related entities, may have Short Term Loans insured under the MHF Demonstration Program at any one time in excess of \$5 million. In addition, 25% of the projected amount of tax credit equity to be generated by a project must be contributed to the project at the closing of the Short Term Loan. MHF's obligations under the MHF Demonstration Program are backed only by MHF's Unallocated Reserve. The aggregate amount of outstanding indebtedness to be insured under the MHF Demonstration Program may not exceed \$10 million from MHF's Unallocated Reserve at any given time. There are no loans currently insured under this program.

#### NOTE 1 PROGRAM DESCRIPTION (CONTINUED)

The Single-Family Regular Reserve insures mortgages funded by private Maryland lending institutions and CDA. These programs include:

- Single-Family Regular Insurance Program consists of mortgages originated prior to 1997. These mortgages may have had primary insurance (MHF is liable for the top 25% of the original mortgage) and/or pool insurance (MHF is liable for the bottom 75% of the original mortgage). Pool insurance coverage was limited to 10% of lendable proceeds for the aggregate of revenue bond issues (stop-loss). Effective August 1, 2010, MHF was released from any obligation to provide the pool insurance on these loans. MHF continues to provide primary insurance on these loans.
- Mortgage Protection Program consists of 30 and 40 year mortgages originated after 2005, funded with CDA bond proceeds with insurance coverage only for the top 35% of the original mortgage and up to six months of mortgage payments (limited to no more than \$2,000 per month). These mortgages maintain a fixed rate of interest for the full loan term and allow borrowers to finance a one-time mortgage insurance premium as part of the mortgage, thereby requiring no additional outlay of cash by the borrower at the closing, resulting in a lower monthly mortgage payment. MHF no longer issues new insurance under this program.
- Reinsurance Program commenced in 2011 and consists of mortgages originated between 2005 and 2010 funded with CDA bond proceeds which had mortgage insurance only for the top 35% of the original mortgage. Under the program, CDA paid a monthly premium for MHF to insure 50% of any losses incurred by CDA on the uninsured 65% of the original mortgage up to \$12.5 million. The program was set to terminate on the earliest date of MHF reaching \$12.5 million in net losses or December 31, 2020. All claims are paid from the Single Family Regular Insurance Reserve. The program terminated in May of 2014 when MHF had paid \$12.5 million in net losses.

The Revitalization (Pilot) Reserve insures mortgages funded through CDA and private Maryland lenders for up to 100% of the mortgage balance.

- The program stimulates the flow of private mortgage capital into areas which have suffered decreasing home ownership and associated economic and social instability. These mortgages originated prior to 2005. The last of the loans in this program was paid off during FY2021.
- The Healthy Neighborhood Program provides credit enhancement to a loan program sponsored by a nonprofit corporation, which is intended to stabilize and strengthen property values in targeted areas in the City of Baltimore. MHF insures less than 3% of the outstanding loan balance under this program.

## NOTE 1 PROGRAM DESCRIPTION (CONTINUED)

Small Business Insurance Reserve

• Business Loan Program provides insurance coverage and credit enhancement on loans originated by CDA or other eligible lenders to stimulate the flow of private capital to fund business projects located in publicly designated renewal or redevelopment areas. There are currently no loans insured under this program.

General Reserve

• The General Insurance Reserve provides 35% insurance on certain CDA single-family mortgages as an incentive to refinance or restructure loans for Maryland borrowers with an existing CDA loan. MHF continues to maintain active mortgages but no longer issues new commitments under this program.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Relationship with the State**

MHF is one of many programs administered by DHCD and the State. Other State agencies, such as the Department of Budget and Management, support DHCD by providing services for DHCD and thus allocate a portion of their expenses to DHCD. MHF has no direct employees and is entirely supported by staff at DHCD to perform all necessary functions of MHF. Thus, MHF's accompanying financial statements are not indicative of MHF as if it were a stand-alone entity. MHF is included in the enterprise funds of the State.

#### **Generally Accepted Accounting Principles**

MHF reports its financial activities by applying Standards of Governmental Accounting and Financial Reporting as promulgated by the Governmental Accounting Standards Board (GASB). Consequently, MHF applies all applicable GASB pronouncements.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, and losses during the reporting periods. Actual results could differ from these estimates.

## Cash and Cash Equivalents on Deposit

Cash and cash equivalents may include money market funds, repurchase agreements, investment agreements and any other investments, primarily obligations of the U.S. Treasury and U.S. Government Agencies, which have maturities of 90 or less days at the time of purchase.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Investments**

The investment was a U.S. government treasury zero-coupon bond carried at fair value based on quoted market prices.

## Loans and Interest Receivable, Net of Allowance for Loans and Related Losses

Loans and interest receivable, net of allowance for loans and related losses, consist of loans made directly by MHF and loans originally made by others and subsequently assigned to MHF under the provisions of the insurance agreements plus interest receivable, net of possible losses. Based on Management's assessment, MHF has reviewed these loans and determined that collection is unlikely given the financial situation of the borrowers. A full allowance has been recorded.

#### Allowance for Unpaid Insurance Losses

MHF provides for estimated insurance losses under each insurance plan. The allowance for unpaid insurance losses is increased by provisions charged to current operating expenses and reduced by claim payments. The provision for possible insurance losses is based on management's review of insured properties, considering past loss experience, current economic conditions, and other environmental factors which may affect the frequency of claims and the recovery of claim costs. Actual results could differ from those estimates.

## **Restricted Net Position**

In accordance with accounting guidance issued by the GASB, net position should be reported as restricted when constraints placed on net position use are either: externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or are imposed by law through constitutional provisions or enabling legislation. Accordingly, all funds and accounts whose purpose is to pay possible future claims are restricted as to their use, as is interest earned on these restricted assets. MHF first applies restricted resources when an expense is incurred for purposes for which those restricted and unrestricted net position is available.

## **Revenues and Expenses**

Operating revenues and expenses generally result from mortgage insurance activities in connection with MHF's ongoing operations. The principal operating revenue is mortgage insurance premiums. Operating expenses include expenses relating to claims from defaulted loans and general and administrative expenses. The interest earned on reserve accounts is restricted revenue.

#### Premium Income Recognition

Premium income on all loans is recognized on a straight-line basis over the benefit period covered by the premiums.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### General and Administrative

MHF is subject to an allocation of intradepartmental support costs of the DHCD, which are included in general and administrative in the Statements of Revenues and Expenses. Such costs could affect MHF's financial position or operating results in a manner that differs from those that might have been obtained if MHF was autonomous. MHF records these costs as invoiced by DHCD for the fiscal year. However, the allocation is subject to review and adjustment subsequent to year-end.

#### NOTE 3 CASH AND INVESTMENTS

#### **Deposit with State Treasurer**

MHF defines cash and cash equivalents as cash and short-term investments that are held on deposit with the State Treasurer. Cash receipts and disbursements of MHF are made through a cash pool maintained by the State Treasurer. None is uninsured and uncollateralized. MHF has on deposit with the State Treasurer both unrestricted and restricted cash and cash equivalents. MHF reports its operating account as unrestricted. MHF reserve accounts are reported as restricted.

Additional information can be obtained from the State of Maryland Annual Comprehensive Financial Report by visiting the website <u>https://www.marylandtaxes.gov/reports/cafr.php</u>.

#### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. MHF adheres to Maryland State Treasurer's policy for managing its exposure to fair value loss arising from increasing interest rates. The Maryland State Treasurer's investment policy states that to the extent possible, it will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the Treasurer's Office will not directly invest in securities maturing more than five years from the date of purchase.

#### Credit Risk and Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. MHF's policy for reducing its exposure to credit risk is to comply with Maryland State Treasurer's policy, which requires that the Treasurer's investments in repurchase agreements be collateralized by U.S. Treasury and agency obligations. In addition, investments may be made directly in U.S. Treasuries or agency obligations.

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. MHF's policy for reducing this risk of loss is to comply with the Maryland State Treasurer's policy, which limits the amount of repurchase agreements to be invested with a particular institution to 30% of the portfolio. Otherwise, there is no limit on the amount that may be invested in any one issuer.

#### NOTE 3 CASH AND INVESTMENTS (CONTINUED)

#### **Custodial Credit Risk**

Custodial credit risk is the risk that in the event of a bank or counterparty failure, MHF will not be able to recover its deposits or the value of its collateral securities that are in the possession of an outside party. Investments and collateralized securities are held in trust by the trustee or the trustee agent, kept separate from the assets of the bank and from other trust accounts and are held in MHF's name.

#### **Investment Held for Borrower**

The investment consisting of a US government treasury zero-coupon bond reported at fair market value and held by MHF until maturity was evaluated in accordance with accounting guidance issued by the GASB for interest rate risk, credit risk, concentration of credit risk and custodial credit risk. The investment was held as collateral on a Multi-Family loan and matured April 15, 2024. The net proceeds of \$2,454,440 were mostly applied to the outstanding interest of the loan as of June 30, 2024.

	2024		 2023
Investment Held for Borrower (Obligations of			
U.S. Government Agencies)	\$	-	\$ 2,490,957

#### Fair Value Measurements

MHF categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted market prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Funds have the following recurring fair value measurements as of June 30, 2024:

• Pooled cash maintained by the State Treasurer of \$98,846,143 (Level 1).

The Funds have the following recurring fair value measurements as of June 30, 2023:

- Pooled cash maintained by the State Treasurer of \$91,979,402 (Level 1).
- Investments held for Borrower, consisting of a U.S. government treasury zerocoupon bond of \$2,490,957 carried at fair value based on quoted market prices (Level 1).

# NOTE 4 LOANS AND INTEREST RECEIVABLE, NET OF ALLOWANCE FOR LOANS AND RELATED LOSSES

Loans and interest receivable, net of allowance for loans and related losses, consist of loans made directly by MHF and loans originally made by others and subsequently assigned to MHF under the provisions of the insurance agreements plus interest receivable, net of possible losses. Based on Management's assessment, MHF has reviewed these loans and determined that collection is unlikely given the financial situation of the borrowers. A full allowance has been recorded. Mortgage loans, notes receivable, and interest receivable were as follows for the years ended June 30, 2024 and 2023:

### NOTE 7 ALLOWANCE FOR UNPAID INSURANCE LOSSES

The allowance for unpaid insurance losses is the estimated claims settlement on notices of default that has been received by MHF, as well as loan defaults that have been incurred but have not been reported by the lenders. Although current accounting guidance specifically excludes mortgage guaranty insurance from its guidance relating to the reserves for losses, MHF establishes loss reserves using the general principles contained in the insurance standard.

For insured Multi-Family program properties, MHF establishes loss reserves on a case-bycase basis when insured loans are identified as currently in default based on MHF's expected claim payment, net of estimated recovery. At June 30, 2024, MHF had no Multi-Family loans in default. As a result, MHF provides only limited loss reserves on the Multi-Family portfolio.

#### NOTE 7 ALLOWANCE FOR UNPAID INSURANCE LOSSES (CONTINUED)

For insured Single Family loans, MHF establishes its loss reserves based on past loss experiences and the current real estate market. MHF also reserves for defaults that have been incurred but have not been reported prior to the close of an accounting period, using estimated claim rates and claim sizes for the estimated number of defaults not reported. For Single Family program properties, insured loans which have gone through foreclosure and MHF has not paid a claim, MHF also reserves for losses based on past loss experiences and the current real estate market.

MHF's reserve process is based upon the assumptions of past experience, including the current real estate market and housing values in the locations where MHF has experienced high claim rates. Therefore, the reserves are necessarily based on estimates and the ultimate liability may vary from such estimates. Management regularly reviews the evaluation of the loss reserves utilizing current information and updates the assumptions in the estimation process accordingly. Any resulting adjustments are reflected in the current period's earnings as either a provision for losses or reduction in losses. Management believes that the allowance for unpaid insurance losses at June 30, 2024 was appropriately established on an aggregate basis and was adequate to cover the ultimate net cost of settling reported and unreported claims.

As of June 30, 2024, MHF had no unfunded commitments under the Revitalization Reserve or Healthy Neighborhood Program.

Effective August 1, 2010, MHF was released from any obligation to provide pool insurance for loans originated prior to 2005.

#### NOTE 10 PENSION AND OTHER POST-RETIREMENT BENEFITS

Eligible employees of the state of Maryland are covered under the retirement plans of the State Retirement and Pension System of Maryland (the System) and are also entitled to certain healthcare benefits upon retirement. MHF's only obligation for retirement and post-employment benefits is its required annual contribution, which was paid in full by MHF to the state of Maryland prior to year-end. The liability for the employees is recorded by the general fund of the state of Maryland and is not allocated to MHF. The System prepares a separate audited Comprehensive Annual Financial Report which can be obtained from the State Retirement and Pension System of Maryland, 120 East Baltimore Street, Baltimore, Maryland 21202 or by visiting the website at www.sra.maryland.gov.

#### NOTE 11 RELATED PARTY TRANSACTIONS

MHF engages in certain transactions with related parties, specifically other units within DHCD. Premium and fee income generated from insured loans with CDA represent approximately 99% of the total premium and fee income reported during each of the fiscal years ending June 30, 2024 and 2023. Additionally, MHF pays certain post-foreclosure expenses for both CDA and DHCD's State Funded Loan Program to achieve a cost savings to the Agency as a whole. As these expenses are not expenses related to the operations of MHF, they are recorded on the balance sheet as Due From Other Funds, affecting only cash and receivables. These expenses are subsequently reimbursed to MHF by the responsible unit, and the outstanding receivable is cleared.

MORTGAGE INSURANCE AND GUARANTY PROGRAMS

#### **APPENDIX G**

#### MORTGAGE INSURANCE AND GUARANTY PROGRAMS

#### FHA MORTGAGE INSURANCE PROGRAM, VA HOME LOAN GUARANTY PROGRAM, USDA/RD MORTGAGE GUARANTY PROGRAM, PRIVATE MORTGAGE INSURANCE PROGRAM AND THE MHF INSURANCE PROGRAM

#### Introduction

The Administration has prepared the following description of the FHA Mortgage Insurance Program, the VA Home Loan Guaranty Program, the USDA/RD Mortgage Guaranty Program, and private mortgage insurance. This description is only a brief outline and does not purport to summarize or describe all of the provisions of these programs, and the Administration does not warrant or represent the accuracy or completeness of such description. For a more complete description of the terms of this program, reference is made to the provisions of the insurance and guaranty contracts embodied in the regulations of FHA, VA and USDA/RD, respectively, and of the regulations, master insurance contracts and other such applicable information for those programs and for applicable private mortgage insurance. Credit Enhancement for Mortgage Loans made or purchased by the Administration with the proceeds is limited by the Bond Resolutions to insurance under the FHA Mortgage Insurance Program, the VA Home Loan Guaranty Program, the USDA/RD Guarantee Program, and private mortgage insurance (described below). In addition, Mortgage Loans may be insured by the Maryland Housing Fund. See THE MHF INSURANCE PROGRAM below. Moreover, Mortgage Loans with a loan-to-value ratio of 80% or less are not required to have a credit enhancement as described above. If a Mortgage Loan without credit enhancement is supported by secondary financing, then such financing must be acceptable to the Administration. The secondary financing may include, for example, certain grants or loans from governmental or non-profit entities; any loans must be non-amortizing or amortize at an interest rate below the market rate. However, the Bond Resolution does not require that a Mortgage Loan financed in the future be secured by Credit Enhancement. Credit Enhancement of all or a portion of a Mortgage Loan, if any, will be provided in accordance with the provisions therefor set forth in the Series Resolution authorizing a particular Series of Bonds. Credit Enhancement of Mortgage Loans includes (but is not limited to) any credit enhancement, insurance, guaranty, risk-sharing arrangement or any other form of credit support for a Mortgage Loan (or any portion thereof) as provided in any Series Resolution or Supplemental Resolution and it is possible that insurance benefits under other federal, State or private programs in which the Administration may participate could have different terms.

#### FHA Mortgage Insurance Program

Section 221 and Section 203 of the National Housing Act, as amended (the "Housing Act"), authorize the FHA to insure mortgage loans of up to 40 years for the purchase of one to four family dwelling units, or 30 years if the mortgage is not approved for insurance prior to construction. Section 234 of the Housing Act authorizes the FHA to insure mortgage loans of up to 35 years for the purchase of one-family dwelling units in multi-family condominium projects. The regulations promulgated to implement the Housing Act provide for insurance of mortgage loans for up to 30 years.

Mortgage Loans shall bear interest at a rate agreed upon by the mortgagee and Borrower. Mortgage Loans under any of the foregoing programs must be in conformity with the maximum mortgage loan amount limitations and minimum downpayment requirements specified in the Housing Act and the regulations promulgated thereunder. In addition, the Borrower must establish to the satisfaction of FHA that his or her income is adequate to meet the periodic payments required on the mortgage loan.

FHA permits the fully insured Mortgage Loan amount to include not only the up-front mortgage insurance premium, but, under certain circumstances, certain closing costs and other costs as well. Furthermore, through the FHA Section 203(k) Program, FHA will insure certain loans for up to 110 percent of the expected after-rehabilitation value of the property, plus permitted closing costs.

Under the terms of the foregoing program, the mortgagee, upon a default by the Borrower, is required to take certain actions, and is subject to certain limitations, before the mortgagee is entitled to initiate foreclosure proceedings or to claim insurance benefits. The mortgagee is subject to certain requirements and limitations, including the following: (1) the mortgagee must give notice of default to the Borrower and make reasonable efforts to conduct a face-to-face interview with the Borrower; (2) the mortgagee is required to undertake a pre-foreclosure review to ensure compliance with applicable requirements; and (3) the mortgagee may not commence foreclosure until at least three full monthly installments are in default. In addition, various types of forbearance may be required, including a reduction in mortgage payments, recasting the mortgage to reduce payments, temporary mortgage assistance payments, or pre-foreclosure sale. The mortgage also is subject to reinstatement until completion of foreclosure proceedings. The Housing Act gives discretionary authority to the Secretary of the United States Department of Housing and Urban Development ("HUD") to settle claims for insurance benefits for insured mortgages either in cash or debentures; claim payments currently are being made in cash. HUD debentures bear interest at the rate in effect as of the time of origination of the mortgage loan or when the mortgage loan is endorsed, whichever rate is higher.

Insurance benefits are paid on foreclosure and conveyance of title. The amount of benefits paid by FHA on conveyed properties, except in certain circumstances as described below, is equal to the unpaid principal amount of the mortgage loan plus certain tax, insurance and other payments made by the mortgagee, a percentage of any foreclosure expenses incurred by the mortgagee, which percentage shall be determined in accordance with such terms as HUD shall prescribe, and reasonable expenses incurred by the mortgagee for the preservation, protection and operation of the properties prior to conveyance, as well as interest from date of default at a rate equivalent to the debenture interest rate (which may be less than the interest rate of the insured mortgage loan), less certain amounts received or retained by the mortgagee in respect of the mortgaged property.

When any property to be conveyed to the FHA has been damaged by fire, earthquake, flood or tornado, it is generally required, as a condition to payment of an insurance claim, that such property be repaired by the mortgagee prior to such conveyance.

#### VA Home Loan Guaranty Program

The Servicemen's Readjustment Act of 1944, as amended, permits a veteran (or in certain instances, the veteran's spouse) to obtain a loan guarantee by the VA covering mortgage financing of the purchase of a one-to-four family dwelling unit at interest rates permitted by the VA. The program has no mortgage loan limits, requires no down payment from the purchaser and permits the guarantee of mortgage loans with terms of up to 30 years and 32 days. VA will guarantee up to 50 percent of a home loan up to \$45,000. For loans between \$45,000 and \$144,000, the minimum guaranty amount is \$22,500; and the maximum guaranty is up to 40 percent of the loan, up to \$36,000, subject to the amount of entitlement a veteran has available. For loans of more than \$144,000 the maximum guaranty is the lesser of 25 percent of the loan or the dollar amount that is equal to 25 percent of the Federal Home Loan Mortgage Corporation Act (12 U.S.C. 1454(a)(2)) for a single-family residence, as adjusted

for the year involved. The liability on the guarantee is reduced or increased pro rata with any reduction or increase in the amount of the indebtedness, but in no event will the amount payable on the guarantee exceed the amount of the original guarantee. Notwithstanding the dollar and percentage limitations of the guarantee, a mortgage lender will ordinarily suffer a monetary loss only where the difference between the unsatisfied indebtedness and the proceeds of a foreclosure sale of a mortgaged premises is greater than the original guarantee, as adjusted. The VA may, at its option and without regard to the guarantee, make full payment to a mortgage lender of unsatisfied indebtedness on a mortgage upon its assignment to the VA.

#### **USDA/RD** Mortgage Guarantee Program

The Cranston-Gonzalez National Affordable Housing Act of 1990 authorized the establishment of the USDA/RD Guaranteed Rural Housing Loan Program. Households with annual incomes at or below one hundred fifteen percent (115%) of median area income are eligible for these loans, subject to the geographic restrictions described below. Households with annual incomes at or below eighty percent (80%) of the area median income may be eligible for interest assistance, in addition to the loan guarantee. The interest assistance paid monthly by USDA/RD to the loan servicer reduces the borrower's effective interest rate. The amount of interest rate reduction is dependent upon the households' annual income, which is re-certified by the loan servicer annually. No funds currently are available for interest assistance.

The USDA/RD Guaranteed Rural Housing Loan Program is limited to only certain rural areas of the State. Any city, place, town or village with a population not exceeding 20,000, based on the most recent decennial census, will be considered rural.

The USDA/RD guaranty covers the lesser of (a) any loss equal to ninety percent (90%) of the original principal amount of the loan or (b) any loss in full up to thirty-five percent (35%) of the original principal amount of the loan plus any additional loss on the remaining sixty-five (65%) to be shared approximately eighty-five percent (85%) by USDA/RD and approximately fifteen percent (15%) by the mortgagee.

USDA/RD does not accept conveyance of the property, but rather pays the lender's claim upon foreclosure. The claim payment includes certain actual costs incurred by the lender prior to foreclosure, including interest expense, and an allowance for the costs associated with liquidating the property. The claim payment amount is based on the net sales proceeds if the property is sold within six (6) months, or if no sale occurs within six (6) months, the claim payment amount is determined according to a formula based upon an appraisal of the property performed by USDA/RD. The lender's actual disposition costs may be higher than the USDA/RD claim payment.

#### **Private Mortgage Insurance**

Each private mortgage insurance policy with respect to a Mortgage Loan must contain provisions substantially as follows: (a) the mortgage insurer must pay a claim, including unpaid principal, accrued interest, the amounts equal to deferred interest in connection with Mortgage Loans with graduated payments schedules, if any, and expenses, within sixty days of presentation of the claim by the Administration; (b) when a claim for the outstanding principal amount, accrued interest and expenses is presented, the mortgage insurer must either (i) pay such claim in full and take title to the mortgaged property and arrange for its sale or (ii) pay the insured percentage of such claim and allow the Administration to retain title to the mortgaged property or (iii) settle a claim for actual losses where such losses are less than the insured percentage of the claim. (See the "Homeowners Protection Act" below for a discussion of federal legislation that affects private mortgage insurance.) *Recent rating agencies' reviews of private mortgage insurers may be indicative of some future inability of these insurers generally* 

to fulfill in full their obligations, if and when required upon a mortgage default, to make timely payments on policies. The Administration makes no representation regarding the financial condition of any of the private mortgage insurance companies or their ability to make full and timely payments to the Administration on Mortgage Loans on which losses are incurred.

#### **Homeowners Protection Act**

The Homeowners Protection Act of 1998 (the "Homeowners Protection Act") permits a borrower to cancel private mortgage insurance (for which the borrower pays the premium) on the date on which the principal balance of the mortgage loan is scheduled to reach 80% of the original value of the residence or on the date on which the principal balance actually reaches 80% of the original value of the residence. The original value is the lesser of the sales price or the appraised value at the time the mortgage loan transaction was consummated. In order to effect such cancellation, the borrower must request in writing that the cancellation be initiated, must have a good payment history with respect to the mortgage loan (i.e., no mortgage payment was, during the year beginning two years prior to cancellation, 60 or more days delinquent, and no mortgage payment was, during the year beginning one year prior to cancellation, 30 or more days delinquent), and must satisfy any requirements of the lender for evidence that the value of the residence has not declined below its original value and for certification that the borrower's equity in the residence is not encumbered by a subordinate loan. This Homeowners Protection Act further provides for automatic termination of mortgage insurance on the date on which the principal balance of the mortgage loan is schedule to reach 78% of the original value of the residence, or if the borrower is not then current on his mortgage loan payments, on the date on which the borrower subsequently becomes current on such payments. These termination and cancellation provisions do not apply to mortgage loans characterized as high risk loans. Even if the private mortgage insurance is not canceled or terminated as described above, private mortgage insurance must be terminated on the first day of the month immediately following the date that is the midpoint of the amortization period of the mortgage loan if the mortgagor is then current on his mortgage loan payments. This Homeowners Protection Act also requires that borrowers be provided with certain disclosures and notices regarding termination and cancellation of private mortgage insurance. This Homeowners Protection Act applies to mortgage loans closed on or after July 29, 1999.

This Homeowners Protection Act applies to insurance provided by the Maryland Housing Fund as well as private mortgage insurance described above.

In addition to termination and cancellation rights available to the borrower under the Homeowners Protection Act, the Administration also permits a borrower to request cancellation of private mortgage insurance or insurance through the Maryland Housing Fund for loans made after January 1, 2005, provided that: (1) the loan balance is 75% or less of the current value of the home as established by a new appraisal acceptable to the Administration; (2) none of the borrower's payments were 30 days or more past due within the 12-month period before the mortgage insurance will be cancelled; (3) none of the borrower's payments were 60 days or more past due during the 24-month period before the mortgage insurance will be cancelled; and (4) the loan is between two and five years old. If the loan is more than five years old, the loan balance may be 80% (instead of 75%) or less of the current value of the home as established by a new appraisal acceptable to the Administration; conditions (2) and (3) also apply.

#### THE MHF INSURANCE PROGRAM

The following describes the mortgage insurance programs administered by the Maryland Housing Fund ("MHF") pursuant to Section 3-201 through 3-208 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended (the "MHF Statute"), and is qualified in its entirety by reference to the MHF Statute and the regulations thereunder (the "MHF Regulations").

MHF was created in 1971 as a special insurance fund of the State of Maryland and is a governmental unit in the Division of Credit Assurance of the Department. MHF is authorized to insure mortgage loans, including mortgage loans for multifamily developments financed by public agencies such as the Administration ("Multifamily loans"), to provide primary insurance for single family mortgage loans ("Single Family loans"), and to provide credit enhancement for loans to businesses ("Business loans"). MHF insures against certain monetary losses incurred as a result of nonpayment of principal, interest or other sums agreed to be paid and certain other events of default under the terms of any insured loan, but does not insure against property losses, including without limitation, title risk, risks of defective construction or casualty, or any other reduction in project value due to insurable risk or force majeure, casualty or title loss.

In early 1997, the Department suspended all insurance activity of MHF (except for pool insurance for certain Single Family loans), partly as a result of concerns expressed by Moody's Investors Service ("Moody's") during the 1996 and 1997 rating review. The Department responded to Moody's concerns and has consulted with Moody's regarding the implementation of certain MHF's insurance programs. MHF continues to service active insured loans originated prior to 1997 and is operating the insurance programs described below.

#### **Multifamily Loan Programs**

MHF insures mortgage loans under a group home loan program known as "SHOP" (Special Housing Opportunities Program) that finance or refinance the acquisition, construction or rehabilitation of shared living and related facilities for the special needs population, which are owned by and sponsored by nonprofit organizations. This is an active program with loans funded through the Administration and insured by MHF.

The Administration is a participant in the Federal Housing Administration's ("FHA") Risk-Sharing Program (the "FHA Risk-Sharing Program") for multifamily loans. As a Level I participant under the FHA Risk-Sharing Program, upon payment of a claim by FHA, the Administration would be responsible for reimbursement to FHA of up to 50% of such claim. As a Level II participant, the Administration would be responsible for reimbursement to FHA of up to 25% of such claim. The Administration expects that MHF would reimburse the Administration for its share of such losses, pursuant to a commitment letter issued by MHF to the Administration in connection with each loan. Between 1997 and 2004, the Administration participated in the FHA Risk-Sharing Program only in connection with the refinancing of loans then insured by MHF where the Administration was able to decrease the dollar amount of MHF's insurance exposure with respect to such loans. In 2004, the Department expanded its MHF insurance program for new loans funded through the Administration with credit enhancement under the FHA Risk-Sharing Program.

MHF has also provided mortgage insurance for short term loans made by the Administration pursuant to the Tax Credit Bridge Loan Insurance program. For a project which qualifies for federal low income housing tax credits, MHF provides limited insurance for bridge loans made by the Administration until equity capital contributions are made by the tax credit investor. The Tax Credit Bridge Loan Insurance program is governed by Sections 3-203 and

3-206 of the MHF Statute and COMAR 05.06.02 of the MHF Regulations. There are no loans currently insured under this program.

Effective December 9, 2014, MHF and the Administration created a Demonstration program (the "MHF Demonstration Program") whereby MHF insures short term loans ("Short Term Loans") financed with proceeds from the sale of short-term bonds (the "Short Term Bonds") issued under the Administration's multifamily Housing Revenue Bond Resolution ("HRB"). The MHF Demonstration Program is an additional cost-effective option extended to borrowers for the provision of credit enhancement for Short Term Loans financed under HRB. Eligibility for the MHF Demonstration Program is limited to projects where the project would need to use more than 25% of its projected tax credit equity to cash collateralize a letter of credit ("LOC") that otherwise would be delivered to secure Short Term Bonds during construction, and the amount of the Short Term Loan (which equals the amount of the cash collateral account that would be required by a LOC provider) is greater than 25% of the projected tax credit equity. No borrower, including all related entities, may have Short Term Loans insured under the MHF Demonstration Program at any one time in excess of \$5 million. In addition, 25% of the projected amount of tax credit equity to be generated by a project must be contributed to the project at the closing of the Short-Term Loan. MHF's obligations under the MHF Demonstration Program are backed only by MHF's Unallocated Reserve. The aggregate amount of outstanding indebtedness to be insured under the MHF Demonstration Program may not exceed \$10 million. There are no loans currently insured under this program.

### **Single Family Loan Programs**

In June 2005, the Department opened a program of MHF to insure 30-year and 40-year amortizing Single Family loans being purchased by the Administration. Because market conditions caused unexpectedly high demand for this insurance, the Department suspended the program as of November 10, 2008.

In June 2006, the Department authorized the expenditure of up to \$1 million of the Revitalization Program Insurance Reserve to provide credit enhancement to a loan program that is sponsored by a nonprofit corporation, which is intended to stabilize and strengthen property values in targeted areas of the City of Baltimore. In this agreement, MHF agreed to provide credit enhancement on loans enrolled in the program for a period of up to 10 years from the date the loan is enrolled in the pool. MHF's ability to enroll new loans under that agreement terminated March 31, 2012, and the ten-year coverage of the last loans enrolled in this pool ended on March 28, 2022.

The Department negotiated an agreement dated January 12, 2012, authorizing the expenditure of up to an additional \$800,000 of the Revitalization Program Insurance Reserve to provide credit enhancement for a second loan pool. Similar to the first loan pool, the credit enhancement will last for a period of up to ten years after the date the loan is enrolled in the pool; the enrollment period for the second pool ended in January 2020. There are 75 loans in this second pool totaling \$9,692,716 in outstanding balances with a remaining contingent liability of \$193,854. A new agreement effective January 2, 2020 was negotiated authorizing the expenditure of up to an additional \$600,000 of the Revitalization Program Insurance Reserve to provide credit enhancement for a third loan pool. On January 2, 2025, MHF has consented to an extension of the enrollment period and term of the third loan pool by an additional four years to a total period of nine years from the original agreement date; credit enhancement for each loan remains at ten years from the date of enrollment. With this extension, all new loans to be credit enhanced in this third pool must be enrolled by January 2, 2029. There are currently 73 loans enrolled in the third pool totaling \$9,111,407 in outstanding balances with a current contingent liability of \$182,228.

In 2008, MHF committed \$10 million of the Unallocated Reserve to provide credit enhancement for certain single family refinancing loans made by private lenders under the Department's Home Owners' Preserving Equity ("HOPE") initiative. The General Reserve Insurance ("General Reserve") was officially established by regulation in November 2008 to insure a broad range of programs, including the HOPE initiative. There have been no new loans under this program in the past several years that by June 2023, MHF reduced the General Reserve initially set aside to back the insurance obligation in this program to \$2,593,422, transferring \$6 million of the reduction to Multifamily. As of March 31, 2025, there are only 8 remaining loans insured in this program with outstanding balances totaling \$1,507,805.

#### **Business Loan Programs**

Legislation was passed effective July 1, 2016, allowing MHF to provide insurance coverage and credit enhancement to loans originated by the Administration or other eligible lenders on business projects that will acquire, operate, construct or rehabilitate businesses located in publicly designated renewal or redevelopment areas. This program is governed by Sections 3-203 and 3-206 of the MHF Statute. A separate Business Insurance Reserve ("Business Reserve") was created for this program funded by a \$1.5 million Reserves transfer from General Reserve in 2017 and a total of \$7.5 million transfers from Unallocated Reserve during 2018, 2021, and 2023. There are no loans currently insured under this program.

#### **Additional Information**

For fiscal year 2003, the Maryland Department of Legislative Services asked MHF and the Administration whether there were funds available for transfer to the State. After being advised by Moody's that a transfer, in and of itself, would not have an adverse effect on the rating of the Administration's outstanding parity debt, including the bonds, MHF transferred \$10 million from the Unallocated Reserve to the State. No transfer occurred in 2004, 2005, 2006, or 2007. Legislation was enacted during the 2008 session (SB 983) requiring another \$10 million to be transferred. Beginning in fiscal year 2010, and as codified at Section 3-203(i) of the MHF Statute, any amount in the Unallocated Reserve at the end of any fiscal year that exceeds an amount necessary to provide backing for insurance issued by MHF by more than \$10 million, shall be transferred to the Department's revolving housing loan funds. During the fiscal years ending June 30, 2012, 2013, 2014, 2015, 2016 and 2017, MHF transferred \$2.1 million, \$1.1 million, \$0.77 million, \$0.88 million, \$0.87 million, and \$0.94 million, respectively. As the amount in the Unallocated Reserve at end of fiscal years June 30, 2017 through 2019 and June 30, 2021 through 2024 was less than \$10 millior; no transfer was required in fiscal years 2018, 2019, 2020, and 2022 through 2024. While in fiscal year 2021 MHF transferred \$152 thousand based upon the balance outstanding in that reserve as of June 30, 2020. For more information, see "Management's Presentation of the MHF Program" below.

#### **MANAGEMENT'S PRESENTATION OF THE MHF PROGRAM**

The following information is management's presentation of the MHF Program.

#### **Financial Statements and Information**

The financial statements of MHF for the fiscal year ending June 30, 2024 and June 30, 2023 have been audited by CliftonLarsonAllen LLP. As indicated in the report of the auditors, such financial statements have been prepared in conformity with accounting principles and the audits conducted in accordance with auditing standards generally accepted in the United States. The financial statements of MHF are reported on a consolidated basis combining results of operations for all MHF Programs.

#### **Income and Reserves**

MHF's income from insurance premiums is used to pay expenses.

MHF currently maintains six insurance reserves, which are separate from MHF's operating funds. Five of the reserves cover specific categories of insurance: the Multifamily Insurance Reserve, the Single Family Regular Insurance Reserve, the Revitalization Program Insurance Reserve, the Business Reserve and the General Reserve. The investment earnings on each of the five specific reserves are credited to a sixth reserve, the Unallocated Reserve, which may be used to pay claims on all categories of insurance, or may be transferred into any other reserve, or may be restricted for claims under a particular category. The Unallocated Reserve is available for any category of claims or for any other purpose consistent with contractual obligations with the Administration's bondholders. Prior to 2011, MHF had maintained a reserve for the Home and Energy Loan Program. The reserve balance of \$500,000 was transferred into the Unallocated Reserve when the last loan insured under the program paid off in fiscal year 2009.

The MHF Statute provides that any moneys of MHF that the Department creates as an identifiable insurance reserve may be used only in conformance with the terms and conditions creating that reserve. MHF Regulations provide that each reserve is maintained to pay claims arising from its respective category of insurance and may not be subject to claims arising from other categories of insurance except for the Unallocated Reserve. All reserves are held by the Office of the Treasurer of the State, which credits MHF with interest income based on the total reserve balance for the benefit of MHF.

MHF does not insure the bonds, and the assets of MHF are not available to the Administration or the Trustee to satisfy obligations to holders of the Bonds. The obligation of MHF is limited to the payment of mortgage insurance claims as described herein. An insurance claim against MHF is payable from and limited to the applicable MHF reserve and does not constitute a general obligation of MHF, the Department, or the State.

#### **Statements of Net Assets Discussion**

The overall equity at fiscal year ending June 30, 2024 was \$86,921,758; \$5,586,306 higher than the overall equity of \$81,335,452 of fiscal year ending June 30, 2023 primarily attributable to the interest income on fund reserves and net reduction on allowances for loans and insurance losses resulting from the reversal of the allowance on loan losses on account of partial recovery of interest on two Multi-Family loans from the cash proceeds at maturity of the bond securing the loans during the fiscal year 2024. In the third quarter of fiscal year 2025 ending March 31, 2025, the overall equity further increased by \$768,087 primarily coming from the interest income on fund reserves.

The Unrestricted Accumulated Deficit is a part of the overall equity. The Unrestricted Accumulated Deficit, which decreases when claims are paid from the insurance reserves, represents the cumulative net income (loss) of

MHF since its inception less any investment income earned on the insurance reserves. When MHF's insurance reserves are greater than its net position, there will be an accumulated deficit in the net position section of the MHF Statement of Net Assets.

In fiscal year 2024, the Unrestricted Accumulated Deficit decreased by \$1,824,834 from \$6,343,740 to \$4,518,906, mainly attributed to the reversal of allowance for loan losses amounting to \$2,454,440 corresponding to the cash proceeds of a bond securing two Multi-Family loans that matured in April 15, 2024 offset by the additional allowance for insurance losses of \$775,781 on account of new loans and additional drawdowns on existing loans during the year. In third quarter of fiscal year 2025, the accumulated deficit increased by \$2,048,941 from the June 30, 2024 level mainly due to the additional general provisioning for insurance losses on account of the new loans and deterioration in the risk rating of some risk A accounts to B risk category in multi-family portfolio offset by the interest income on reserves.

### **Discussion of Changes in Net Position**

In fiscal year 2024, MHF reported a Change in Net Position of \$5,586,306 primarily attributable to the interest income on reserves and the reversal of allowance for loan losses discussed above. In third quarter of fiscal year 2025, the change in Net Position of \$768,087 mostly came from interest on reserves.

As described below in "Single Family Information – Certain Additional Expected Single Family Claims" and "Multifamily Information – Certain Additional Expected Multifamily Claims," the Administration has notified MHF of defaults under insured mortgages that are expected to result in additional claims to MHF. MHF included provisions for these claims in its allowance for unpaid insurance losses.

# Selected Activity in MHF's Operating Cash Account

<sup>(4)</sup> Includes payment receipts on mortgage receivables and collections from the MD Central Collection Unit

(5) Amount includes changes in other assets and liabilities such as accounts receivables from other funds and escrows.

During the fiscal year ending June 30, 2024, the net activity in MHF's operating cash was (\$1,331,925) for Single Family and \$4,164,065 for Multi-Family. The change in operating cash in Single Family was primarily due to allocated operating expenses exceeding revenues. The change in operating cash in Multi-Family was primarily due to premium and applications fees on new insurance applications exceeding the allocated operating expenses coupled with the receipt of the cash proceeds of a bond security securing Multi-Family loans - one of which matured in January 2024 and the other was accelerated due to default in April 2024.

During the first nine months of fiscal year 2025, ending March 31, 2025, the net activity in MHF's operating cash was (\$480,699) for Single Family and (\$210,889) for Multi-Family. The change in operating cash in Single Family was primarily due to allocated operating expenses exceeding revenues. The change in operating cash in Multi-Family was primarily due to cash advances made to the court-appointed receiver for two properties to address certain life, health and safety issues that were identified by the receiver. Refer to <sup>(27)</sup> *Renaissance Plaza Deed of Trust Note in the original principal amount of \$7,000,000* under Notes to the Multi-Family Claims for additional details. These expenses were offset by premium and applications fees collected on new insurance applications.

### Liquidity

MHF's primary uses of funds are to pay its operating expenses (direct and indirect) and to satisfy Business, Multifamily and Single Family claims under its insurance policies resulting from loan defaults (payment or physical) by insured borrowers. In general, MHF's insurance policies require MHF to pay claims to lenders, which include the total principal outstanding, interest in arrears (through foreclosure), and other expenses associated with failed real estate loans (e.g., foreclosure costs, negative escrows, etc.). MHF occasionally acquires a loan or property with the payment of a claim. The proceeds of the sale of acquired loans or properties are deducted from the original claims to derive the net loss (or net gain) associated with the defaulted loan claims.

In addition to any proceeds from the sale of assets acquired through the payment of claims, MHF's primary revenue sources result from mortgage insurance premiums paid by borrowers and the investment earnings on insurance reserves. These assets, together with the corpus of the reserves held by MHF, are available to pay insurance claims and related expenses. The available reserves are leveraged against insurance commitments outstanding. Calculations for the leverage ratios are shown in "Discussion of Leverage Ratios" below.

To manage MHF's resources effectively from both a business and liquidity sense, the management of MHF has developed several claim paying strategies. For Multifamily defaulted loans, MHF may pay a debt service claim after a borrower has missed a total of six monthly payments. These claim payments represent any unpaid principal and interest due from the regular scheduled payment. While making these monthly payments, MHF, working with the Administration, attempts to work out the loan in order to minimize its loss. When the final workout of the loan is completed, MHF either pays a partial claim or pays the full claim. A workout may be accomplished through (a) refinancing of the loan after re-underwriting the debt to enable the project to meet debt service from net operating income or (b) payment of claims and resale of the asset to minimize the total size of the claim.

For Single Family defaulted loans, MHF generally requires the lender to foreclose on the loan and secure the property before it pays the claim. This affords MHF the ability to begin marketing the property for resale at the same time it has paid out the cash. MHF attempts to resell Single Family properties in a manner that provides for recoveries as soon as possible while minimizing holding costs. While MHF strives to sell its Real Estate Owned (REO) to homebuyers, its desire to conduct quick turnaround sales does necessitate the selling of a significant portion of the REO to investors and non-profit organizations. Selling to investors generally increases the overall net loss on the claim to MHF.

### **Discussion of Single Family Regular Insurance Leverage Ratios**

MHF operates its Single Family insurance in accordance with an insurance agreement with the Administration dated as of August 1, 2010 (the "2010 Single Family Insurance Agreement"). Claims under the 2010 Single Family Insurance Agreement may be paid from the Single Family Regular Insurance Reserve.

The 2010 Single Family Insurance Agreement amended and restated an insurance agreement dated as of May 14, 1980 (the "1980 Single Family Insurance Agreement") and an insurance agreement dated as of June 20, 2005. Under the 1980 Single Family Insurance Agreement, pool insurance was provided for single family mortgages financed under a bond resolution for which no bonds remain outstanding. As of August 1, 2010, under the 2010 Single Family Insurance Agreement, must released from the obligation to provide pool insurance under the 1980 Single Family Insurance Agreement.

Under the 2010 Single Family Insurance Agreement, MHF has contracted with the Administration that, except as necessary to pay claims or advances on claims, MHF will not permit the ratio of the aggregate dollar amount of the Single Family insurance to assets in the Single Family Regular Insurance Reserve (as may be reduced as described below) to exceed 25 to 1, and that no new insurance payable from the Single Family Regular Insurance

Reserve shall be issued or committed to, if upon such issuance or commitment and subsequent issuance, that ratio would be exceeded.

Due to MHF having never insured loans that were securitized by Fannie Mae, on April 4, 2014 MHF notified Fannie Mae of its intent to cease seeking certification as a Fannie Mae qualified insurer and requested that Fannie Mae remove MHF from its list of eligible mortgage insurance providers. The Administration and MHF have entered into the First Amendment to the 2010 Single Family Insurance Agreement between MHF and the Administration, dated as of April 30, 2014, which eliminates the obligation of MHF to take all actions necessary for the qualification of Single Family Regular Program insurance as mortgage insurance from a qualified insurer within the meaning of Section 3.02(6)(2) of the Fannie Mae Charter Act.

#### Notes:

<sup>(1)</sup> The Single Family Program does not include amounts, if any, which have been restricted for possible additional insurance coverage in the Unallocated Reserve. As of March 31, 2025, MHF had committed no additional primary insurance coverage.

<sup>(2)</sup> Fund balances for MHF reserves are calculated in the same manner as in the financial statements of MHF and include investment income earned and allocated by the Secretary to the Single Family Regular Insurance Reserve.

<sup>(3)</sup> In order to determine the leverage ratios, if the Unrestricted Accumulated Deficit exceeds the Unallocated Reserve, the Single Family Regular Insurance Reserve or the Multifamily Insurance Reserve may be reduced in a manner determined by MHF to be appropriate. As of March 31, 2025, there was no reduction in the Single Family Regular Insurance Reserve to cover the accumulated deficit.

<sup>(4)</sup> The primary insurance coverage is 25% of the allowable claim for loans insured prior to 2005 under the Single Family Insurance Agreement (\$1,392,61 at March 31, 2025). The primary insurance coverage is 35% of the allowable claim for loans insured under the 2005 Single Family Insurance Agreement (\$7,090,208 at March 31, 2025).

<sup>(5)</sup> In 2010, MHF provided pool coverage for certain loans done by the Administration prior to 1997. Effective August 1, 2010 the Administration released MHF from any obligation to provide pool insurance for MHF Pool-Insured Loans.

#### **Discussion of Multifamily Insurance Leverage Ratios**

MHF operates its multifamily insurance in accordance with an amended and restated insurance agreement dated February 12, 2006, with the Administration (the "Insurance Agreement").

Under the Insurance Agreement, MHF has contracted with the Administration that, except as necessary to pay claims or advances on claims, MHF will not permit the ratio of Multifamily insurance to assets in the Multifamily Insurance Reserve (as may be reduced as described below) to exceed 10 to 1, and that no new insurance payable from the Multifamily Insurance Reserve shall be issued or committed to if upon such issuance or commitment and subsequent issuance the ratio would exceed 10 to 1. (Under the terms of the Insurance Agreement, loans insured by MHF that are reinsured without contingent liability on the part of MHF are not taken into account in determining MHF's compliance with the maximum 10 to 1 ratio of amounts insured to assets in the Multifamily Insurance Reserve).

#### Notes:

<sup>(1)</sup> The Multifamily Insurance Reserve does not include amounts, if any, which have been restricted for possible additional insurance coverage in the Unallocated Reserve. As of March 31, 2025, MHF had committed to additional mortgages in the amount of \$10,780,333.

<sup>(2)</sup> In order to determine the leverage ratios, if the Unrestricted Accumulated Deficit exceeds the Unallocated Reserve, the Single Family Regular Insurance Reserve or the Multifamily Insurance Reserve may be reduced in a manner determined by MHF to be appropriate. As of March 31, 2025, there was no reduction in the Multifamily Insurance Reserve to cover the accumulated deficit.

The total amount of the Multifamily Insurance Reserve is available to pay multifamily insurance claims. In addition, to the extent available, MHF could elect to pay all or part of any multifamily claim from the Unallocated Reserve or from operating funds. MHF maintains other reserves that are not available to pay such claims (e.g., the Single Family Regular, Revitalization, and General Reserves).

#### **SINGLE FAMILY INFORMATION**

#### **Certain Additional Expected Single Family Claims**

Under its Single Family Regular insurance program, MHF is not obligated to pay claims on Single Family insurance until after the insured lender has completed foreclosure, evicted the occupants of the properties (if necessary) and restored the property to a condition satisfactory to MHF. As a result, at any time there are a number of mortgages that have been foreclosed and which are likely to result in payment of claims, but which have not yet reached the point where MHF recognizes them as liabilities in its financial statements. MHF includes its projection of net losses with respect to these potential claims in its financial statements as part of the allowance for Single Family insurance losses. These amounts are potentially payable from other resources of MHF, including operating cash, the Unallocated Reserve and the Single Family Regular Insurance Reserve.

### **Discussion of Single Family Operations**

MHF has taken steps to address the potential Single Family claims. A part of this focus is applying active loss mitigation strategies to Single Family loans to prevent them from going to foreclosure, including forbearance and extended repayment plans. In addition, operational reviews of the loan servicers are ongoing. The reviews are intended to ensure that loss mitigation strategies are being pursued in applicable cases.

MHF is also managing its sales of units acquired through foreclosure or similar action to improve overall returns by employing private sector contractors and real estate brokers to perform repairs, listings and sales of all REO units.

#### **Single Family Claims Experience**

The following chart sets forth information about claims on mortgage loans insured under the Single Family Regular Insurance Reserve and the Revitalization Program Insurance Reserve. Prior to 2016, MHF acquired properties upon paying a claim. No properties have been acquired by MHF since fiscal year 2016 as the Administration has elected to keep title to all acquired properties and only request MHF to pay its pro rata claim amount. The data for all reporting periods is subject to adjustment due to additional expenses paid and proceeds received after the close of the reporting periods. No claims have been paid year to date March 31 of Fiscal year 2025.

#### 2010 Single Family Insurance Agreement

The 2010 Single Family Insurance Agreement provides as follows:

(1) MHF will not decrease the amount of funds in the Single Family Regular Insurance Reserve as increased from time to time for any reason except to pay claims and advances against claims

arising under the Program and for expenditures with respect to properties acquired by MHF as a result of payment of such claims.

- (2) Except as necessary to pay claims and advances on claims and except for expenditures with respect to properties acquired by MHF as a result of payment of such claims, MHF will not exceed a certain leverage ratio. See "Management's Presentation of the MHF Program – Discussion of Leverage Ratios."
- (3) MHF and the Administration agree that MHF is released from any obligation to continue to provide pool insurance for loans originally covered by pool insurance under the 1980 Single Family Insurance Agreement.

### **Terms of Single Family Insurance Coverage**

MHF insures mortgage loans on one-to-four family structures under its Single Family Regular Program, which includes the Primary Insurance Program and the Pool Insurance Program.

*Pool Insurance*. Effective August 1, 2010, MHF was released from any obligation to provide pool insurance for loans originally covered by pool insurance under the 1980 Single Family Insurance Agreement.

Payment of Claims, MHF pays all claims in cash and may settle under one of four options:

- (1) Loan Assignment MHF takes an assignment of the mortgage and pays the claim (but not including expenses of foreclosure and acquisition of title);
- (2) Fixed Percentage Settlement claim settlement under this option is applicable when MHF provides for payment based on a declared percentage of the outstanding loan amount before foreclosure sale, and MHF, under this method, also waives any interest in the subject property;
- (3) Lender Acquisition Settlement the lender acquires title at foreclosure (or by deed in lieu of foreclosure) and transfers title to MHF, and MHF pays the amount of the claim up to the percentage specified in the insurance policy; and
- (4) Third Party Acquisition when the property is sold to a third party (at foreclosure, by the lender after taking a deed in lieu of foreclosure, or by the borrower after the commencement of foreclosure proceedings), with the approval of MHF, MHF pays the lesser of the percentage specified in the primary policy before crediting net sales proceeds or the full claim after crediting net proceeds of sale.

For claims paid under the Lender Acquisition Settlement method, MHF requires the Administration to take all steps required after default in order to deliver the property to MHF in a condition satisfactory to MHF. These steps may include foreclosure, eviction of the occupants if necessary, and cleaning of the property. As a result, a substantial period may elapse between the time an insured loan goes into default and payment of a claim. MHF Regulations regarding Single Family mortgage insurance do not require MHF to pay interest on a claim from the time an insured lender acquires title to the property, or from the date MHF agrees to take a Loan Assignment or make a Fixed Percentage Settlement, to the time the claim is paid. Claims are paid after the title to the property has been conveyed, which is at least 60 days after foreclosure and could be longer.

MHF will review cases that involve claims of more than nine months of delinquent interest on a case by case basis to ascertain the cause for the delayed claim and determine the amount of interest, if any, in excess of nine

months to be paid. Interest will be paid in excess of nine months where circumstances beyond the control of the insured lender caused the delay in making the claim, such as the filing of bankruptcy by the mortgagor.

#### **MULTIFAMILY INFORMATION**

#### Multifamily Insurance in Force and Available Reserves

The following table sets forth information about outstanding insurance on mortgage loans under MHF's Multifamily program as of March 31, 2025. The amounts shown are net of debt service claim payments.

#### **Outstanding Multifamily Insurance**

<sup>(1)</sup> Loans financed with proceeds of the Administration's Housing Revenue Bonds and the Administration's Multi-Family Residential Revenue Bonds (Insured Mortgage Loans). The loans provided permanent financing for construction and for developments located in 21 counties and the City of Baltimore. The projects (not including SHOP) contain units that are assisted under the Section 8 Program.

<sup>(2)</sup> On December 9, 2014, CDA and MHF created a new Demonstration Program whereby MHF insures short term loans. By utilizing MHF for this purpose, borrowers may avoid the need to obtain costly letters of credit. No loans are outstanding under this program at March 31. 2025.

<sup>(3)</sup> Loans financed with proceeds of the Administration's Special Housing Opportunities Program.

Charts detailing the multifamily loans insured by MHF and financed by the Administration may be found in the Administration's filings in accordance with Rule 15c2-12 of the Securities and Exchange Commission with the Electronic Municipal Market Access ("EMMA") for Housing Revenue Bonds and for Multifamily Housing Revenue Bonds (Insured Mortgage Loans).

#### **Certain Additional Expected Multifamily Claims**

MHF Regulations provide that after a multifamily mortgage loan insured by MHF has been in default for six months, the Administration or any other public agency that is an insured lender may require that the mortgage loan be assigned to MHF and an insurance claim paid by MHF to the Administration or such public agency. MHF currently has no insured loans in financial default.

### **Discussion of Multifamily Operations**

*Portfolio Risk Rating.* Since June 1997, the Department has developed and implemented a rating system for the MHF-insured Multifamily portfolio. The Department evaluates each insured project each quarter and assigns the loan a rating of "A," "B," or "C". Factors considered in evaluating projects include the project type, the vacancy level, net operating income and debt service coverage ratio, whether the mortgage is delinquent, the age of the loan and the age of the project, whether there is significant deferred maintenance, adequacy of funds held in reserve for replacements in relation to age and condition of project, rating by the Department in its annual management review, and stability of the market surrounding the property.

"A" Projects are those projects that require no more than standard attention because factors indicate the least prospect of default.

"B" Projects are those projects which are not in default but require more oversight and monitoring and present the possibility for default if existing conditions deteriorate further.

"C" Projects are those projects that are in financial or physical default or otherwise present a strong risk of financial or physical default.

-	Outstanding Principal Balances	Percentage of Total Principal	Number of Loans	Number of Projects
"A" Loans: <sup>(1)</sup>	\$424,209,412	65.3%	76	61
"B" Loans: "C" Loans:	225,156,083	34.7%	32	32
Portfolio Totals:	\$649,365,495	100.0%	108	93

### MHF's Risk Rating of the Multifamily Projects as of March 31, 2025

<sup>(1)</sup> Included in the 'A' Loans, in the "Outstanding Principal Balance" column, is \$8,390,085 for 88 group home (SHOP) loans, which are not reflected in the 'Number of Loans' nor 'Number of Projects' columns

*Portfolio Management*. The Division evaluates each of the loans in the "B" and "C" categories to develop an appropriate plan for mitigating risk of potential default. Strategies may include loan modification, use of additional resources, adjustments to funding of reserves for replacement going forward, payment forbearance, and replacement of management agents.

# MULTIFAMILY CLAIMS PAID BY MHF

#### Notes:

<sup>(1)</sup> Claims on eight Single Family loans insured under the Multi-Family Reserve before 1980.

<sup>(2)</sup> Bond Street Deed of Trust Note in the original principal amount of \$543,940.

<sup>(3)</sup> Belleview-Manchester was a Construction Loan under Administration's HELP Program; secured by a second mortgage. First insured lender bought property at the foreclosure sale.

<sup>(4)</sup> Strathdale Manor Apartments Deed of Trust Note in the original principal amount of \$14,285,000. Claim amount paid by MHF included \$10,700,000 of original principal on the Note and \$145,139 in interest. MHF paid \$2,205,204 of operating deficits for the project. The proceeds of a letter of credit in the amount of \$3,585,000 provided by Maryland National Bank were used to cover the rest of the original principal portion of the Note. As required by an intercreditor agreement between MHF and Maryland National Bank, MHF filed for foreclosure on August 4, 1994, and after prolonged negotiations with Baltimore City, the project developer, and other developers interested in further renovating the project proved unsuccessful, the property was sold to Baltimore City at foreclosure on April 15, 1997. The property was sold for an amount that was insufficient to provide any recovery to MHF.

<sup>(5)</sup> Walker Mill Deed of Trust Note in the original principal amount of \$4,400,000, as modified by an allonge dated November 5, 1987, reducing the principal amount of the Note to \$3,400,000. The Deed of Trust Note was sold and assigned to an unrelated third party purchaser on February 6, 1997.

<sup>(6)</sup> Edmondale Deed of Trust Note was in the original principal amount of \$508,000.

<sup>(7)</sup> Town Properties Deed of Trust Note in the original principal amount of \$884,984. The property was sold to an unrelated third party at foreclosure on August 7, 1997.

<sup>(8)</sup> Loch Raven Deed of Trust in the original principal amounts, as amended into two, Deed of Trust Notes: of \$9,765,000 and \$2,785,000, respectively. In return, the Administration accepted a demand note from MHF in the principal amount of \$11,782,615, the amount of the outstanding indebtedness net of the non-refundable deposit for the sale of the Deed of Trust Notes bearing interest at 8.25%. The Deed of Trust Notes were sold and assigned to an affiliate of the borrower on February 3, 1998. MHF received net sale proceeds in the amount of \$8,900,000, which were combined with additional claim payments totaling \$2,890,216 to repay the claim note and accrued interest. The net loss on the transaction was paid from the Unallocated Reserve.

<sup>(9)</sup> Village Home Apartments Deed of Trust Note in the original principal amount of \$986,856, dated September 30, 1993. The property was sold for \$640,000. The Administration accepted a claim note from MHF for \$1,009,109. MHF paid \$318,664 plus \$50,720 paid previously as pre-claim payments and \$275 per diem interest and then signed over the proceeds to repay the claim note in December 1999.

<sup>(10)</sup> Regent Apartments Deed of Trust Note in the original principal amount of \$1,255,000 dated September 16, 1994. The property was sold for \$860,603. The Administration accepted a claim note from MHF for \$1,299,265. MHF paid \$383,187 plus \$55,475 paid previously as preclaim payments and \$636 per diem interest and then signed over the proceeds to repay the claim note in January 1999.

<sup>(11)</sup> Maple Avenue Deed of Trust Note in the original principal amount of \$3,150,000 dated March 12, 1992. The property was sold for \$1,700,000 less settlement charges. The Administration accepted a claim note from MHF for \$2,953,878. MHF paid \$1,288,286 plus \$310,294 paid previously as pre-claim payments, \$1,259 per diem interest, signed over the proceeds, and, with \$10,000 received directly by the Administration, repaid the claim note in June 1999.

<sup>(12)</sup> Westfield Apartments Deed of Trust Note in the original principal amount of \$4,600,000 dated April 12, 1983. The property was sold for \$2,910,539. MHF paid a partial claim in the amount of \$1,433,520 that includes \$390,924 of accrued interest plus \$448,303 paid previously as pre-claim payments.

<sup>(13)</sup> Westfield Gardens Deed of Trust Notes in the original principal amounts of \$498,908 and \$28,150 dated September 21, 1983. The property was sold for \$279,435. MHF paid a partial claim in the amount of \$180,318, which included \$1,735 of accrued interest, plus \$38,739 paid previously as pre-claim payments.

<sup>(14)</sup> Apartments at the Greens Deed of Trust Notes in the original principal amounts of \$6,348,627 and \$341,850 dated April 21, 1983. The property was sold for \$6,010,026. MHF paid a partial claim in the amount of \$302,222, which included \$21,927 of accrued interest, plus \$46,963 paid previously as pre-claim payments.

<sup>(15)</sup> Stewarttown Deed of Trust Note in the original principal amount of \$3,136,100 dated July 18, 1975. The property was sold for \$2,150,000. MHF paid a partial claim payment in the amount of \$393,590.

<sup>(16)</sup> In May 1993, MHF paid a partial claim on a project called Telephone Apartments, in the amount of \$291,487 for which a promissory note has been received. On February 8, 2001, MHF sold the Deed of Trust Note. The proceeds of the sale exceeded the claim paid to the Administration by MHF by \$1,477. The partial claim of \$291,487 will not be repaid. MHF had an allowance for loan loss for the full amount of this note.
