INTRODUCTION

The purpose of this Official Statement, which includes the cover page, the inside cover page and the Appendices, is to set forth information in connection with the sale by the Community Development Administration (the “Administration”), a unit of the Division of Development Finance of the Department of Housing and Community Development (the “Department”), a principal department of the government of the State of Maryland (the “State” or “Maryland”), of its Local Government Infrastructure Bonds (Senior Obligations), 2012 Series A-1 (the “Series 2012A-1 Bonds”) and its Local Government Infrastructure Bonds (Subordinate Bonds), 2012 Series A-2 (the “Series 2012A-2 Bonds” and, together with the Series 2012A-1 Bonds, the “Series 2012A Bonds”).

The Administration is authorized to issue bonds to provide funds to finance and refinance all or a portion of loans (each, an “Infrastructure Loan”) to Local Governments (hereinafter defined) participating in the Administration’s Local Government Infrastructure Financing Program (the “Program”), established under and pursuant to Sections 4-101 through 4-255 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended (the “Act”), and in accordance with a Resolution Providing for the Issuance of Local Government Infrastructure Bonds adopted by the Administration as of August 1, 2010, as amended and supplemented (the “Current Resolution”). The Current Resolution appoints Manufacturers and Traders Trust Company, a New York banking corporation with trust powers and having a corporate trust office in Baltimore, Maryland, as trustee (the “Trustee”). A Series Resolution authorizing the issuance of the Series 2012A Bonds will be adopted by the Administration prior to the issuance of the Series 2012A Bonds (the “Series 2012A Resolution”). The Current Resolution and the Series 2012A Resolution are collectively referred to in this Official Statement as the “Resolutions.”

Capitalized terms used herein and not otherwise defined herein shall have the meaning assigned them in Appendix C hereof unless the context clearly indicates otherwise. See Appendix C - “SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS - Certain Definitions.”

The Series 2012A Resolution authorizes the Administration to issue the Series 2012A-1 Bonds in the aggregate principal amount of \$9,550,000 and the Series 2012A-2 Bonds in the aggregate principal amount of \$4,420,000 as Additional Bonds under the Current Resolution. The proceeds of the Series 2012A-1 Bonds will provide funds to finance or refinance all or a portion of Infrastructure Loans to six (6) Local Governments as hereinafter described. The proceeds of the Series 2012A-2 Bonds will provide funds to finance or refinance the remaining portion of such Infrastructure Loans to those six (6) Local Governments and to fund reserves. See Appendix B – “LOCAL GOVERNMENTS AND LOCAL OBLIGATIONS.”

The Series 2012A-1 and the Series 2012A-2 Bonds are the third and fourth Series of Bonds issued under the Current Resolution. The Series 2012A-1 Bonds, the Series 2010A-1 Bonds previously issued under the Current Resolution, and any Additional Bonds constituting Senior Bonds, which the Administration may issue under the Current Resolution, are and will be on a parity, and will be equally and ratably secured under the Current Resolution.

The Series 2012A-2 Bonds will constitute Subordinated Bonds and will be secured under the Current Resolution by a pledge junior and subordinate in all respects to the pledge and security granted to the Senior Bonds. Subordinated Bonds, which the Administration may issue under the Current Resolution, are and will be on a parity basis, equally and ratably secured under the Current Resolution with the Series 2010A-2 Bonds, the Series 2012A-2 Bonds and any other Subordinated Bonds issued under the Current Resolution, but will not be on parity with the Senior Bonds.

As of December 31, 2011 \$18,525,000 principal amount of Senior Bonds were outstanding and \$8,140,000 principal amount of Subordinated Bonds were outstanding under the Current Resolution. The Outstanding Senior Bonds consist of one Series that was issued simultaneously with the one Series of Outstanding Subordinated Bonds. The two Series of Bonds jointly financed Infrastructure Loans for six Local Governments.

Infrastructure Loans made under the Program are to be funded with proceeds of Bonds, for any undertaking, project or facility that is planned, acquired, owned, developed, constructed, reconstructed, rehabilitated, or improved by or on behalf of a one of the State's 23 counties and Baltimore City (a "County") or a municipal corporation in Maryland subject to the provisions of Article XI-E of the Maryland Constitution (a "Municipality") to provide the essential physical elements that are the basis of the public service system (the "Infrastructure Projects") and to pay bond issuance costs, including any fee or charge necessary for the Administration (i) to sell any Series of Bonds, (ii) to provide financial assistance for any Series of Bonds, (iii) to provide any guarantee, credit enhancement or additional security for any Series of Bonds or (iv) to insure any Series of Bonds. Infrastructure Projects include streets, sidewalks, curbs, sewer and water systems, bridges, and public buildings that are owned by a County or Municipality (each, a "Political Subdivision") or a governmental unit of a Political Subdivision. As used herein "Local Government" means a Political Subdivision or a governmental unit of a Political Subdivision. Each Infrastructure Loan must be evidenced by bonds, notes, repayment agreements, instruments or other obligations ("Local Obligations") of a Local Government.

Brief descriptions of the Series 2012A Bonds and the security for the Series 2012A Bonds are included in this Official Statement. Descriptions of the Department and the Administration can be found in Appendix A to this Official Statement. A list of the Local Governments and Infrastructure Projects the Administration expects to finance and refinance with the proceeds of the Series 2012A Bonds and a list of the Local Governments and Infrastructure Projects the Administration financed with the proceeds of Outstanding Bonds previously issued under the Current Resolution are included in this Official Statement in Appendix B. A summary of certain provisions of the Current Resolution, as supplemented by the Series 2012A Resolution, is included in this Official Statement as Appendix C. The proposed form of the opinion of Bond Counsel is included in this Official Statement as Appendix D. Audited and unaudited financial statements of the Administration's Local Government Infrastructure Bonds issued under the Current Resolution are included in this Official Statement as Appendix E. **The appendices to this Official Statement constitute a part of this Official Statement and contain information which any potential investor should read in conjunction with the other parts of this Official Statement in order to make an informed investment decision.**

See Appendix B – “LOCAL GOVERNMENTS AND LOCAL OBLIGATIONS—Infrastructure loans expected to be financed with a portion of the proceeds of the Series 2012A Bonds”. Upon the issuance of the Series 2012A Bonds, the New Project Proceeds shall be deposited to the credit of the Loan Fund established with respect to the Series 2012A Bonds (the “Series 2012A Loan Fund”), in accordance with the terms of the Resolutions. The Administration will apply a portion of the proceeds of the Series 2012A Bonds in an aggregate principal amount of \$5,946,659 (the “Refunding Proceeds”) to currently refund a portion of certain outstanding principal maturities of its Infrastructure Financing Bonds (MBIA Insured), 1998 Series B (the “Series 1998B Bonds”) and its Infrastructure Financing Bonds (MBIA Insured), 1999 Series A (the “Series 1999A Bonds”) for the purpose of refinancing prior infrastructure loans (the “Prior Infrastructure Loans”) for three of the six Local Governments receiving loans from proceeds of the Series 2012A Bonds. Funding Debt Service Reserve Fund. The Administration will apply a portion of the proceeds of the Series 2012A-2 Bonds in the amount of \$345,307 (the “Reserve Proceeds”) to the Debt Service Reserve Fund, representing the amount required to make the amount on deposit therein equal the Debt Service Reserve Fund Requirement. Special Redemption. The Series 2012A Bonds are subject to special redemption at the principal amount thereof, plus accrued interest thereon, at the option of the Administration, in whole or in part, at any time, without premium from (1) Series 2012A Bonds proceeds deposited in the Loan Fund and not used to finance an Infrastructure Loan, and (2) amounts on deposit in the Surplus Fund.

General Provisions. Any Series 2012A Bonds to be redeemed, except by a Sinking Fund Installment, shall be redeemed only upon receipt by the Trustee of a certificate signed by an Authorized Officer which sets forth the following: (1) the Series of Bonds to be redeemed, (2) the maturities within such Series from which Bonds are to be redeemed, (3) the principal amount and maximum price of Bonds within such maturities to be redeemed, (4) the amount, if any, to be transferred from other moneys to pay applicable redemption premiums, and (5) if any of the Series 2012A Bonds to be redeemed are Term Bonds, the years in which and amounts by which the applicable Sinking Fund Installments are to be reduced.

If more than one Series of Bonds is outstanding, the Administration may choose any outstanding Series of Bonds and maturities within such Series to be redeemed from prepayments of Infrastructure Loans or from moneys in the Surplus Fund; under such circumstances, there can be no assurance that any particular Series of Bonds or maturity within a Series of Bonds will not be called for redemption.

Not fewer than 20 days before the date fixed for redemption of any Series 2012A Bonds, notice of redemption is to be given as provided in the Current Resolution (see Appendix C - "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS - Publication of Notices"), but failure to give notice will not affect the validity of any proceedings for redemption of other Bonds of such Series. The Administration may provide in a Series Resolution for shorter or longer periods for the publication of redemption notice for any Series of Additional Bonds, including, without limitation, redemption of any Series of Bonds with no prior notice to Bondholders. If fewer than all of the Bonds of a Series having the same maturity are called for redemption, the particular Bonds or units of fully registered Bonds to be redeemed are to be selected by the Trustee by lot using such method of selection as it shall deem proper pursuant to the Current Resolution. All Bonds called for redemption will cease to accrue interest on the specified redemption date and shall no longer be considered Outstanding under the Current Resolution, provided that funds sufficient for the redemption of such Bonds are deposited with the Trustee. Upon presentation and surrender of Bonds called for redemption at the place or places of payment, together with a written instrument of transfer duly executed by the owner thereof or by the owner's attorney duly authorized in writing, such Bonds are to be paid and redeemed. See "DTC and Book-Entry" below for a description of redemption procedures under DTC's book-entry system.

The Administration has covenanted that it will not, at any time, cause Bonds to be purchased or redeemed, if this would have any material adverse effect on its ability to pay, when due, the principal of and interest on the Bonds Outstanding after such purchase or redemption. Accordingly, the Administration will select the maturities within each Series of Bonds to be purchased or redeemed (which may include maturities with the highest interest rate) in a manner which will enable the Administration to pay, when due, such principal and interest.

DTC and Book-Entry

At the time of delivery of the Series 2012A Bonds, DTC will act as securities depository for the Series 2012A Bonds. The ownership of one fully registered Series 2012A Bond for each maturity, in the aggregate principal amount of such maturity, initially will be registered in the name of Cede & Co., as nominee for DTC, or such other name as may be requested by an authorized representative of DTC, and deposited with DTC or its designated custodian. DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers,

banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Series 2012A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2012A Bonds on DTC’s records. The ownership interest of each actual purchaser of each Series 2012A Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2012A Bonds are to be accomplished by entries made on the books of Direct or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2012A Bonds, except in the event that use of the book-entry system for the Series 2012A Bonds is discontinued.

To facilitate subsequent transfers, all Series 2012A Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2012A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2012A Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Series 2012A Bonds are credited, which may or may not be the Beneficial Owners. The Direct or Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

The Trustee will make payments of principal of, redemption premium, if any, and interest on the Series 2012A Bonds to Cede & Co., or such other DTC nominee as may be requested by an authorized representative of DTC. DTC’s current practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detailed information from the Trustee, on the payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Administration or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium (if any) and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Administration or the Trustee, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursements of such payments to the Beneficial Owners entitled thereto is the responsibility of Direct and Indirect Participants. DTC, the Trustee and the Administration are not responsible for and make no representations concerning the manner of, or any charges that may be associated with, payments by Direct Participants or Indirect Participants to Beneficial Owners.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Series 2012A Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant to be redeemed.

Neither DTC, Cede & Co. nor such other DTC nominee will consent or vote with respect to the Series 2012A Bonds, unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an omnibus proxy to the Administration as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2012A Bonds are credited on the record date (identified in a listing attached to the omnibus proxy).

Neither the Department, nor the Administration nor the Trustee will have any responsibility or obligation to the Direct Participants or the Beneficial Owners with respect to (A) the accuracy of any records maintained by DTC or any Participant; (B) the payment by any Participant of any amount due to any Beneficial Owner in respect of the principal of and premium, if any, and interest on the Series 2012A Bonds; (C) the delivery or timeliness of delivery by any Participant of any notice to any Beneficial Owner which is required or permitted under the terms of the Current Resolution to be given to Bondholders; or (D) any other action taken by DTC, or its nominee, Cede & Co., as Bondholder, including the effectiveness of any action taken pursuant to an Omnibus Proxy.

The Administration and the Trustee cannot give any assurances that DTC will distribute payments of principal of, redemption premium, if any, and interest on the Series 2012A Bonds paid to DTC or its nominee, as the registered owner, or any redemption or other notices, to the Direct Participants or that they will do so on a timely basis, that Direct Participants or Indirect Participants will distribute to Beneficial Owners any payments or notices received by them or do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement.

So long as Cede & Co. is the registered owner of the Series 2012A Bonds, as nominee of DTC, references in this Official Statement to the owners of the Series 2012A Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners and Cede & Co. will be treated as the only Bondholder of Series 2012A Bonds for all purposes under the Current Resolution.

The Administration may enter into amendments to the agreement with DTC or successor agreements with a successor securities depository, relating to the book-entry system to be maintained with respect to Series 2012A Bonds without the consent of Beneficial Owners or Bondholders.

DTC may discontinue providing its services as a securities depository with respect to the Series 2012A Bonds at any time by giving reasonable notice to the Administration or Trustee. Under such circumstances, in the event that a successor depository is not obtained, bond certificates for the Series 2012A Bonds will be printed and delivered. The Administration may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, bond certificates for the Series 2012A Bonds will be printed and delivered.

Information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Administration believes to be reliable, but the Administration takes no responsibility for the accuracy thereof.

Definitive Bonds

DTC (or a successor securities depository) may discontinue providing its service with respect to the Series 2012A Bonds at any time by giving notice to the Administration or the Trustee. Under such circumstances, in the event a successor securities depository is not obtained, certificates for the Series 2012A Bonds are required to be printed and delivered. In addition, the Administration, in its sole discretion and without the consent of any other person, may not use or may terminate the services of DTC

(or a successor securities depository). Under such circumstances, the Series 2012A Bonds will be delivered as provided in the Current Resolution, and registered in accordance with the instructions of the purchasers, and the following requirements of the Current Resolution will apply. Interest on the Series 2012A Bonds will be payable: (a) by check or draft mailed by the Trustee to the registered owner thereof, or (b) upon the request of a registered owner of any Series 2012A Bonds having a principal amount of \$1,000,000 or more, by wire transfer from the Trustee to the registered owner thereof. The principal of and redemption premium, if any, on the Series 2012A Bonds are payable at the principal office of the Trustee, or its successor, upon presentation of any Series 2012A Bonds on or after the date of maturity or redemption. Each exchange or transfer of any Series 2012A Bonds may require the payment by the registered owner of any tax, fee or other charge imposed by law and a reasonable transfer fee of the Trustee. The Administration shall not be obligated to make any such exchange or transfer of Series 2012A Bonds during the fifteen business days next preceding an Interest Payment Date on the Series 2012A Bonds, or in the case of any proposed redemption of Series 2012A Bonds, after the giving of notice calling such Series 2012A Bonds or portions thereof for redemption.

SECURITY FOR THE BONDS

Pursuant to the Current Resolution, the security for the Bonds, including, without limitation the Series 2012A Bonds, is a pledge of and lien on:

- (1) proceeds of the sale of Series 2012A Bonds and all other Bonds (other than proceeds deposited in trust for the retirement of Outstanding Bonds),
- (2) all Local Obligations acquired by the Administration,
- (3) the Administration's right, title and interest in all Infrastructure Loans,
- (4) all Revenues (primarily payments of principal of and interest on Infrastructure Loans) and Prepayments,
- (5) all Pledged Funds pledged in connection with all Local Obligations, and
- (6) all moneys, Permitted Investments and other assets and income held in and receivable by Funds and Accounts established by or pursuant to the Current Resolution.

The pledge and security interest are subject to the power of the Administration to direct the release of amounts from such funds and accounts free and clear of such pledge and security interest after satisfying the then current requirements for all funds and accounts and certain other conditions as provided in the Current Resolution. Moneys necessary to pay arbitrage rebate, if any, to the United States are administered outside of, and are not subject to the lien of, the Current Resolution.

THE BONDS ARE SPECIAL OBLIGATIONS OF THE ADMINISTRATION PAYABLE SOLELY FROM THE REVENUES AND PROPERTY OF THE ADMINISTRATION PLEDGED THEREFOR UNDER THE CURRENT RESOLUTION. THE BONDS OF THE ADMINISTRATION SHALL NOT BE A DEBT OF, AND DO NOT PLEDGE THE FAITH, CREDIT OR TAXING POWER OF THE STATE, THE DEPARTMENT, THE ADMINISTRATION OR ANY POLITICAL SUBDIVISION, AND SHALL BE PAYABLE SOLELY FROM THE REVENUES AND PROPERTY PROVIDED FOR IN THE CURRENT RESOLUTION AND IN ACCORDANCE WITH THE ACT. THE ADMINISTRATION HAS NO TAXING POWER.

The Bonds are *not* secured by the Administration's General Bond Reserve Fund, and Bondholders for the Series 2012A Bonds have no right to any of the moneys or investments held in such fund.

Under bond resolutions (each, a “Prior Resolution”) other than the Current Resolution, the Administration has issued other series of bonds under its infrastructure financing program to finance infrastructure projects of local governments as a pooled financing. See Appendix A - “THE DEPARTMENT AND THE ADMINISTRATION - Other Programs of the Department - Infrastructure Financing Program Under Prior Resolutions.” None of the infrastructure loans financed from such other series of bonds, or the assets or revenues held under the bond and series resolutions relating to such bonds, are subject to the lien of the Current Resolution or available to pay principal of or interest on the Series 2012A Bonds. None of the Infrastructure Loans to be made from the proceeds of the Series 2012A Bonds or any assets or revenues held under the Current Resolution are available to pay principal of or interest on any of those other series of bonds.

Local Obligations

Before the Administration makes an Infrastructure Loan, the Current Resolution requires the Local Government to:

- (1) Execute and deliver to the Administration a Local Obligation evidencing the payment obligations of the Local Government;
- (2) Execute any and all other agreements, certificates or documents as the Administration may require; and
- (3) Provide an opinion of counsel acceptable to counsel to the Administration.

The Administration will not finance an Infrastructure Loan unless payments of principal and interest scheduled to be derived with respect to such Infrastructure Loan and scheduled payments of principal and interest and other payments on all other Infrastructure Loans pledged under the Current Resolution, together with interest and other income estimated to be derived from the investment or deposit of money in funds and accounts, are expected to be sufficient to pay the principal of and interest on all Outstanding Bonds.

The Local Obligations issued to provide for repayment of each Infrastructure Loan financed with the proceeds of the Series 2012A Bonds will be secured by the full faith and credit of the applicable Local Government or, where the Local Obligation is issued by an agency or instrumentality of a Political Subdivision, the Political Subdivision will guaranty the Local Obligation of its agency or instrumentality, which guaranty will be secured by the full faith and credit of the Political Subdivision (the “Guarantor Political Subdivision”). To secure the Local Obligations, each Local Government and Guarantor Political Subdivision will execute an agreement (the “Pledge Agreement”) pledging, among other things, certain funding the Local Government may receive from the State and an agreement (the “Repayment Agreement”) to pay principal and interest on its Local Obligations. See below under the heading “Intercept of Local Government Payments” and the “THE PROGRAM – Security for Infrastructure Loans.”

On the date of closing of the Series 2012A Bonds, the entire proceeds of each Infrastructure Loan to be financed by the Series 2012A Bonds will be deemed to be lent to the Local Governments; however, pursuant to the applicable Repayment Agreement, the Administration will disburse the proceeds of an Infrastructure Loan only upon receipt of a requisition by the Local Government which includes an itemization of the costs for which the Local Government requests payment. Upon receipt of any funds, the Local Government must immediately apply the funds to the payment of development costs of Infrastructure Projects. The Administration will not be responsible or liable in any event to any person other than the Local Government for the disbursement of or failure to disburse Infrastructure Loan proceeds, or any part thereof, and neither the general contractor for the project, if any, nor any subcontractor nor material or equipment supplier will have any contractual right or claim against the Administration under the Repayment Agreement.

Pursuant to the Repayment Agreement, each Local Government is required to make scheduled payments on its Infrastructure Loan on May 1 and November 1 of each year during the term of the Infrastructure Loan.

Intercept of Local Government Payments from the State

Each Local Government receiving an Infrastructure Loan financed with the proceeds of Bonds will enter into a Pledge Agreement with the Administration pledging the State shared revenues, State collected local taxes, the Local Government's share of State taxes, including the State income taxes, general grants or payments, State highway user revenues and any payment pursuant to any program which replaces any of the foregoing (collectively, the "Local Government Payments"). See Appendix B – "LOCAL GOVERNMENTS AND LOCAL OBLIGATIONS" for a description of the amount of such Local Government Payments for each Local Government for calendar years 2006 through 2011 and the maximum annual debt service secured by the Local Government Payments.

A Local Government which is an agency or instrumentality of a Political Subdivision or a governmental unit of a Political Subdivision may not be entitled to receive any Local Government Payments from the State, and in that case Local Government Payments could be pledged only if a Political Subdivision entitled to receive Local Government Payments guarantees the Local Government's Local Obligation and enters into a Pledge Agreement. If the Administration does not receive scheduled payments on an Infrastructure Loan financed with the proceeds of any Bonds, including, without limitation the Series 2012A Bonds, the Administration may give notice of the amount remaining unpaid to the Comptroller and the Treasurer of the State. The Comptroller or the Treasurer, upon receipt of such notice, has agreed to pay or cause to be paid to the Trustee such unpaid amount from any available Local Government Payments held by the Comptroller or the Treasurer that the Local Government or Guarantor Political Subdivision named in the notice is entitled to receive from the State. If the Local Government Payments held by the Comptroller or Treasurer are not enough to satisfy the notice, the Comptroller or Treasurer will continue to withhold Local Government Payments and to pay them to the Administration. The Comptroller or Treasurer (as the case may be) will use its best efforts to make such payments within five (5) business days, but no later than the ten (10) business days following receipt of the notice. Such Local Government Payments, however, may not be sufficient to pay amounts due and unpaid on the Infrastructure Loan. See "THE PROGRAM – Security for Infrastructure Loans – Pledge of State Assistance to Local Government."

Debt Service Reserve Fund

The Debt Service Reserve Fund previously established under the Current Resolution to secure the Series 2010A-2 Bonds will also secure the Series 2012A-2 Bonds. Upon the delivery of the Series 2012A-2 Bonds, there will be deposited in the Debt Service Reserve Fund the amount necessary to make the amount on deposit therein equal to Maximum Annual Debt Service of the Series 2012A-2 Bonds and the Series 2010A-2 Bonds. The Debt Service Reserve Fund securing the Series 2012A-2 Bonds and the Series 2010A-2 Bonds may secure Additional Bonds constituting Subordinated Bonds provided that upon the issuance of such Additional Bonds, there is deposited therein the amount required to make the amount on deposit in the Debt Service Reserve Fund equal the Debt Service Reserve Fund Requirement, after giving effect to the issuance of such Additional Bonds. The Current Resolution establishes the Debt Service Reserve Fund Requirement for the Debt Service Reserve Fund securing the Series 2012A-2 Bonds and the Series 2010A-2 Bonds as an amount equal to the least of (i) 10% of the proceeds of the Bonds secured thereby, (ii) Maximum Annual Debt Service on all outstanding Bonds secured thereby, and (iii) 125% of the average annual Debt Service Requirements of all Bonds secured thereby. See APPENDIX C - "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS – Funds and Accounts – Debt Service Reserve Fund."

If as a result of any withdrawal from the Debt Service Reserve Fund, the amount credited thereto is less than the Debt Service Reserve Fund Requirement, the Administration is required under the Current Resolution and Section 4-233.1 of the Act to replenish the Debt Service Reserve Fund from available

operating revenue generated by infrastructure projects, or with available funds provided by the State, including but not limited to Local Government Payments. However, if the available operating revenues from infrastructure projects and the available funds provided by the State are insufficient to replenish the Debt Service Reserve Fund, the Administration shall request that the Comptroller of the State advance funding to replenish the Debt Service Reserve Fund as provided in Chapter 719 of the Acts of the General Assembly of 2009 (the "Capital Reserve Bond Bill") or any other bond bill enacted by the General Assembly of the State for this purpose. The Capital Reserve Bond Bill authorizes the State to issue up to \$2 million in general obligation bonds and use the proceeds thereof to replenish the Debt Service Reserve Fund. The Capital Reserve Bond Bill provides that the Administration shall have up to five years to repay the proceeds of any general obligation bonds issued by the State to advance funds to the Administration to replenish the Debt Service Reserve Fund.

The Administration is required under the Current Resolution to make monthly payments in such amounts as will cure the deficiency. The Current Resolution also contains provisions which require the Administration to make certain payments in the event of certain investment losses. See APPENDIX C - "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS – Funds and Accounts – Debt Service Reserve Fund."

Additional Senior and Subordinated Bonds

The Current Resolution permits the issuance of Additional Bonds constituting Senior Bonds to provide funds to make or purchase Infrastructure Loans, to refund Outstanding Bonds issued under the Current Resolution or other obligations issued to finance and refinance the Infrastructure Loans or other infrastructure loans made by the Administration under the Program to Local Governments, or to refinance other indebtedness of Local Governments previously issued to finance infrastructure projects, but only upon the satisfaction of certain conditions set forth in the Current Resolution, including the requirement that the issuance of such Additional Bonds will have no material adverse effect on the then current rating on the outstanding Senior Bonds or on the ability of the Administration to pay when due the principal of, redemption premium, if any, and interest on the Outstanding Bonds and delivery of a cash flow certificate. The Series 2012A-1 Bonds and any Additional Bonds constituting Senior Bonds issued under the Current Resolution on a parity basis will be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Current Resolution.

The Current Resolution also authorizes the issuance of Subordinated Bonds for the purpose of refunding or advance refunding of any Series of Outstanding Bonds or obtaining funds to acquire, design, construct, reconstruct, equip, improve, finance or refinance one or more Infrastructure Projects. Subordinated Bonds may be secured by the proceeds of any Series of Subordinated Bonds, any Revenues from any Infrastructure Loan financed with the proceeds of a Series of Subordinated Bonds, and any Pledged Funds received with respect to an Infrastructure Project financed by such Infrastructure Loan. Payment of the principal or redemption price of and interest on, and the purchase price of, each Series of Subordinated Bonds, shall be secured by the pledge of the funds and accounts described in the foregoing sentence, subordinate, however, to the pledge securing Bonds which were not issued as Subordinated Bonds. The Series 2012A-2 Bonds constitute Subordinated Bonds and will be secured under the Current Resolution by a pledge junior and subordinate in all respects to the pledge and security granted to Senior Bonds (including the Series 2012A-1 Bonds).

THE PROGRAM

The State created the Program to provide an additional, accessible and uncomplicated mechanism to finance the public infrastructure maintained by Local Governments in order to promote sound community development, improve the quality of the environment, strengthen the economy and otherwise promote the health, safety and welfare of the citizens of the State. The two Series of the Series 2012A Bonds are the second issue of Bonds under the Current Resolution. The Series 2012A-1 Bonds, the Series 2010A-1 Bonds and any additional Series of Senior Bonds which the Administration may issue on parity

under the Current Resolution will be equally and ratably secured under the Current Resolution. The Current Resolution also allows the issuance of Subordinated Bonds which will not be on a parity with the Senior Bonds. The Series 2012A-2 Bonds will constitute Subordinated Bonds and will be secured under the Current Resolution by a pledge junior and subordinate in all respects to the pledge and security granted to the Senior Bonds (including the Series 2012A-1 Bonds) and on parity with the Series 2010A-2 Bonds and any additional Series of Subordinated Bonds. Under prior separate bond resolutions (other than the Current Resolution), the Administration has issued other series of bonds under the Program to finance Infrastructure Projects of Local Governments. See Appendix A - "THE DEPARTMENT AND THE ADMINISTRATION - Other Programs of the Department - *Infrastructure Financing Program Under Prior Resolutions.*" None of the infrastructure loans financed from those other series of bonds, or the assets or revenues held under the bond and series resolutions relating to such bonds, are subject to the lien of the Current Resolution or available to pay principal of or interest on the Series 2012A Bonds, the Series 2010A Bonds or any other Additional Bonds issued under the Current Resolution. None of the Infrastructure Loans to be made from the proceeds of the Series 2012A Bonds, the proceeds of Additional Bonds issued under the Current Resolution or any assets or revenues held under the Current Resolution are available to pay principal of or interest on any of these other series of bonds.

Appendix B sets forth information on each Local Government and Infrastructure Loan expected to be financed with the proceeds of the Series 2012A Bonds. The Administration may issue Additional Bonds from time to time under the Current Resolution to finance additional Infrastructure Loans upon compliance with the requirements of the Current Resolution. See "SECURITY FOR THE BONDS - Additional Senior and Subordinated Bonds."

General

Under the Program, a Local Government may file an application for an Infrastructure Loan when the Local Government (1) has defined and engineered a capital improvement project to the point where a reasonably reliable estimate of its costs is available and the Local Government is prepared to proceed with construction, or (2) plans the acquisition of or refinancing of existing indebtedness for a project eligible under the Program. A project is eligible for financing or refinancing through the Program if it is an undertaking, project or facility that is planned, acquired, owned, developed, constructed, reconstructed, rehabilitated, or improved by or on behalf of a Local Government to provide the essential physical elements that are the basis of the public service system. Such projects include, but are not limited to, any of the following: water production, treatment, storage and distribution systems; sewer collection and treatment facilities; solid waste transfer, conversion and disposal facilities; storm water control and drainage facilities; bulkheads, piers, wharves and ramps; bridges, streets, and roads; facilities for police, fire, transportation, education, culture, health, recreation, maintenance and other facilities for the delivery of public services; street lighting, landscaping and other public space improvements. The project may not include any facilities with respect to which the Local Obligations financing such facilities would be "private activity bonds" within the meaning of Code §141, for which a volume cap allocation under Code §146 would be required. The amount of the Infrastructure Loan may include the costs of preparing studies, surveys and plans and specifications; architectural, engineering and other professional services; acquisition of land and buildings thereon; site preparation and development; acquisition of machinery, equipment and furnishings, and financing costs.

The Department has promulgated regulations governing the operation of the Program. These regulations set forth standards for determining the eligibility of projects and costs to be financed under the Program, and describe the general terms and conditions required for the Infrastructure Loans. The regulations also provide procedures for approval of the Infrastructure Loans and set forth certain other general requirements as to Infrastructure Loans and Infrastructure Projects, some of which are described below. The regulations are subject to amendment and revision. Particular provisions of the regulations may be waived or varied by the Secretary to the extent that the waiver is not inconsistent with the Act or contrary to the provisions of the Current Resolution or any applicable Series Resolution if: (i) adherence to the requirements of any federal, State, or local program used in connection with a project necessitates waiver or variance of a regulation; or (ii) in the determination of the Secretary, the application of a regu-

lation in a specific case or in an emergency situation would be inequitable or contrary to the purposes of the Act.

After receiving an application, the Program staff reviews the application for completeness. In support of the application, local governments are required to submit audited financial statements, interim (unaudited) financial statements, operating budgets and capital budgets (as available). Local Governments are also asked to submit data with respect to assessed valuation of real property, tax collections, outstanding and projected indebtedness, current population figures, unemployment rates, per capita income, median household income, principal tax payers and major employers. Program staff analyze the data submitted and several years worth of historical data to determine the general economic condition and financial viability of the community. Program staff also undertake a detailed analysis of available Local Government Payments which flow from the State to each Local Government and each Guarantor Political Subdivision. The Program does not review or monitor the plans and specifications of the Infrastructure Project, any testing or surveys of or with respect to any part of the Infrastructure Project, any required permits or approval, construction in progress, payment of contractors, disputes or pending or threatened litigation affecting the Infrastructure Project. Each Local Government is responsible for obtaining all licenses, permits and approvals, undertaking any necessary or appropriate tests or surveys (including environmental or hazardous or toxic waste surveys) and acquiring, constructing, operating, maintaining and managing the Infrastructure Project and any related services and providing for its continued availability and use. The Local Government must certify that the Infrastructure Project is consistent with the local comprehensive plan or warranted by extraordinary circumstances with no reasonably feasible alternative in accordance with State law. The Department is required to determine that the Infrastructure Project is consistent generally with the State Economic Growth, Resource Protection, and Planning Policy.

In addition to the formal credit analysis outlined above, proposed Infrastructure Loans are submitted to the Department's Housing Finance Review Committee (the "Review Committee") and the proposed Bond issuances are submitted to the Department's Revenue Bond Advisory Board (the "Board") for review and approval. Before the earlier of the public distribution of a preliminary official statement or submission of a preliminary official statement to any rating agency for review, the Board reviews and make recommendations to the Secretary regarding the issuance of bonds, notes, or other securities by the Administration, and the Review Committee reviews and makes recommendations to the Secretary regarding the proposed Infrastructure Loans. For more information regarding the Review Committee and the Board, see Appendix A – "THE DEPARTMENT AND THE ADMINISTRATION – General Information."

The Administration pays Program operating costs and certain costs of issuance of Bonds (including the Series 2012A Bonds) from earnings received from its programs financed by its bond resolutions, certificates and indentures (including the Current Resolution) in excess of amounts required to pay debt service on its bonds. The costs of issuing the Series 2012A Bonds (including Underwriters' fee) will be divided among the Local Governments whose Infrastructure Loans will be financed from the proceeds of the Series 2012A Bonds. The aggregate share of these costs in the amount of \$318,728 will be paid by the Local Governments.

Infrastructure Loans

Terms of Infrastructure Loans. The term of an Infrastructure Loan may not exceed the lesser of the useful life of the Infrastructure Project or 30 years, the final term being at the discretion of the Administration, taking into consideration the applicable requirements of the Current Resolution and any applicable Series Resolution. In the case of any county transportation facility financed by an Infrastructure Loan and secured by a pledge of a County's share of State highway user revenues, the term may not exceed 15 years. Infrastructure Loans may be made in any amounts that are necessary to finance eligible costs of an Infrastructure Project, but may not exceed 100 percent of the eligible costs of the Infrastructure Project.

Events of Default Under the Repayment Agreement. Events of default under the Repayment Agreement ("Repayment Events of Default," each, a "Repayment Event of Default") include (1) failure by

the Local Government to pay, on the date on which such amount is due and payable, (a) the principal of, premium, if any, or interest or any other charges or sums on or under the Local Obligation (whether upon maturity, on any installment payment date, after notice of prepayment, or otherwise), or (b) any other payment required by the Repayment Agreement or any of the other documents relating to the Program; (2) default by the Local Government in the due and punctual observance or performance of any other term, covenant or agreement contained in the Repayment Agreement, including failure by the Local Government to levy taxes or appropriate funds pursuant to the requirements of the Repayment Agreement, or with respect to any other of the Local Government's payment requirements, which default remains unremedied for 30 days (or such other cure period as may be specified in the Repayment Agreement or in any of the other documents relating to the Program) after notice to the Local Government; provided, however, that if such default cannot be corrected within 30 days (or such other cure period as may be specified in the Repayment Agreement), it will not be a Repayment Event of Default if the Local Government is taking appropriate corrective action to cure the default; (3) the occurrence of a filing of a petition in bankruptcy under the Bankruptcy Code or the commencement of a proceeding under any other applicable law concerning insolvency, reorganization, or bankruptcy by or against the Local Government as debtor, or the Local Government becoming generally unable to pay its debts as they become due; or (4) the occurrence of an event of default under any of the other documents relating to the Program.

Whenever any Repayment Event of Default has occurred, the Administration or the Trustee, may: (1) bring legal proceedings against the Local Government to enforce the Administration's rights under the Repayment Agreement and to require the Local Government to carry out its agreements and perform its duties under the Repayment Agreement; (2) bring suit upon the Repayment Agreement; (3) sue to enjoin any acts or things which are unlawful or violate the rights of the Administration or the Trustee; or (4) take necessary action to collect the payments and other amounts then or thereafter due or to exercise any rights or remedies under the Repayment Agreement.

Security for Infrastructure Loans

General Obligation Pledge of Local Governments. Local Obligations issued to provide for repayment of each Infrastructure Loan financed with the proceeds of Bonds issued under the Current Resolution may be secured by the full faith and credit of the applicable Local Government or, where the Local Obligation is issued by an agency or instrumentality of a Political Subdivision or a governmental unit of a Political Subdivision, the Political Subdivision will guaranty the Local Obligation of its agency or instrumentality, which guaranty may be secured by the full faith and credit of the Guarantor Political Subdivision. A Local Obligation secured by full faith and credit requires that annual debt service payments be made from the collection of *ad valorem* taxes if other sources of funds or revenues of the Local Government or Guarantor Political Subdivision are insufficient to pay debt service on the Local Obligation.

Revenue Pledge of Local Government or Infrastructure Project; Local Obligations Subject to Annual Appropriations. The Current Resolution does not require Local Governments to pledge their full faith and credit as security for Infrastructure Loans made with the proceeds of a Series of Bonds. The Administration may in the future permit Local Governments to secure Infrastructure Loans by either (i) a pledge of certain revenues or assets of the Local Government, or (ii) revenues derived from or assets consisting of the Infrastructure Project. In addition, Local Obligations may be payable from general funds of the Local Government which are subject to annual appropriations; in such cases the primary remedies upon non-appropriation of funds to pay the Local Obligation would be to repossess the property financed and sell it, or exercise remedies under the Pledge Agreement between the Administration and the Local Government of the kind described below. The Series 2012A-1 Bonds, the Series 2010A-1 Bonds and any other Additional Bonds constituting Senior Bonds will be secured equally and ratably under the terms of the Current Resolution even if Infrastructure Loans financed with the proceeds of a subsequent series of Senior Bonds are not secured by a pledge of the full faith and credit of a Local Government or of a Political Subdivision guaranteeing the Infrastructure Loan. Likewise, the Series 2012A-2 Bonds, the Series 2010A-2 Bonds and any other Additional Bonds constituting Subordinated Bonds will be secured equally and ratably under the terms of the Current Resolution even if Infrastructure Loans financed with

the proceeds of a subsequent series of Subordinated Bonds are not secured by a pledge of the full faith and credit of a Local Government or of a Political Subdivision guaranteeing the Infrastructure Loan.

Pledge of State Assistance to Local Government. Each Local Government receiving an Infrastructure Loan financed with the proceeds of the Series 2012A Bonds will enter into a Pledge Agreement with the Administration pledging Local Government Payments, if any, the Local Government is entitled to receive from the State. A Local Government which is an agency or instrumentality of a Political Subdivision may not be entitled to receive any Local Government Payments from the State, and in that case Local Government Payments could be pledged only if a Guarantor Political Subdivision entitled to receive Local Government Payments guarantees the Local Government's Local Obligation and enters into a Pledge Agreement. If the Administration does not receive scheduled payments on an Infrastructure Loan financed with the proceeds of the Series 2012A Bonds, the Administration may give notice of the amount remaining unpaid to the Comptroller or the Treasurer of the State under the terms of the State Intercept Memorandum of Understanding dated as of June 21, 2010, by and among the Administration, the Comptroller and the Treasurer. The Comptroller or the Treasurer, upon receipt of such notice, has agreed within two (2) business days after receipt of the notice to intercept or stop payments of the Local Government Payments to the defaulting Local Government or Guarantor Political Subdivision identified in the notice and to use their best efforts to make payment to the Trustee within five (5) business days after such interception but not later than ten (10) business days. Such payment to the Trustee will be from any available Local Government Payments that the Local Government is entitled to receive from the State. Such Local Government Payments, however, may not be sufficient to pay amounts due and unpaid on the Infrastructure Loan.

Local Governments receiving Infrastructure Loans made with the proceeds of Additional Bonds or Counties or Municipalities guaranteeing the Local Obligation of a Local Government may not be required to enter into a Pledge Agreement with the Administration. The Series 2012A-1 Bonds, the Series 2010A-1 Bonds and any other Series of Additional Bonds constituting Senior Bonds will be secured equally and ratably under the Current Resolution, even though Infrastructure Loans financed with the proceeds of Additional Bonds may or may not be subject to a Pledge Agreement between the Local Government together with any Guarantor Political Subdivision and the Administration relating to Local Government Payments.

The Series 2012A-2 Bonds will be issued as Subordinated Bonds under the Current Resolution. Payment of the principal or redemption price of and interest on, and the purchase price of, the Series 2012A-2 Bonds and the Series 2010A-2 Bonds will be secured equally and ratably by the pledge of funds and accounts under the Current Resolution to the extent specified in the Current Resolution, subordinate, however, to the pledge securing the Series 2012A-1 Bonds, the Series 2010A-1 Bonds and any other Senior Bonds issued thereunder. Any series of Additional Bonds issued under the Current Resolution as Subordinated Bonds, may also be secured by the pledge of funds and accounts under the Current Resolution to the extent specified in the Series Resolution authorizing the issuance of such Subordinated Bonds, subordinate, however, to the pledge securing the Senior Bonds, and upon such terms and conditions set forth in the Series Resolution authorizing the Subordinated Bonds. Subordinated Bonds may be payable from Revenues derived under the Current Resolution, but only after payment of all other amounts payable from Revenues with respect to the Senior Bonds.

Loans to Finance County Transportation Facilities. If the Infrastructure Loan finances a county transportation facility secured by a pledge of a County's share of State highway user revenues, the County shall execute a participation agreement which shall:

- (1) constitute a pledge of a County's share of State highway user revenues to the Administration in an amount sufficient to repay the Bonds, and the interest payable thereon, in 15 years;

(2) authorize the State Comptroller to withhold and deposit a County's share of State highway user revenues into a sinking fund maintained to pay the principal of and interest on the Bonds due on the next payment date under the applicable Series Resolution; and

(3) require a County to use the proceeds of the Infrastructure Loan solely for activities permitted by Transportation I Article, §8-401 through §8-413 of the Annotated Code of Maryland.

See "Factors Affecting Infrastructure Loans or the Bonds" below for a discussion of possible limitations upon the enforcement of and other factors affecting Local Obligations.

Factors Affecting Infrastructure Loans or the Bonds

The timely payment by the Administration of the principal of and interest on the Series 2012A Bonds and all other Bonds issued under the Current Resolution may be adversely affected by: (1) failure of Local Governments to make timely payment on the Local Obligations, and (2) the ability of the Administration to enforce, and the availability of Local Government Payments under, the Pledge Agreement.

If one or more Local Governments fail to make timely payment on their Local Obligations, sufficient moneys may not be available to pay principal of and interest on the Bonds. The failure of a Local Government to make timely payment on its Local Obligations or the occurrence of an event of default with respect to a Local Obligation does not constitute a default with respect to any other Local Obligation. Similarly, the occurrence of an Event of Default under the Current Resolution does not, of itself, constitute an event of default with respect to any Local Obligation. Under such circumstances, neither the Administration nor the Trustee has the right to demand payment of any Local Obligation not in default.

Enforcement of Local Obligations. The Local Governments which participate in the Program may have limited staff and resources. In the case of Local Obligations backed by a pledge of the full faith and credit of a Local Government, there can be no assurance that the Local Government will timely pay the Local Obligations. The Administration maintains no debt service reserve fund or other funds, except the Debt Service Reserve Fund for the Series 2012A-2 Bonds and the Series 2010A-2 Bonds and any funds and accounts created under the Current Resolution and the Surplus Fund, to pay debt service on the Series 2012A Bonds and the Series 2010A Bonds should any Local Government fail to timely pay the principal of and interest on its Local Obligation. The Administration requires, however, that payments of principal and interest on Local Obligations be made 30 days prior to the date on which payment is due on the Bonds. Despite the risk of non-payment by Local Governments, there has never been an occurrence where a delay in payment by Local Governments participating in the Administration's infrastructure financing programs has resulted in a default in payment on bonds issued pursuant to such programs; however, there can be no assurance that such a delay will not result in a default in the future.

If the Infrastructure Loan constitutes a pledge of the full faith and credit of the Local Government, upon an event of default under any document relating to the Program the Administration or the Trustee may sue and obtain a judgment against the Local Government. Nevertheless, upon obtaining a judgment, it may be necessary to seek additional relief, such as mandamus against officials of the Local Government, to compel the Local Government to levy and collect such taxes or to set and collect fees as may be necessary to provide funds from which the judgment may be paid. The efficacy of such relief may depend upon the cooperation of the Local Government and its officials. Enforcement of the claim for payment of principal and interest on a defaulted Infrastructure Loan may be subject to the provisions of Chapter IX of the United States Bankruptcy Code or statutes hereinafter enacted which extend the time of payment or impose constraints upon enforcement.

The ability of the Administration or the Trustee to enforce their respective rights or exercise remedies upon default under an Infrastructure Loan is dependent upon legal and procedural requirements and judicial actions which may be subject to discretion and delay. Under existing law and judicial

decisions (including laws relating to bankruptcy), the remedies provided for under the Infrastructure Loan documents may not be readily available or may be limited. There is no direct authority under Maryland law permitting a levy upon the property of Local Governments for the payment of their debts or judgments against them.

The Pledge Agreement. The Administration may, on default in the payment of the principal of and interest on a Local Obligation, exercise its rights under the Pledge Agreement (if any) with the Local Government and Guarantor Political Subdivision to require payment of Local Government Payments due the Local Government from the State directly to the Administration or the Trustee. The Administration's ability to enforce the Pledge Agreement or to obtain any such Local Government Payments of the Local Government from the State in accordance with the Pledge Agreement may be subject to the availability of such funds, to court proceedings, the timing and outcome of which are uncertain, and to other uncertainties. In addition, Local Government Payments may be pledged to secure other loans from or amounts due to the Administration, other agencies of the State, or other creditors. See Appendix B – "Local Government and Local Obligations" – for descriptions of available Local Government Payments for certain fiscal years. The Comptroller and the Treasurer of the State have not established any system to determine the priority of such pledges. Accordingly, there can be no assurance as to the priority, if any, of any such pledge, or of the availability of funds from any such pledge to pay the amounts due on an Infrastructure Loan financed with the proceeds of any Series of Bonds. Certain Local Government Payments may be dedicated to specific uses or purposes, such as education or transportation, and, accordingly, may not be available to pay debt service on the Local Obligations.

Enforcement of Pledges of Revenues or Other Assets. Under the Current Resolution a Local Obligation may be a special, limited or revenue obligation of the Local Government secured by a pledge of revenues, proceeds, payments, rents, charges and other income derived from an Infrastructure Project or any other facilities of a Local Government or by a lien on assets of the Local Government. Upon the occurrence of an event of default under any document relating to the Program, the remedies of the Administration available under the Infrastructure Loan documents may not be readily available or may be limited. For example, the Administration may not as a practical matter be able to foreclose upon mortgaged assets of the Local Government and would be required to seek a receiver for such assets. A receiver might be required to continue to operate the asset and revenues derived from the asset may be available only to pay the Local Obligation after payment of all expenses.

The Current Resolution also permits a Local Obligation to be subject to annual appropriation of principal and interest by the Local Government. In the event the Local Government failed to appropriate principal and interest, the remedies of the Administration may be limited to repossessing and selling the assets financed by the Local Obligation.

Failure of Local Government to Comply with Covenants Relating to Tax-Exemption of Bonds. The Administration and each of the Local Governments have covenanted to comply with certain restrictions designed to assure that interest on the Series 2012A Bonds will not become includable in gross income. Failure to comply with these covenants may result in interest on the Series 2012A Bonds being included in gross income from the date of issue of the Series 2012A Bonds regardless of the date on which the event causing such taxability occurs. In such event, enforcement remedies available to the Administration may be inadequate to prevent the loss of tax exemption of interest on the Series 2012A Bonds retroactive to the date of issuance of such Series. In such event, there is no provision for either acceleration or redemption of the Series 2012A Bonds or to increase the rate of interest paid on any of the Bonds, and owners of the Series 2012A Bonds may be required to hold such Bonds bearing taxable interest until maturity.

PAYMENT FLOW OF FUNDS CHART

Default Scenario – Sequence of Events

1. Employ State-aid Intercept mechanism first toward the Senior Bonds, and second toward the Subordinate Bonds.
2. Apply funds from available revenues generated from the Infrastructure Indenture, if any.
3. Specific to the Subordinate Bonds, draw on the Debt Service Reserve Fund.
4. Replenish the Debt Service Reserve Fund with monies available through the Contingent Liability.

Ongoing : The Administration shall enforce its rights, as provided for and described under loan agreements and Maryland law, including the State-aid Intercept mechanism, to recover any balance owed by a participating local government in order to reimburse the State.

TAX MATTERS

Maryland Income Taxation

In the opinion of Bond Counsel, by the terms of the Act, Series 2012A Bonds, their transfer, the interest payable thereon, and any income derived therefrom, including any profit realized in their sale and exchange, are exempt from taxation of every kind and nature of taxation whatsoever by the State of Maryland or by any of its political subdivisions, or any of its governmental units of any kind. No opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Series 2012A Bonds, their transfer or income therefrom.

Interest on the Series 2012A Bonds may be subject to state or local income taxes in jurisdictions other than the State of Maryland under applicable state or local tax laws. Holders or prospective purchasers of the Series 2012A Bonds should consult their tax advisors regarding the taxable status of the Series 2012A Bonds in a particular state or local jurisdiction other than the State of Maryland.

Federal Income Taxation

In the opinion of Bond Counsel, assuming compliance with certain covenants described herein, the interest on the Series 2012A Bonds will be excludable from gross income for federal income tax purposes under existing statutes, regulations, and decisions.

Under the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), there are certain restrictions that must be met subsequent to the delivery of the Series 2012A Bonds in order for interest on the Series 2012A Bonds to remain excludable from gross income for federal income tax purposes, including restrictions that must be complied with throughout the term of the Series 2012A Bonds. These include the following: (i) a requirement that certain earnings received from the investment of the proceeds of the Series 2012A Bonds be rebated to the United States of America under certain circumstances (or that certain payments in lieu of rebate be made); (ii) other requirements applicable to the investment of the proceeds of the Series 2012A Bonds; and (iii) other requirements applicable to the use of the proceeds of the Series 2012A Bonds and the facilities financed and refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Series 2012A Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The Administration and the Local Governments have made certain covenants regarding actions required to maintain the excludability from gross income for federal income tax purposes of interest on the Series 2012A Bonds. It is the opinion of Bond Counsel that, assuming compliance with such covenants, the interest on the Series 2012A Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

Interest on the Series 2012A Bonds is not included in the alternative minimum taxable income of individuals, corporations, or other taxpayers as an enumerated item of tax preference or other specific adjustment, but may be taken into account in determining “adjusted current earnings” for purposes of computing the alternative minimum tax on corporations. However, interest income on the Series 2012A Bonds will be subject to the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States.

In rendering its opinion, Bond Counsel will rely on the Tax and Section 148 Certificate made on behalf of the Administration by officers thereof with respect to certain material facts within the knowledge of the Administration, and on related certificates made on behalf of the Local Governments with respect to certain matters within the knowledge of the Local Governments relevant to the tax-exempt status of interest on the Series 2012A Bonds.

Tax Accounting Treatment of Discount Bonds

Certain maturities of the Series 2012A Bonds may be issued at an initial public offering price which is less than the amount payable on such Series 2012A Bonds at maturity (the "Discount Bonds"). The difference between the initial offering price at which a substantial amount of the Discount Bonds of each maturity was first sold and the principal amount of such Discount Bonds payable at maturity constitutes original issue discount. In the case of any holder of Discount Bonds, the amount of such original issue discount which is treated as having accrued with respect to such Discount Bonds is added to the original cost basis of the holder in determining, for federal income tax purposes, gain or loss upon disposition (including sale, early redemption or repayment at maturity). For federal income tax purposes (i) any holder of a Discount Bond will recognize gain or loss upon the disposition of such security (including sale, early redemption or payment at maturity) in an amount equal to the difference between (a) the amount received upon such disposition and (b) the sum of (1) the holder's original cost basis in such Discount Bond, and (2) the amount of original issue discount attributable to the period during which the holder held such Discount Bond, and (ii) the amount of the basis adjustment described in clause (i)(b)(2) will not be included in the gross income of the holder.

Original issue discount on Discount Bonds will be attributed to permissible compounding periods during the life of any Discount Bonds in accordance with a constant rate of interest accrual method. The yield to maturity of the Discount Bonds of each maturity is determined using permissible compounding periods. In general, the length of a permissible compounding period cannot exceed the length of the interval between debt service payments on the Discount Bonds and must begin or end on the date of such payments. Such yield then is used to determine an amount of accrued interest for each permissible compounding period. For this purpose, interest is treated as compounding periodically at the end of each applicable compounding period. The amount of original issue discount which is treated as having accrued in respect of a Discount Bond for any particular compounding period is equal to the excess of (i) the product of (a) the yield for the Discount Bond (adjusted as necessary for an initial short period) divided by the number of compounding periods in a year multiplied by (b) the amount that would be the tax basis of such Discount Bond at the beginning of such period if held by an original purchaser who purchased at the initial public offering price, over (ii) the amount actually payable as interest on such Discount Bond during such period. For purposes of the preceding sentence, the tax basis of a Discount Bond, if held by an original purchaser, can be determined by adding to the initial issue price of such Discount Bond the original issue discount that is treated as having accrued during all prior compounding periods. If a Discount Bond is sold or otherwise disposed of between compounding dates, then interest which would have accrued for that compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Holders of Discount Bonds should note that, under the tax regulations, the yield and maturity of a Discount Bond are determined without regard to commercially reasonable sinking fund payments and any original issue discount remaining unaccrued at the time that a Discount Bond is redeemed in advance of stated maturity will be treated as taxable gain. Moreover, tax regulations prescribe special conventions for determining the yield and maturity of certain debt instruments that provide for alternative payment schedules applicable upon the occurrence of certain contingencies.

The yields (and related prices) provided by the Underwriters for the Series 2012A Bonds and shown on the inside cover of this Official Statement may not reflect the initial offering prices for purposes of determining the original issue discount for federal income tax purposes.

The foregoing summarizes certain federal income tax consequences of original issue discount with respect to the Discount Bonds but does not purport to deal with all aspects of federal income taxation that may be relevant to particular investors or circumstances, including those set out above. Prospective purchasers of Discount Bonds should consider possible state and local income, excise or franchise tax consequences arising from original issue discount on Discount Bonds. In addition, prospective corporate purchasers should consider possible federal tax consequences arising from original issue discount on such Discount Bonds under the branch profits tax. The amount of original issue discount considered to have

accrued may be reportable in the year of accrual for state and local tax purposes or for purposes of the branch profits tax without a corresponding receipt of cash with which to pay any tax liability attributable to such discount. Purchasers with questions concerning the detailed tax consequences of transactions in the Discount Bonds should consult their tax advisors.

Additional Federal Income Tax Considerations

Certain Federal Tax Consequences of Ownership

There are other federal income tax consequences of ownership of obligations such as the Series 2012A Bonds under certain circumstances, including the following: (i) deductions are disallowed for certain expenses of taxpayers allocable to interest on tax-exempt obligations, as well as interest on indebtedness incurred or continued to purchase or carry tax-exempt obligations and interest expense of financial institutions allocable to tax-exempt interest; (ii) for property and casualty insurance companies, the amount of the deduction for losses incurred must be reduced by 15% of the sum of tax-exempt interest received or accrued and the deductible portion of dividends received by such companies; (iii) interest income which is exempt from tax must be taken into account for the purpose of determining whether, and what amount of, social security or railroad retirement benefits are includable in gross income for federal income taxation purposes; and (iv) for S corporations having Subchapter C earnings and profits, the receipt of certain levels of passive investment income, including interest on tax-exempt obligations such as the Series 2012A Bonds, can result in the imposition of tax on such passive investment income and, in some cases, loss of S corporation status.

Purchase, Sale and Retirement of Series 2012A Bonds

Except as noted below in the case of market discount, the sale or other disposition of a Series 2012A Bond will normally result in capital gain or loss to its holder. A holder's initial tax basis in a Series 2012A Bond will be its cost. Upon the sale or retirement of a Series 2012A Bond, for federal income tax purposes a holder will recognize capital gain or loss upon the disposition of such security (including sale, early redemption or payment at maturity) in an amount equal to the difference between (a) the amount received upon such disposition and (b) the tax basis in such Series 2012A Bond, determined by adding to the original cost basis in such Series 2012A Bond the amount of original issue discount that is treated as having accrued as described below under "Tax Accounting Treatment of Discount Bonds." Such gain or loss will be a long-term capital gain or loss if at the time of the sale or retirement the Series 2012A Bond has been held for more than one year. Present law taxes both long and short-term capital gains of corporations at the rates applicable to ordinary income. For noncorporate taxpayers, however, net capital gains will be taxed at a maximum rate of 15%, while short-term capital gains and other ordinary income will be taxed at a maximum rate of 35%. Net capital gains are the excess of net long-term capital gains (gains on capital assets held for more than one year) over net short-term capital losses. Because of the limitation on itemized deductions and the deduction for personal exemptions applicable to higher income taxpayers, the effective rate of tax may be higher in certain circumstances. The operation of sunset, effective date and similar timing provisions in current law would result in a change in the tax rates in certain future time periods.

If a holder acquires a Series 2012A Bond after its original issuance at a discount below its principal amount (or in the case of a Series 2012A Bond issued at an original issue discount, at a price that produces a yield to maturity higher than the yield to maturity at which such Series 2012A Bond was first issued), the holder will be deemed to have acquired the Series 2012A Bond at "market discount," unless the amount of market discount is de minimis, as described in the following paragraph. If a holder that acquires a Series 2012A Bond with market discount subsequently realizes a gain upon the disposition of the Series 2012A Bond, such gain shall be treated as taxable interest income to the extent such gain does not exceed the accrued market discount attributable to the period during which the holder held such Series 2012A Bond, and any gain realized in excess of such market discount will be treated as capital gain. Potential purchasers should consult their tax advisors as to the proper method of accruing market discount.

In the case of a Series 2012A Bond not issued at an original issue discount, market discount will be de minimis if the excess of the Series 2012A Bond's stated redemption price at maturity over the holder's cost of acquiring the Series 2012A Bond is less than 0.25% of the stated redemption price at maturity multiplied by the number of complete years between the date the holder acquires the Series 2012A Bond and its stated maturity date. In the case of a Series 2012A Bond issued with original issue discount, market discount will be de minimis if the excess of the Series 2012A Bond's revised issue price over the holder's cost of acquiring the Series 2012A Bond is less than 0.25% of the revised issue price multiplied by the number of complete years between the date the holder acquires the Series 2012A Bond and its stated maturity date. For this purpose, a Series 2012A Bond's "revised issue price" is the sum of (i) its original issue price and (ii) the aggregate amount of original issue discount that is treated as having accrued with respect to the Series 2012A Bond during the period between its original issue date and the date of acquisition by the holder.

A Series 2012A Bond will be considered to have been issued at a premium if, and to the extent that, the holder's tax basis in the Series 2012A Bond exceeds the amount payable at maturity. Under tax regulations applicable to the Series 2012A Bonds, the amount of the premium would be determined with reference to the amount payable on that call date (including for this purpose the maturity date) which produces the lowest yield to maturity on the Series 2012A Bonds. The holder will be required to reduce his tax basis in the Series 2012A Bond for purposes of determining gain or loss upon disposition of the Series 2012A Bond by the amount of amortizable bond premium that accrues (determined in the manner prescribed in the regulations) during his period of ownership. No deduction (or other tax benefit) is allowable in respect of any amount of amortizable bond premium on the Series 2012A Bonds.

Backup Withholding

If a holder of a Series 2012A Bond (other than a corporation or other specified exempt entity) fails to satisfy applicable information reporting requirements imposed by the Code, interest payments to the holder will be subject to "backup withholding", which means that the payor of the interest is required to deduct and withhold a tax equal to 28% of the interest payment. In general, the information reporting requirements (where applicable) are satisfied if the holder completes, and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification". Backup withholding should not occur if a holder purchases a Series 2012A Bond through a brokerage account with respect to which a Form W-9 has been provided, as generally can be expected. In any event, backup withholding does not affect the excludability of the interest on the Series 2012A Bonds from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be subject to recovery by the holder through proper refund or credit.

The foregoing is only a general summary of certain provisions of the Code as enacted and in effect on the date hereof and does not purport to be complete; holders of the Series 2012A Bonds should consult their own tax advisors as to the effects, if any, of the Code (and any proposed or subsequently enacted amendments to the Code) in their particular circumstances.

See Appendix D hereto for the proposed form of opinion of Bond Counsel.

LITIGATION

There is no pending litigation of any nature restraining or enjoining or seeking to restrain or enjoin the issuance, sale or delivery of the Series 2012A Bonds or in any way contesting or affecting the validity of the Series 2012A Bonds, the Current Resolution or other proceedings of the Secretary taken with respect to the authorization, issuance or sale of the Series 2012A Bonds, the Bonds, the Program, the pledge or application of any moneys by the Administration under the Current Resolution, or the existence or powers of the Administration.

LEGAL MATTERS

McKennon Shelton & Henn LLP, Baltimore, Maryland, Bond Counsel, is acting as Bond Counsel to the Administration in connection with the issuance of the Series 2012A Bonds. The proposed form of Bond Counsel's approving opinion will be in substantially the form set forth in Appendix D. Certain legal matters pertaining to the Administration will be passed upon by an Assistant Attorney General of the State as Counsel to the Department. Certain legal matters will also be passed on for the Underwriters by Miles & Stockbridge P.C.

LEGALITY FOR INVESTMENT

Under the Act, the Series 2012A Bonds are securities in which all public officers and governmental units of the State and its political subdivisions and all banks, trust companies, savings and loan associations, investment companies, and others carrying on a banking business, all insurance companies, insurance associations, and others carrying on an insurance business, all personal representatives, guardians, trustees, and other fiduciaries, and all other persons, may legally and properly invest funds, including capital in their control or belonging to them. The Series 2012A Bonds are securities which may properly and legally be deposited with and received by any officer of the State or any political subdivision or by any unit or political subdivision of the State for any purpose for which the deposit of bonds or other obligations of the State is authorized by law.

UNDERWRITING

The Series 2012A Bonds are being purchased on a negotiated basis pursuant to the Bond Purchase Agreement dated May 2, 2012 (the "Bond Purchase Agreement") between the Administration and M&T Securities, Inc., as representative for the underwriters named in the Bond Purchase Agreement (the "Underwriters"). The Underwriters have agreed to purchase the Series 2012A Bonds at the initial offering prices set forth on the inside cover hereof, which reflects a net original issue premium of \$30,731.60. The Underwriters will receive a fee of \$129,362.20 relating to its purchase of the Series 2012A Bonds. The Bond Purchase Agreement provides that the Underwriter will purchase all but not less than all of the Series 2012A Bonds. The Underwriters' obligation to make such purchase is subject to certain conditions set forth in the Bond Purchase Agreement. The prices at which the Series 2012A Bonds are offered to the public (and the yields resulting therefrom) may vary from the initial public offering prices appearing on the inside cover page of this Official Statement. In addition, the Underwriters may offer and sell any of the Series 2012A Bonds to certain dealers (including dealers depositing such Series 2012A Bonds into investment trusts) and certain dealer banks and banks acting as agents at prices lower than the initial public offering prices stated on the inside cover page hereof.

The Underwriters have provided this paragraph for inclusion in this Official Statement. Each of the Underwriters and its affiliates is a full service financial institution engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Each of the Underwriters and its affiliates may have, from time to time, performed and may in the future perform, various investment banking services for the Administration, for which they may have received or will receive customary fees and expenses. In the ordinary course of their various business activities, each of the Underwriters and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Administration.

J.P. Morgan Securities LLC ("JPMS"), one of the Underwriters of the Series 2012A Bonds, has entered into negotiated dealer agreements (each, a "Dealer Agreement") with each of UBS Financial Services Inc. ("UBSFS") and Charles Schwab & Co., Inc. ("CS&Co.") for the retail distribution of certain

municipal securities offerings at the original issue prices. Pursuant to each Dealer Agreement, each of UBSFS and CS&Co. will purchase the Series 2012A Bonds from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any Series 2012A Bonds that such firm sells.

RATINGS

Moody's Investors Service, Inc. ("Moody's") has assigned its municipal bond ratings of "Aa2" (negative outlook) to the Series 2012A-1 Bonds and its municipal bond ratings of "Aa2" (negative outlook) to the Series 2012A-2 Bonds. The assigned ratings reflect only the views of Moody's and an explanation of the significance of those ratings may be obtained only from Moody's. There is no assurance that the ratings, once assigned, will continue for any period of time or that either or both of the ratings will not be revised, reduced or withdrawn for either or both series of the Series 2012A Bonds. The Administration has not agreed to maintain the ratings, to notify the owners of an affected series of the Series 2012A Bonds of any proposed or threatened change or withdrawal of either or both ratings (other than actual material rating changes within the scope of the Administration's secondary market disclosure undertaking described below) or to oppose any proposed or threatened change or withdrawal of the ratings. Any reduction or withdrawal of ratings for a series of the Series 2012A Bonds would have an adverse effect upon the market price of the such Series 2012A Bonds.

Neither the Administration nor the Local Governments have applied to any rating service for a credit rating on the Infrastructure Loans expected to be financed with the proceeds of the Series 2012A Bonds. The Administration makes no representations concerning any credit rating which bonds or notes of the Local Governments may have received from any rating service.

SECONDARY MARKET DISCLOSURE

The Administration

Annual Information. The Administration has agreed, in accordance with the provisions of Rule 15c2-12 (the "Rule"), adopted by the Securities and Exchange Commission (the "Commission") under the Securities and Exchange Act of 1934, as amended, to provide, or cause to be provided, to each nationally recognized municipal securities information repository and to the appropriate state information depository, if any, for the State, in accordance with the Rule, when and if available, but in any event within nine months after the end of each fiscal year of the Administration, the following annual financial information and operating data (the "Annual Information"):

1. a copy of the annual financial statements of the Administration's Local Government Infrastructure Bonds prepared in accordance with generally accepted accounting principles and audited by a certified public accountant;
2. a copy of the annual financial statement of each Local Government having, as of the end of such fiscal year, an aggregate outstanding unpaid principal balance of Infrastructure Loans under the Program equal to or greater than 10% of the outstanding principal amount of all Infrastructure Loans financed under the Program (and, if such Infrastructure Loans are guaranteed by a Political Subdivision, the annual financial statement of the Guarantor Political Subdivision), prepared and audited in accordance with law (which currently requires that such statements be prepared in accordance with generally accepted accounting principles and audited by a certified public accountant); and
3. an update of the financial information in this Official Statement contained in Appendix B - "LOCAL GOVERNMENTS AND LOCAL OBLIGATIONS" for each Local Government or Guarantor Political Subdivision meeting the criteria described in paragraph 2 immediately above.

As of the date of this Official Statement the repository established by the Municipal Securities Rulemaking Board (“MSRB”), known as the Electronic Municipal Market Access System (“EMMA”) <http://emma.msrb.org/>, is the only repository approved by the Commission. The Administration may, at its option, satisfy the foregoing obligations by either: (i) providing an official statement for one or more Series of Bonds or by specific reference, in accordance with the Rule, to one or more official statements provided previously, or (ii) to the extent permitted by the Rule, by filing (or requiring Local Governments or Guarantor Political Subdivisions to file) and incorporating by reference the annual audited financial statements of, or the Uniform Financial Report (Forms F-65(MD-2) or F-65(MD-2A) or any substitute or successor reports) prepared and filed with the Maryland State Department of Legislative Services by, in either case, each Political Subdivision receiving an Infrastructure Loan (or guaranteeing an Infrastructure Loan to one of its agencies or instrumentalities) made from the proceeds of the Series 2012A Bonds that meets the requirements of paragraph 2 above, for so long as the Infrastructure Loan is outstanding. The Administration may, at its option, but is not obligated to, provide information about other Local Governments receiving an Infrastructure Loan or guaranteeing an Infrastructure Loan to one of its agencies or instrumentalities. See Appendix B - “LOCAL GOVERNMENTS AND LOCAL OBLIGATIONS - Financial Information of Local Governments” for a description of the Uniform Financial Report.

Event Information. The Administration has also agreed to provide to the MSRB, or cause to be provided to the MSRB, notice of the occurrence of any of the following events with respect to any of the Series 2012A Bonds (each, a “Listed Event”), in a timely manner, not in excess of ten (10) business days after the occurrence of such Listed Event:

1. principal and interest payment delinquencies,
2. non-payment related defaults,
3. unscheduled draws on debt service reserves reflecting financial difficulties,
4. unscheduled draws on credit enhancements, if any, reflecting financial difficulties,
5. substitution of credit or liquidity providers, if any, or their failure to perform,
6. adverse tax opinions, Internal Revenue Service notices or events affecting the tax-exempt status of any of the Series 2012A Bonds,
7. modifications to rights of Bondholders, if material,

11. rating changes,

14. merger, consolidation or acquisition of the obligated person, if material, or

15. appointment of a successor or additional trustee, or the change of name of a trustee, if material.

The events numbered 4, 5 and 12 above may not be applicable because no credit or liquidity facility has been established with respect to the Series 2012A Bonds and no tender rights have been established for the Series 2012A Bonds.

Additional Agreements and Limitations. In a timely manner, the Administration will give, or cause to be given to the MSRB notice of any failure by the Administration or a Local Government to provide any information described under the headings “Annual Information” or “Event Information” on or before the dates specified therein.

The Administration has reserved the right to modify from time to time the specific types of information provided and the format of the presentation of such financial information, to the extent necessary or appropriate in the judgment of the Administration. The Administration has agreed that any such modification will be undertaken in a manner consistent with the Rule.

The Administration has reserved the right to terminate its obligation to provide financial information and notices of material events, as described above, as to any Series of Bonds or the owners thereof if and when the Administration no longer remains an obligated person with respect to such Series of Bonds within the meaning of the Rule.

The Administration has agreed that its undertaking pursuant to the Rule described herein is intended to be for the benefit of any holder or beneficial owner of any of the Series 2012A Bonds. Such holder’s and beneficial owner’s right to enforce the provisions of this undertaking is limited to a right to obtain specific enforcement of the Administration’s obligations with respect thereto. The undertaking further provides that the venue for any legal proceeding to enforce the undertaking shall be in a court within the State. Any failure by the Administration to comply with the provisions of its undertaking will not be an event of default with respect to the Bonds under the Current Resolution or under any Series Resolution.

The provisions of the undertaking with respect to the Rule described above may be amended, without the consent of the holders or the beneficial owners of any of the Series 2012A Bonds, to the extent required or permitted by any amendment to the Rule becoming effective after the date hereof.

Compliance. The Administration is in compliance with the Rule.

(iv) if requested by the Administration or if the filing of Uniform Financial Report (or comparable report) is no longer required, an update of the financial information relating to the Local Government contained in Appendix B of the Official Statement of the Administration for the Series 2012A Bonds that financed the Local Government Obligation; and

- (14) merger, consolidation or acquisition of the obligated person, if material; or
- (15) appointment of a successor or additional trustee, or the change of name of a trustee, if material.

The events numbered 4, 5 and 12 above may not be applicable because no credit or liquidity facility has been established with respect to the Series 2012A Bonds and no tender rights have been established for the Series 2012A Bonds.

(c) Failure of a Local Government to provide timely the information required under this Section may result in the failure being reported by the Administration to the Municipal Securities Rulemaking Board.

COMMUNITY DEVELOPMENT ADMINISTRATION
MARYLAND DEPARTMENT OF HOUSING AND
COMMUNITY DEVELOPMENT

Frank B. Coakley, Director

May 2, 2012

THE DEPARTMENT AND THE ADMINISTRATION

General Information

The Administration was created in 1970 as a division of the Department of Economic and Community Development to meet the shortage of adequate, safe and sanitary housing in the State of Maryland (the “State”), particularly for persons or families of limited incomes. Chapter 311 of the Laws of Maryland 1987, effective July 1, 1987, abolished the Department of Economic and Community Development, created the Department and assigned the Administration as a unit in the Division of Development Finance of the Department.

The Department consists of five divisions: the Division of Development Finance (“DDF”), the Division of Credit Assurance, the Division of Neighborhood Revitalization (“DNR”), the Division of Finance and Administration (“DFA”) and the Division of Information Technology (“IT”). The Secretary of Housing and Community Development (the “Secretary”) is the head of the Department and is appointed by the Governor with the advice and consent of the Senate.

DDF, through the Administration, is the bond issuing division of the Department. DDF is also a lending division of the Department, originating loans under various lending programs and providing loan underwriting services to the Department and its other divisions and units. DDF is responsible for managing all aspects relating to the bond issuance and the Program’s general management and administration.

DFA provides budget, accounting, auditing and administrative services to the Department. In addition, the Administration has a finance office which handles finance and accounting for lending and bond activities and insurance activities. The Administration’s finance office reports directly to the Director of the Administration.

IT develops and maintains information systems and trains staff of the Department in the use of computer resources.

The Secretary, with the approval of the Governor, appoints the Director of the Administration. The Director of the Administration, with the approval of the Secretary, appoints the Deputy Director of the Administration and other senior staff members of the Administration. The Act establishes a Housing Finance Review Committee (the “Review Committee”) which has the responsibility to review and give recommendations to the Secretary regarding loans or categories of loans and the investment and project financing policies of the Administration. The Review Committee consists of seven members appointed by the Governor, including three members of the public, three members of the Department and one member of the executive branch of State Government who is not employed by the Department. When urgent action is required, the Secretary may approve a specific loan request without receiving the recommendation of the Review Committee.

The Department has established a Revenue Bond Advisory Board (the “Board”). The Board provides independent advice and expertise to the Department with respect to the issuance of revenue bonds, including the Bonds. The Board consists of seven members appointed by the Secretary, including the Deputy Secretary (who chairs the Board), one other representative of the Department, two representatives from other executive branch agencies of State government (one from an agency which issues revenue bonds and one representative from the State Treasurer’s Office), and two members of the public. The Board reviews and makes recommendations to the Secretary with respect to each issuance of bonds. The Secretary has the final authority to approve each issuance after receipt of the Board’s recommendation. When urgent action is required, the Secretary may approve an issuance of bonds without action by the Board or may vary the terms of the Board’s recommendation. In addition, the Board advises the Department on procedures for issuing bonds and on selection and performance of financial advisors, underwriters, and accountants.

The Administration pays all costs and expenses of operating its programs from earnings received from its programs financed by the Current Resolution and other bond indentures of the Administration in excess of the amounts required to pay principal of and interest on its bonds and notes.

The office of the Administration is located at 100 Community Place, Crownsville, Maryland 21032-2023. Inquiries for documents or concerning this Official Statement should be directed to Investor Relations, at telephone: 410-514-7326, fax: 410-514-7431 or email: cda_bonds@mdhousing.org.

Other Programs of the Department

In addition to the Program, the staff of the Administration is also responsible for a broad range of housing, community revitalization and other financing programs operated by the Department. The proceeds of Bonds, other funds held under the Current Resolution and any funds held under Prior Resolutions are not used to support the Department's housing and other financing programs. Revenues generated by and assets held under such other programs are not subject to the lien of the Current Resolution, any Prior Resolution or available to pay principal of or interest on the Bonds. However, the executive officers of the Department and the Administration and certain senior staff members who are responsible for the Program also are responsible for the Department's other programs; therefore, under certain circumstances these other programs may compete with the Program for administrative and policy priority.

Infrastructure Financing Program Under Prior Resolutions. Between 1988 and 1995, the Administration issued eight series of bonds in the original principal amount of \$55,075,000 Infrastructure Financing Bonds (Ambac Insured) under its Resolution adopted as of January 1, 1988 (the "1988 Resolution"), for the purpose of financing loans to 34 Local Governments under the infrastructure financing program. Seven series of these bonds were insured and one series was uninsured. As of December 31, 2011, no Infrastructure Financing Bonds (Ambac Insured) remain outstanding. These bonds were issued under the 1988 Resolution and related series resolutions and not the Current Resolution. **These infrastructure loans and the assets and revenues held under the 1988 Resolution and related series resolutions are not subject to the lien of the Current Resolution and are not available to pay principal of or interest on the Bonds.**

Between 1996 and 2001, the Administration issued nine series of bonds in the original principal amount of \$83,190,000 Infrastructure Financing Bonds (MBIA Insured) under its Resolution adopted as of May 1, 1996 (the "1996 Resolution"), for the purpose of financing loans to 44 Local Governments under its infrastructure financing program. As of December 31, 2011, \$12,442,909 of the Infrastructure Financing Bonds (MBIA Insured) remain outstanding for the purpose of financing loans to 24 Local Governments. These bonds were issued under the 1996 Resolution and related series resolutions and not the Current Resolution. **These infrastructure loans and the assets and revenues held under the 1996 Resolution and related series resolutions are not subject to the lien of the Current Resolution and are not available to pay principal of or interest on the Bonds.**

Between 2002 and 2007, the Administration issued nine series of bonds in the original principal amount of \$96,985,000 Local Government Infrastructure Bonds (Ambac Insured) under its Resolution adopted as of February 1, 2002 (the "2002 Resolution"), for the purpose of financing loans to 28 Local Governments under its infrastructure financing program. As of December 31, 2011, \$73,224,800 of the Local Government Infrastructure Bonds (Ambac Insured) remains outstanding for the purpose of financing loans to 27 Local Governments. These bonds were issued under the 2002 Resolution and related series resolutions and not the Current Resolution. **These infrastructure loans and the assets and revenues held under the 2002 Resolution and related series resolutions are not subject to the lien of the Current Resolution and are not available to pay principal of or interest on the Bonds.**

Homeownership Programs. The Administration, through the issuance of Single Family Program Bonds and Residential Revenue Bonds, currently provides reduced-interest mortgage loans to eligible homebuyers. Under this program, the Administration purchases loans originated by private lending institutions and makes loans directly for the purchase of newly constructed, substantially rehabilitated or existing homes.

The Administration's homeownership staff also operates single family homeownership programs which are funded with State appropriations. These programs, which may or may not be funded at varying levels from year to year, provide low interest mortgages to low-income home buyers, refinance existing loans for homeowners under hardship circumstances, assist low-income homeowners who suffer temporary involuntary loss of income to avoid mortgage default through deferred loans, provide reverse equity mortgages for elderly homeowners and provide settlement expense loans for low and moderate income homebuyers.

Multi-Family Programs. Multi-Family Programs include the Department's Housing Development Programs and Rental Service Programs. The Department's Housing Development Programs encompass a number of finance programs which support the production, rehabilitation and preservation of affordable rental housing, including the following:

The Administration's multi-family housing revenue bond program provides financing for development of rental developments whose owners are required to set aside certain percentages of available units for families of low or moderate income.

The Rental Housing Fund consists of rental housing finance programs funded with State appropriations and federal HOME funds which provide low-interest mortgages with flexible repayment terms, interest rate write-downs and operating subsidies to increase the supply of new rental housing and upgrade, rehabilitate and maintain existing rental housing and to maintain and rehabilitate existing rental housing for low income elderly and family tenants.

The Partnership Rental Housing Program provides funding from State general obligation bonds to local governments, housing authorities, and partnerships in which these entities are involved, to assist in financing the construction or rehabilitation of low income housing. The public entities provide the land and participate in the ownership and management of the properties. The properties are intended to remain low income housing in perpetuity, and the State moneys are required to be repaid only if the low income requirements are not enforced.

The Department's Rental Service Programs include the Rental Assistance Program and the Project-Based Section 8 Contract Administration. Under the Rental Assistance Program, the Administration administers the rental subsidies provided under Section 8 of the United States Housing Act of 1937, as amended, in every County of the State. The Rental Assistance Program staff also administers a Rental Allowance Program, which is funded with State appropriations. The program is administered through local governments and provides fixed monthly rental assistance payments up to twelve months, subject to extension by the Secretary, to lower income households that cannot be served by federal or other state programs and are either homeless or have critical and emergency housing needs.

In addition, the Department was selected by The U.S. Department of Housing and Urban Development ("HUD") as the Contract Administrator for Project-Based Section 8 Housing Assistance Payment ("HAP") Contracts for the State of Maryland. As Contract Administrator, the Department makes payments to property owners under the terms of the HAP Contracts and HUD regulations and requirements.

Neighborhood Revitalization Programs. The Department operates neighborhood revitalization programs through DNR. DNR administers a number of federally and state financed community development programs, including the Neighborhood Business Works Program, which provides gap financing to small businesses and non-profit organizations that are locating or expanding in communities designated for revitalization by local governments.

Outstanding Bonds of the Administration

Since 1976, the Administration has issued bonds to finance its various housing and other programs. As of December 31, 2011, the Administration had housing bonds outstanding of \$3,331,115,000, with an original principal amount of \$4,547,175,000. **Revenues generated by and assets held under these other bond issues are not subject to the lien of the Current Resolution or available to pay principal of or interest on the Bonds.**

LOCAL GOVERNMENTS AND LOCAL OBLIGATIONS

The Local Government Infrastructure Bonds (Senior Obligations), 2012 Series A-1 (the “Series 2012A-1 Bonds”) constitute Senior Bonds under the Current Resolution. The Series 2012A-1 Bonds will be ranked on a parity with and will be equally and ratably secured under the Current Resolution with the Series 2010A-1 Bonds and any series of Additional Bonds constituting Senior Bonds. Capitalized terms used in this Appendix and not otherwise defined herein shall have the meaning assigned them in Appendix C of this Official Statement unless the context clearly indicates otherwise. See Appendix C - “SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTIONS - Certain Definitions.”

The Local Government Infrastructure Bonds (Subordinate Bonds), 2012 Series A-2 (the “Series 2012A-2 Bonds”) and, together with the Series 2012A-1 Bonds, the “Series 2012A Bonds”) constitute Subordinated Bonds under the Current Resolution. The Series 2012A-2 Bonds will be ranked on a parity with and will be equally and ratably secured under the Current Resolution with the Series 2010A-2 Bonds and any series of Additional Bonds constituting Subordinated Bonds. Subordinated Bonds will not be on a parity with Senior Bonds, equally and ratably secured under the Current Resolution. Subordinated Bonds will be secured under the Current Resolution by a pledge junior and subordinate in all respects to the pledge and security granted to the Senior Bonds issued thereunder.

Under the Current Resolution, all Bonds issued and outstanding thereunder are payable from payments made on Local Obligations by Local Governments. All Local Obligations (regardless of when they were entered into or from what Series of Bonds the Infrastructure Loan was made), and the payments made thereon are pledged to pay debt service on the Series 2012A Bonds, the Series 2010A Bonds and any Additional Bonds issued under the Current Resolution in the future; *provided* however, that the pledge to pay debt service on Subordinated Bonds is junior and subordinate to the pledge to pay debt service on the Senior Bonds. Therefore, full and timely payment by each Local Government is required to provide sufficient Revenues with which to make payments on the Senior Bonds and any Subordinated Bonds issued and outstanding under the Current Resolution.

Each Series Resolution may establish a Cost of Issuance Account to provide funds to be applied by the Trustee to pay the Cost of Issuance of Bonds.

The Trustee shall transfer any remaining balance in any Capitalized Interest Account or Cost of Issuance Account to a Loan Account or to the Revenue Fund as directed in a certificate of the Administration.

Each Series Resolution shall establish a separate Loan Fund to be held by the Trustee, to record the receipt and disbursement of any proceeds of the Bonds authorized under such Series Resolution for the financing of Infrastructure Loans, or for the refinancing of Infrastructure Loans previously financed by the Administration. Within the Loan Fund, the Trustee shall establish a Loan Account for each Infrastructure Loan as shall be directed by the Administration in accordance with such Series Resolution.

The Trustee shall, from time to time, pay out money in each Loan Account held for the purpose of making or purchasing Infrastructure Loans or reimbursing the Administration for payments made by it from other funds for that purpose upon the following terms:

- (1) all Revenues shall be deposited in the Revenue Fund; and
- (2) all Prepayments shall be deposited in the Redemption Fund.

Funds and Accounts

Revenue Fund. On or before each Interest Payment Date with respect to any Bonds, each date on which Bonds mature or are to be redeemed and such other date as shall be directed by the Administration, the Trustee shall withdraw moneys in the Revenue Fund and, except as otherwise provided in any Series Resolution pursuant to which such Bonds are issued, apply the amounts withdrawn in the following order of priority:

- (1) an amount equal to the unpaid interest due and payable on outstanding Bonds (exclusive of Subordinated Bonds) on such date shall be applied to the payment of such interest, or transmitted to one or more Paying Agents who shall apply such amount to such payment;
- (2) an amount equal to the principal amount of such Outstanding Bonds (exclusive of Subordinated Bonds), if any, shall be applied to the payment of such principal or transmitted to one or more Paying Agents who shall apply such amount to such payment on such date, and an amount equal to the Sinking Fund Installment, if any, due on such date shall be applied to the redemption of a like principal amount of Term Bonds redeemed on such date or transmitted to one or more Paying Agents who shall apply such amount to such redemption;
- (3) an amount equal to the unpaid interest due and payable on outstanding Bonds constituting Subordinated Bonds on such date shall be applied to the payment of such interest, or transmitted to one or more Paying Agents who shall apply such amount to such payment;
- (4) an amount equal to the principal amount of such Outstanding Bonds constituting Subordinated Bonds, if any, shall be applied to the payment of such principal or transmitted to one or more Paying Agents who shall apply such amount to such payment on such date, and an amount equal to the Sinking Fund Installment, if any, due on such date shall be applied to the redemption of a like principal amount of Term Bonds redeemed on such date or transmitted to one or more Paying Agents who shall apply such amount to such redemption;
- (5) any amount necessary to make the amount on deposit in any Debt Service Reserve Fund maintained for any Bonds (exclusive of Subordinated Bonds) equal to the Debt Service Reserve Fund Requirement for such Debt Service Reserve Fund shall be transferred to such Debt Service Reserve Fund;
- (6) any amount necessary to make the amount on deposit in any Debt Service Reserve Fund maintained for any Bonds constituting Subordinated Bonds equal to the Debt Service Reserve Fund Requirement for such Debt Service Reserve Fund shall be transferred to such Debt Service Reserve Fund; and
- (7) upon the payment of the principal of or the Sinking Fund Installment for Bonds with respect to each Fiscal Year, the remainder shall be paid to the Surplus Fund.

On or before each date on which a Sinking Fund Installment is due, the Trustee shall proceed to select for redemption from all Outstanding Bonds subject to redemption from such Sinking Fund Installment Bonds in principal amount equal to such Sinking Fund Installment, and shall call such Bonds for redemption. Prior to the date on which the Trustee is required to give notice of the redemption of Bonds from a Sinking Fund Installment, the Administration may deliver to the Trustee for cancellation Bonds which are subject to redemption from such Sinking Fund Installment. Each Bond or portion thereof so delivered and any Bonds subject to redemption from a Sinking Fund Installment that are redeemed shall be credited by the Trustee at the principal amount against such Sinking Fund Installments and the principal amount of Bonds to be redeemed from such Sinking Fund Installment shall be accordingly reduced.

Upon the direction of the Administration, the Trustee shall apply moneys in the Revenue Fund held for the payment of any Sinking Fund Installment to the purchase of Outstanding Bonds subject to redemption from such Sinking Fund Installment, and upon such purchase such Bonds shall be canceled and the amount of such Sinking Fund Installment shall thereupon be reduced by the principal amount of such Bonds so purchased and canceled. The price paid by the Trustee (excluding accrued interest, but including any brokerage and other charges) for any Bond purchased shall not exceed 100% of the principal amount thereof, plus interest accrued to the date of such purchase.

The Administration reserves the right to transfer any amount from other legally available funds including (without limitation) proceeds of Refunding Bonds, to the Trustee for deposit to the Revenue Fund in payment and satisfaction of a corresponding amount of the scheduled principal or interest payments due on any Infrastructure Loan or to advance such money to cure or avert a default on any Infrastructure Loan, or to make any payment of principal of and premium, if any, and interest on any Sinking Fund Installment for any Bonds. The Administration shall be entitled to recover from the Local Government any amounts so advanced, together with interest thereon at the rate payable on the Infrastructure Loan, or to enforce its right to such recovery under the Infrastructure Loan.

Debt Service Reserve Fund.

(a) Series 2010A-2 Bonds and Series 2012A-2 Bonds.

(1) The Debt Service Reserve Fund created by the Current Resolution to secure the Series 2010A-2 Bonds (the "Series 2010A-2 Debt Service Reserve Fund") shall also secure the Series 2012A-2 Bonds. The Series 2010A-2 Debt Service Reserve Fund is pledged to the payment of the outstanding Series 2012A-2 Bonds and the Series 2012A-2 Bonds.

(2) If the amount on deposit in the Revenue Fund is insufficient to provide for the payment of the principal of, any Sinking Fund Installment for or any interest on Outstanding Series 2010A-2 Bonds or Series 2012A-2 Bonds or any other series of Additional Bonds secured thereby on any date, then the Trustee forthwith shall transfer moneys from the Series 2010A-2 Debt Service Reserve Fund to the Revenue Fund to the extent necessary to make good any such deficiency.

(3) The Trustee shall determine the value of the assets of the Series 2010A-2 Debt Service Reserve Fund as of the close of business on each June 1 and December 1, and on any other date upon the Request of the Administration. As promptly as practicable after making such determination, the Trustee shall notify the Administration of the result of such determination and of the amount of any deficiency or surplus determined to exist in the Series 2010A-2 Debt Service Reserve Fund. Interest earned and profits realized as a result of the investment of amounts on deposit in the Series 2010A-2 Debt Service Reserve Fund shall be applied as provided in the Current Resolution.

(4) In the case of the Series 2010A-2 Debt Service Reserve Fund:

(i) a “deficiency” shall mean that the value of the assets of the Series 2010A-2 Debt Service Reserve Fund, determined in accordance with the Current Resolution is less than the Debt Service Reserve Fund Requirement for such fund; and

(ii) a “surplus” shall mean that the value of the assets of the Series 2010A-2 Debt Service Reserve Fund, determined in accordance with the Current Resolution, is in excess of the Debt Service Reserve Fund Requirement for such fund.

(5) If the amount on deposit in the Series 2010A-2 Debt Service Reserve Fund exceeds the Debt Service Reserve Fund Requirement for such fund, then the Trustee shall transfer the amount of the surplus from time to time to such funds and accounts as shall be directed by the Administration.

(6) If the Administration shall determine to provide for the payment of the Series 2010A-2 Bonds, the Series 2012A-2 Bonds or any series of Additional Bonds secured by the Series 2010A-2 Debt Service Reserve Fund as provided in the Current Resolution, on the date on which such Bonds are deemed to be paid, the amount by which the amount then on deposit in the Series 2010A-2 Debt Service Reserve Fund securing such Bonds exceeds the Debt Service Reserve Fund Requirement for such fund, taking into account the Bonds then deemed to be paid in accordance with the Current Resolution, then an amount necessary to provide for the payment of the Bonds pursuant to the Current Resolution shall be paid to the escrow deposit agent for such Bonds upon the Order of the Administration.

(b) Additional Bonds.

(1) Any Series Resolution authorizing the issuance of Additional Bonds may provide that (i) such Bonds shall be secured by the Series 2010A-2 Debt Service Reserve Fund, (ii) such Bonds shall not be secured by a Debt Service Reserve Fund, or (iii) such Bonds shall be secured by a separate Debt Service Reserve Fund.

(2) If any Series Resolution authorizing the issuance of Additional Bonds provides that such Bonds shall be secured by the Series 2010A-2 Debt Service Reserve Fund or any other Debt Service Reserve Fund securing other Bonds, such Series Resolution shall provide for the deposit in such Debt Service Reserve Fund on the date of issuance of such Bonds of the amount, if any, necessary to make the amount on deposit in such Debt Service Reserve Fund equal to the Debt Service Reserve Fund Requirement for the Series 2010A-2 Debt Service Reserve Fund, after giving effect to the issuance of such Bonds.

(3) If any Series Resolution authorizing the issuance of Additional Bonds provides that such Bonds shall be secured by a separate Debt Service Reserve Fund, such Series Resolution shall (i) establish the amount of the Debt Service Reserve Fund Requirement for such Debt Service Reserve Fund, and (ii) provide such terms with respect to the valuation of such Debt Service Reserve Fund and the application of any earnings on or surpluses in such Debt Service Reserve Fund as the Administration shall deem appropriate, any other provision of the Current Resolution to the contrary notwithstanding. If a separate Debt Service Reserve Fund is created for any Bonds, the Debt Service Reserve Fund Requirement and amounts to be deposited to the Debt Service Reserve Fund shall be calculated separately for each Debt Service Reserve Fund.

(4) Any provision of the Current Resolution requiring or permitting the application of amounts in the Debt Service Reserve Fund to the payment of any Bond shall refer to the Bonds secured by such Debt Service Reserve Fund.

(5) Unless the Administration directs otherwise, the Trustee shall transfer Revenues or any other amounts deposited with the Trustee for transfer to each Debt Service Reserve Fund on any date shall be allocated *pro rata* among all Debt Service Reserve Funds on the basis of the respective aggregate principal amounts of the Bonds outstanding secured by such Debt Service Reserve Funds.

Redemption Fund. Prepayments which shall be used and applied, either (1) to provide funds to a Loan Account to finance any Infrastructure Loan, including (without limitation) any additional advances under an existing Infrastructure Loan authorized by the Administration, (2) for the purchase or redemption of Outstanding Bonds, (3) for transfer to the Revenue Fund of amounts included in a Prepayment representing interest on a Infrastructure Loan, or (4) if a sufficient amount of Bonds are not redeemable within such period and cannot be purchased at or below their principal amount or the redemption price applicable on their next ensuing redemption date, then any amount not so applied during said period shall be used and applied for one or more of the purposes authorized in clauses (1), (2) or (3) of this paragraph as soon thereafter as possible; provided that on the first day of each month while any Prepayment or amount transferred from a Loan Account is held in the Redemption Fund, the Trustee shall, unless otherwise directed by the Administration, transfer from the Redemption Fund to the Revenue Fund the scheduled monthly payment of principal of the Infrastructure Loan with respect to which the Prepayment was received or to which the Infrastructure Loan was to be made. Such Prepayments shall be so used and applied within six months after the receipt of such Prepayments, except that such six-month period may be extended if the Administration files with the Trustee a Cash Flow Certificate based upon the estimated investment earnings on such Prepayments, the scheduled Revenues to be received, if any, from any new Infrastructure Loans to be financed or amounts of any Infrastructure Loans to be increased, or upon the redemption of such Bonds.

The Administration may authorize an increase in the amount of any Infrastructure Loan or the financing of a new Infrastructure Loan, as contemplated above, and for such purpose, may appropriate any money at the time available in or transferred to the Redemption Fund, except as provided above, to one or more designated Loan Accounts for disbursement.

Upon receipt of the Certificate of the Administration, the Trustee shall apply money in the Redemption Fund not otherwise applied as indicated above to the purchase or redemption of Bonds designated in the Certificate. Bonds not purchased may be redeemed at a redemption price determined by the Series Resolution. Bonds shall not be purchased pursuant to this paragraph after notice is sent to Bondholders of the redemption of Bonds.

Interest and other income from the investment of amounts in the Redemption Fund shall be transferred by the Trustee to the Revenue Fund upon receipt thereof. Notwithstanding the foregoing sentence, the Administration may transfer moneys held in the Redemption Fund credited to or derived from any Series of Bonds being refunded to any other Series of Bonds, including without limitation, Refunding Bonds (whether or not issued pursuant to the Current Resolution).

Surplus Fund. Subject to the further provisions of the Current Resolution, and subject to the provisions of any Series Resolution, amounts in the Surplus Fund shall be withdrawn by the Trustee from time to time upon the Order of the Administration and paid as follows:

(1) to any fund or account established or created pursuant to the Current Resolution or any Series Resolution; or

(2) to the Administration, free and clear of any lien and pledge created by the Current Resolution or any Series Resolution, for any lawful purpose of the Administration.

If there is not a sufficient amount in the Revenue Fund to provide for the payment of the principal of and interest on the Bonds and any Sinking Fund Installment due on Outstanding Bonds

on any date, the Trustee shall withdraw from the Surplus Fund and pay into the Revenue Fund the amount of the deficiency then remaining. The Trustee shall notify the Administration in writing before any such withdrawal from the Surplus Fund.

Investment of Funds and Accounts

The Administration may direct the Trustee to, and in the absence of direction the Trustee shall, invest moneys in the funds and accounts held by the Trustee in Permitted Investments, the maturity or redemption date of which shall coincide as nearly as practicable with the times at which moneys in such funds or accounts will be required for the purposes provided in the Current Resolution.

Obligations purchased as an investment of moneys in any fund or account held by the Trustee under the provisions of the Current Resolution shall be deemed at all times to be a part of such fund or account, and except as otherwise expressly provided in the Current Resolution, the income or interest earned by, or the increment to, a fund or account due to the investment thereof shall be transferred to the Revenue Fund as received.

Except as otherwise provided in a Series Resolution, the amount in any fund or account held by the Trustee under the provisions of the Current Resolution shall be determined as of the end of each month on the basis of the market value of the obligations in which such amount is invested.

The Trustee shall sell at the best price obtainable, as determined by the Administration, or present for redemption, any obligation purchased by it as an investment whenever it shall be necessary in order to provide moneys to meet any payment or transfer from the fund or account for which such investment was made. The Trustee shall advise the Administration in writing, on or before the last day of each calendar month, of the details of all cash and investments held for the credit of, and transactions in, each fund or account in its custody under the provisions of the Current Resolution as of the end of the preceding month.

Discharge of Lien of Current Resolution

If the Administration shall pay or cause to be paid, or there shall otherwise be paid or provision for payment made, to the holders of the Bonds the principal of and premium, if any, and interest on the Bonds due or to become due at the times and in the manner stipulated in such Bonds, then unless there shall be delivered to the Trustee a Certificate of the Administration to the contrary, these presents and the estate and rights hereby granted shall cease, determine and be void, whereupon the Trustee shall cancel and discharge the lien of the Current Resolution, and execute and deliver to the Administration such instruments in writing as shall be requisite to release the lien hereof, and reconvey, release, assign and deliver to the Administration any and all of the estate, right, title and interest in and to any and all rights or property assigned or pledged to the Trustee or otherwise subject to the lien of the Current Resolution, except moneys and securities held by the Trustee or any Paying Agent for the payment of the principal of and premium, if any, and interest on Bonds not theretofore presented for payment.

Any Bond shall be deemed to be paid and for all purposes of the Current Resolution when payment of the principal of and premium, if any, and interest thereon to the due date thereof (whether such due date is by reason of maturity or upon redemption) either (1) shall have been made or caused to be made in accordance with the terms thereof, or (2) shall have been provided for by the irrevocable deposit with the Trustee, in trust, of moneys and Federal Obligations maturing as to principal and interest in such amounts and at such times as will ensure the

availability of sufficient moneys to make such payment. At such time as a Bond shall be deemed to be paid in accordance with the Current Resolution, it shall no longer be secured by or entitled to the benefits of the Current Resolution, except for the purposes of any such payment from such moneys or Federal Obligations.

Events of Default.

Each of the following shall constitute an Event of Default under the Current Resolution and is herein called an "Event of Default":

(a) interest on any Bond is not paid when the same becomes due, or the principal or redemption price of any Bond is not paid at maturity or at a redemption date at which such Bond is required to be redeemed or a Sinking Fund Installment is not paid when due;

(b) if there is a default in the performance or observance of any other covenants, agreements or conditions on the part of the Administration contained in the Current Resolution, a Series Resolution or the Bonds, and such default is not remedied after notice thereof; or

(c) if the Administration shall file a petition seeking a composition between the Administration and its creditors, or for the purpose of adjusting the claims of such creditors, under the federal bankruptcy laws or under any other applicable law or statute of the United States of America or of the State if the claims of such creditors are under any circumstances payable from the Revenues.

A default under the Current Resolution shall not be or constitute a default under any other resolution adopted by the Administration or with respect to any other obligation of the Administration.

Remedies; Rights of Bondholders

Upon the occurrence of such Event of Default the Trustee may, and upon the Request of the holders of not less than 25% of the Bonds (exclusive of any Subordinated Bonds) shall proceed, to protect and enforce its rights and the rights of the holders of Bonds under the laws of the State and under the Current Resolution by such suits, actions or special proceedings in equity or at law, either for the specific performance of any covenant contained in the Current Resolution, or in aid or execution of any power granted, or for an accounting against the Administration as if the Administration were the trustee of an express trust or for the enforcement of any proper legal or equitable remedy as the Trustee shall deem most effectual to protect and enforce such rights.

Except as provided in the Current Resolution, the holders of a majority in aggregate principal amount of Bonds then Outstanding (exclusive of any Subordinated Bonds) shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of the Current Resolution, or for the appointment of a receiver or any other proceedings under the Current Resolution; provided that such direction shall not be otherwise than in accordance with the provisions of law and of the Current Resolution.

No holder of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of the Current Resolution or for the execution of any trust hereof or for the appointment of a receiver or any other remedy under the Current Resolution, unless (a) an Event of Default shall have occurred and be continuing and the owners of not less than 25% of

the Bonds shall have given written notice to the Trustee thereof and shall have offered the Trustee a reasonable opportunity either to proceed to exercise the powers granted or to institute such action, suit or proceeding in the Trustee's or their name, (b) there shall have been offered to the Trustee indemnity, and (c) the Trustee shall thereafter fail or refuse to exercise the powers granted, or to institute such action, suit or proceeding within a reasonable time; and such notification, request and offer of indemnity are hereby declared in every case at the option of the Trustee to be conditions precedent to the execution of the powers and trusts of the Current Resolution, and to any action or cause of action for the enforcement of the Current Resolution, or for the appointment of a receiver or for any other remedy under the Current Resolution; it being understood and intended that no one or more holders of the Bonds shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of the Current Resolution by such holder's action or to enforce any right except in the manner provided in the Current Resolution, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner provided in the Current Resolution and for the equal and ratable benefit of the holders of all Bonds then Outstanding (other than owners of Subordinated Bonds, who shall be entitled to the priority established pursuant to the Current Resolution). However, nothing contained in the Current Resolution shall affect or impair the right of any Bondholders to enforce the payment of the principal of and interest on any Bond at and after the maturity thereof, or the obligation of the Administration to pay the principal of and interest on each of the Bonds issued under the Current Resolution to the respective holders thereof at the time, place, from the source and in the manner expressed in the Bonds.

The Trustee may at its discretion waive any Event of Default and its consequences, and shall do so upon the written request of the holders of (a) a majority of the Bonds in respect of which default in the payment of principal or interest, or both, exists, or (b) more than 25% of the Bonds in the case of any other default, and in case of any such waiver or rescission, or in case any proceedings taken by the Trustee on account of any such default shall have been discontinued or abandoned or determined adversely, then and in every such case the Administration, the Trustee and the Bondholders shall be restored to their former positions and rights, respectively, but no such waiver or rescission shall extend to any subsequent or other default, or impair any right consequent thereon.

Supplemental Bond Resolutions

At any time or from time to time, a resolution of the Administration supplementing the Current Resolution or any Series Resolution may be adopted for any one or more of the following purposes, which resolution, upon filing with the Trustee of a copy thereof certified by an Authorized Officer, shall be fully effective in accordance with its terms:

(1) to close the Current Resolution against, or provide limitations and restrictions in addition to the limitations and restrictions contained in the Current Resolution on, the issuance in the future of Bonds;

(2) to add to the covenants or agreements of the Administration in the Current Resolution other covenants or agreements to be observed by the Administration which are not contrary to or inconsistent with the Current Resolution as theretofore in effect;

(3) to add to the limitations, restrictions or provisions in the Current Resolution other limitations, restrictions or provisions to be observed by the Administration which are not contrary to or inconsistent with the Current Resolution as theretofore in effect;

(4) to surrender any right, power or privilege reserved to or conferred upon the Administration by the Current Resolution;

(5) to confirm, as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by, the Current Resolution, of the Trust Estate or any portion thereof; or

(6) to specify, determine or authorize any and all matters relative to any Additional Bonds or the proceeds thereof which are not contrary to or inconsistent with the Current Resolution as theretofore in effect.

Except as provided above, at any time and from time to time, with the consent of the holders of a majority of the Bonds, the Administration may adopt a resolution modifying, altering, amending, adding to or rescinding any of the terms or provisions contained in the Current Resolution or in any Series Resolutions; *provided*, however, that nothing in this paragraph shall permit, or be construed as permitting (a) an extension of the maturity date of any Bond or the due date for the payment of any Sinking Fund Installment or any interest on any Bond, or a reduction in the principal amount of any Bond or the rate of interest thereon or the dates and prices at which such Bond is subject to redemption without the consent of such holder, or (b) a privilege or priority of any Bond or Bonds over any other Bond or Bonds (other than any Subordinated Bonds) without the consent of all holders adversely affected thereby, or (c) a reduction in the aggregate principal amount of the Bonds the consent of the holders of which is required for any Resolution without the consent of the holders of all Outstanding Bonds, or (d) any modification of the obligations, duties, immunities and privileges of the Trustee without the written consent of the Trustee.

The Trustee

The Administration may appoint a Registrar or Co-Registrar other than the Trustee to serve as Registrar for any Bonds by Series Resolution adopted before their delivery and may, at any time or from time to time by a Supplemental Resolution or Series Resolution, appoint one or more other Registrars or Co-Registrars for such Bonds. Each Registrar or Co-Registrar and any successor thereof shall be a bank, trust company or national banking association having trust powers and having a capital and surplus aggregating at least \$25,000,000 if there be such a bank or trust company or national banking association willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Current Resolution. Each Registrar or Co-Registrar shall signify its acceptance of the duties and obligations imposed upon it by the Current Resolution by executing and delivering to the Administration and the Trustee a written acceptance thereof.

The Trustee may become the owner of or may deal in Bonds as fully and with the same rights it would have if it were not the Trustee. To the extent permitted by law, the Trustee may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or the Current Resolution, whether or not any such committee shall represent the holders of a majority in aggregate principal amount of the Bonds Outstanding.

The Trustee, or any successor thereof, may at any time resign and be discharged of its duties and obligations created by the Current Resolution by giving not less than 60 days' written notice to the Administration and publishing notice thereof, specifying the date when such resignation shall take effect, within 20 days after the giving of such written notice. Such resignation shall take effect upon the day specified in such notice, unless previously a successor shall have been appointed by the Administration or Bondholders, in which event such resignation shall take effect immediately on the appointment of such successor.

The Trustee, or any successor thereof, may be removed at any time by the Administration (so long as the Administration is not in default under the Current Resolution), by notice given to the Trustee by the Administration, or by the holders of a majority of the Bonds then Outstanding,

excluding any Bonds held by or for the account of the Administration, by an instrument or concurrent instruments in writing signed and duly acknowledged by such Bondholders or by their attorneys duly authorized in writing and delivered to the Administration.

If the Trustee or any successor thereof, shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent or if a receiver, liquidator or conservator of the Trustee or of its property shall be appointed or if any public office shall take charge or control of the Trustee or of its property or affairs, a successor may be appointed by the holders of a majority in aggregate principal amount of the Bonds then Outstanding, excluding any Bonds held by or for the account of the Administration, by an instrument or concurrent instruments in writing signed by such Bondholders or their attorneys duly authorized in writing and delivered to such successor Trustee, notification thereof being given to the Administration and the predecessor Trustee. Pending such appointment, the Administration shall forthwith appoint a Trustee to fill such vacancy until a successor Trustee shall be appointed by Bondholders. Notwithstanding any other provision of the Current Resolution, no removal, resignation or termination of the Trustee shall take effect until a successor, shall be appointed. The Administration shall, within 20 days after such appointment, publish in any manner permitted under the Current Resolution, notice of any such appointment. Any successor Trustee appointed by the Administration shall, immediately and without further act, be superseded by a Trustee appointed by Bondholders. If in a proper case, no appointment of a successor Trustee shall be made within 45 days after the Trustee shall have given to the Administration written notice of resignation or after the occurrence of any other event requiring or authorizing such appointment, the Trustee or any Bondholder may apply to any court of competent jurisdiction to appoint a successor. Said court may thereupon, after such notice, if any, as said court may deem proper and prescribe, appoint a successor Trustee. Any Trustee appointed shall be a bank, trust company or national banking association in good standing located in or incorporated under the laws of the State, duly authorized to exercise trust powers and subject to examination by federal or state authorities, having a reported capital and surplus of not less than \$75,000,000.

The Administration reserves the right to approve, in its sole discretion, any successor Trustee if any Trustee is merged or converted or consolidated or if any Trustee sells or transfers all or substantially all of its corporate trust business.

The Administration, in its sole discretion, reserves the right, in the future and from time to time, to undertake to obtain competitive bids from financial and trust institutions for the performance of the services of Trustee under the Current Resolution. The Trustee agrees that in the event it is not the successful bidder for trustee services in the future, it shall resign as Trustee upon request of the Administration. Alternatively, at the option of the Administration, the failure of the Trustee to be the successful bidder for trustee services in the future, shall constitute sufficient reason for removal of the Trustee under the Current Resolution by the Administration.

Publication of Notice.

When the Trustee shall be required or authorized, or shall receive notice from the Administration of its election, to redeem Bonds, the Trustee shall, in accordance with the terms and provisions of the Bonds and of the current Resolution and the Series Resolutions, select the Bonds to be redeemed and shall give notice, in the name of the Administration, of the redemption of Bonds at least 20 days before the redemption date.

The notice of redemption shall contain the following information: (1) the redemption date, (2) the redemption price of the Bonds being called for redemption, (3) the numbers, maturity dates, interest rates and CUSIP numbers of the Bonds being called for redemption, (4) the portions of any Bond to be redeemed (if any Bond is to be redeemed in part), (5) any redemption, (6) a statement that the Bonds will not bear interest after the redemption date if moneys for the payment of the redemption price are held by the Trustee on such date and (7) the place or places where the

redemption price is payable. Any error in or the omission of any such information shall not affect the validity of any such notice.

The failure to give such notice, or any defect therein, shall not affect the validity of any proceeding for the redemption of any Bonds.

The Administration may provide in a Series Resolution for shorter or longer periods for the giving of redemption notices for any Bonds, including (without limitation) redemption of Bonds with no prior notice to Bondholders.

PROPOSED FORM OF OPINION OF BOND COUNSEL

[closing date]

Community Development Administration
Maryland Department of Housing and Community
Development
100 Community Place
Crownsville, Maryland 21032

Ladies and Gentlemen:

In connection with the issuance and sale by the Community Development Administration (the “Administration”), a unit of the Division of Development Finance of the Maryland Department of Housing and Community Development (the “Department”) of its \$9,550,000 Local Government Infrastructure Bonds (Senior Bonds), Series 2012A-1 (the “Series 2012A-1 Bonds”) and its \$4,420,000 Local Government Infrastructure Bonds (Subordinate Bonds), 2012 Series A-2 (the “Series 2012A-2 Bond” and, together with the Series 2012A-1 Bonds, the “Series 2012A Bonds”), we have examined:

(i) Sections 4-101 through 4-255 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended (the “Act”);

(ii) the Resolution Providing for the Issuance of Local Government Infrastructure Bonds of the Community Development Administration, adopted as of August 1, 2010 (the “Current Resolution”), duly adopted by the Administration and accepted by Manufacturers and Traders Trust Company, as trustee (the “Trustee”);

(iii) the Series Resolution Providing for the Issuance of the Community Development Administration \$9,550,000 Local Government Infrastructure Bonds (Senior Bonds), 2012 Series A-1 and the \$4,420,000 Local Government Infrastructure Bonds (Subordinate Bonds), 2012 Series A-2, adopted as of May 1, 2012, (the “Series Resolution”). The Current Resolution and the Series Resolution are referred to collectively as the “Resolutions.”

(iv) the form of Series 2012A-1 Bond and Series 2012A-2 Bond;

(v) relevant provisions of the Internal Revenue Code of 1986, as amended (the “Code”); and

(vi) other proofs submitted to us relative to the issuance and sale of the Series 2012A Bonds.

The terms of each series of the Series 2012A Bonds are contained in the Resolutions and the Series 2012A Bonds. The Administration will make funds available from each series of the Series 2012A Bonds to finance and refinance loans to counties and municipalities or their agencies, governmental units or instrumentalities (“Local Governments”) in order to finance and refinance infrastructure projects of such Local Governments.

In rendering this opinion, we have relied on the Tax and Section 148 Certificate dated this date made on behalf of the Administration by officers thereof with respect to certain material facts within the knowledge of the Administration, and on related certificates made on behalf of the Local Governments with respect to certain matters within the knowledge of the Local Governments

relevant to the tax-exempt status of interest on the Series 2012A Bonds, including but not limited to the investment and use of the proceeds of the Series 2012A Bonds and the use of the infrastructure projects financed with the proceeds of the Series 2012A Bonds.

In our review of the documents referred to above, we have assumed and have not independently verified that all signatures are genuine, that all documents submitted to or obtained by us as originals are authentic, and that all documents submitted to or obtained by us as conformed, reproduction, or specimen copies conform to the original documents.

We have made no investigation of, and are rendering no opinion regarding, the title to real or personal property.

Based upon the foregoing, it is our opinion that:

(a) The Administration is validly created and existing under the provisions of the Act.

(b) The Resolutions have been duly and lawfully adopted by the Administration, are in full force and effect and are valid and binding upon the Administration.

(c) The Administration is duly authorized to issue the Series 2012A Bonds pursuant to and subject to the provisions of the Act and the Resolutions. The Series 2012A Bonds, executed and authenticated as provided in the Resolutions, have been duly and validly issued by the Administration and constitute valid and binding special obligations of the Administration, payable from the Revenues, as defined in the Current Resolution, and other funds of the Administration pledged therefor pursuant to the Resolutions.

(d) The Series 2012A Bonds are subject to bankruptcy, insolvency, moratorium, reorganization and other state and federal laws affecting the enforcement of creditors' rights and to general principles of equity.

(e) By the terms of the Act and the Resolutions, the Series 2012A Bonds shall not be a debt of, and do not pledge the faith, credit or taxing power of the State, the Department, the Administration or any political subdivision, and shall be payable solely from the Revenues and property provided in the Resolutions and in accordance with the Act. The Administration has no taxing power.

(f) By the terms of the Act, the Series 2012A Bonds, their transfer, the interest payable thereon and any income derived therefrom, including any profit realized in their sale or exchange, are exempt from taxation of every kind and nature whatsoever by the State or by its political subdivisions, or by its governmental units of any kind, but no opinion is expressed as to such exemption from estate or inheritance taxes or any other taxes not levied or assessed directly on the Series 2012A Bonds, their transfer or income therefrom.

(g) Assuming compliance with the covenants referred to herein, interest on the Series 2012A Bonds is excludable from gross income for federal income tax purposes under existing statutes, regulations and decisions. It is noted that under the provisions of the Code, there are certain restrictions that must be met subsequent to the delivery of the Series 2012A Bonds in order for interest on the Series 2012A Bonds to remain excludable from gross income for federal income tax purposes, including restrictions that must be complied with throughout the term of the Series 2012A Bonds. These include: (i) a requirement that certain earnings received from the investment of the proceeds of the Series 2012A Bonds be rebated to the United States of America under certain circumstances (or that certain payments in lieu of rebate be made); (ii) other requirements applicable to the investment of the proceeds of the Series 2012A Bonds; and (iii) other requirements applicable to the use of the proceeds of the Series 2012A Bonds and the facilities

financed or refinanced with proceeds of the Series 2012A Bonds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Series 2012A Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The Administration and the Local Governments have made certain covenants regarding actions required to maintain the excludability from gross income for federal income tax purposes of interest on the Series 2012A Bonds. It is our opinion that, assuming compliance with such covenants, the interest on the Series 2012A Bonds will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(h) Interest on the Series 2012A Bonds is not included in the alternative minimum taxable income of individuals, corporations or other taxpayers as an enumerated item of tax preference or other specific adjustment. However, for purposes of calculating the corporate alternative minimum tax, a corporation subject to such tax may be required to increase its alternative minimum taxable income by 75% of the amount by which its “adjusted current earnings” exceed its alternative minimum taxable income (computed without regard to this current earnings adjustment and the alternative tax net operating loss deduction). For such purposes, “adjusted current earnings” may include, among other items, interest income from the Series 2012A Bonds. In addition, interest income on the Series 2012A Bonds will be subject to the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States of America.

We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof. The opinions expressed above are limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

Office of the Secretary
Department of Housing and Community Development

We have audited the accompanying financial statements of the Community Development Administration Local Government Infrastructure Bonds (the Fund) of the Department of Housing and Community Development of the State of Maryland as of and for the period August 25, 2010 (date of establishment) through June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Community Development Administration Local Government Infrastructure Bonds and do not purport to, and do not, present fairly the financial position of the Department of Housing and Community Development of the State of Maryland as of June 30, 2011, and the changes in its net assets and its cash flows for the period August 25, 2010 (date of establishment) through June 30, 2011, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Community Development Administration Local Government Infrastructure Bonds of the Department of Housing and Community Development of the State of Maryland as of June 30, 2011, and the changes in its net assets and its cash flows for the period August 25, 2010 (date of establishment) through June 30, 2011, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
(in thousands)

June 30, 2011

NOTE 1 - AUTHORIZING LEGISLATION AND PROGRAM DESCRIPTION

The Community Development Administration (CDA) is authorized to issue Local Government Infrastructure Bonds pursuant to Sections 4-101 through 4-255 of the Housing and Community Development Article of the Annotated Code of Maryland to provide a mechanism for financing the infrastructure needs of local governments. CDA is in the Division of Development Finance in the Department of Housing and Community Development (DHCD) of the State of Maryland.

The accompanying financial statements only include CDA's Local Government Infrastructure Bonds (the Fund), whose first issue under the resolution, adopted August 1, 2010, closed August 25, 2010. CDA's other Funds are not included.

The Fund was established to issue bonds to provide funds for construction and permanent financing to local governments for public facilities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Local Government Infrastructure Bonds is accounted for as an enterprise fund. Accordingly, the accompanying financial statements have been prepared using the accrual method of accounting and on the basis of accounting principles generally accepted in the United States of America (GAAP).

Generally Accepted Accounting Principles

CDA reports its financial activities by applying Standards of Governmental Accounting and Financial Reporting as promulgated by the Governmental Accounting Standards Board (GASB). Consequently, CDA applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) Statements and Interpretations, APB Opinions, and ARBS of the Committee on Accounting Procedure issued on or prior to November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

Local Government Infrastructure Bonds

NOTES TO FINANCIAL STATEMENTS - CONTINUED
(in thousands)

June 30, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In accordance with accounting guidance issued by GASB, net assets should be reported as restricted when constraints placed on net asset use are either: externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or are imposed by law through constitutional provisions or enabling legislation. Accordingly, all net assets of the Fund are restricted as to their use as all net assets are pledged to bondholders.

The Annual Financial Report may include a Management's Discussion and Analysis. Since CDA is an enterprise fund included in the State of Maryland's Comprehensive Annual Financial Report, a separate Management's Discussion and Analysis is not required in these financial statements. CDA prepares a Management's Discussion and Analysis for the General Accounting Division of the State of Maryland that is not part of these financial statements.

Cash and Cash Equivalents on Deposit with Trustee

Cash equivalents may include money market funds, repurchase agreements, investment agreements and any other investments, primarily obligations of the U.S. Treasury and U.S. Government Agencies, which have maturities of 90 or less days at the time of purchase. As of June 30, 2011, all of the Fund's cash equivalents were invested in a money market mutual fund which is more fully described in Note 3.

Community Facilities Loans

Community facilities loans are carried at their unpaid principal balances. See Note 4 for additional information on community facilities loans.

Local Government Infrastructure Bonds

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Allowance for Loan Losses

Community facilities loans are secured by the full faith and credit of the applicable local government. Therefore, CDA has determined that no allowance for loan losses was necessary as of June 30, 2011.

Accrued Interest Receivable

Accrued interest includes both interest on cash deposits and interest on loans. As of June 30, 2011, all loans were current. Therefore, all accrued interest on loans was recorded during the year.

Bonds Payable

Bonds payable are carried at their unpaid principal balances, net of unamortized premium. See Notes 5, 6 and 7 for additional information.

Due to Local Governments

CDA records the total loan amount when the loan closes and collects interest from the local government on this full loan amount from the date of closing. Due to local governments represents the undrawn loan amount which is held by CDA as an escrow until the funds are needed by the local government.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Support

In addition to expenses incurred directly by the Fund, CDA receives certain support services from other divisions of DHCD. Support services and the operating expenses of CDA have been allocated to CDA's General Bond Reserve Fund and are reported in the financial statements of CDA's Revenue Obligation Funds. The General Bond Reserve Fund records these expenses as invoiced by DHCD for the fiscal year.

The employees of CDA are covered by the Maryland State Retirement and Pension System and the costs of employees' retirement benefits are included in the salaries and related costs charged to CDA's General Bond Reserve Fund. See Note 8 for additional information.

Revenue and Expenses

CDA distinguishes operating revenue and expenses from non-operating items in accordance with accounting guidance issued by GASB. Operating revenue and expenses are identified as those activities that are directly related to financing public facilities for local governments. All of the Fund's activities are considered to be operating.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenses, gains and losses during the reporting periods. Actual results could differ from these estimates.

NOTE 3 - CASH AND CASH EQUIVALENTS ON DEPOSIT WITH TRUSTEE

Proceeds from bonds and revenues from loans are invested in authorized investments as defined in the Local Government Infrastructure Bonds Resolution (the Resolution) and in CDA's Investment Policy until required for financing projects, redeeming outstanding bonds, and funding program expenses. Authorized investments include obligations of the U.S. Treasury, U.S. Government Agencies, investment agreements, money market funds and any other investment as defined by the Resolution.

As of June 30, 2011, the Fund had \$14,034 invested in a money market mutual fund (Federated Treasury Obligations Fund) which is classified as cash and cash equivalents. The following represents the GASB evaluation of this asset for interest rate risk, credit risk, concentration of credit risk and custodial credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses from rising interest rates, CDA's Investment Policy requires that the maturities of the investment portfolio are scheduled to meet the cash requirements for bond debt service, projected loan originations and ongoing operations.

The Federated Treasury Obligations Fund invests primarily in repurchase agreements collateralized by Treasury securities and U.S. Treasuries. It is operated in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended. It can reasonably be expected to have a fair value that will be unaffected by interest rate changes because the interest rates are variable and the principal can be recovered on demand. As of June 30, 2011, the cost of this money market mutual fund approximated fair value and its maturity is less than one year.

NOTE 3 - CASH AND CASH EQUIVALENTS ON DEPOSIT WITH TRUSTEE (Continued)

Credit Risk and Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Neither CDA's Investment Policy nor the Resolution requires investment agreements or deposits to be collateralized. CDA's Investment Policy places no limit on the amount that CDA may invest in any one issuer or counterparty. According to the Resolution, securities must be rated at the highest investment grade by any national rating agency. U.S. dollar denominated accounts and bankers' acceptances which have a rating on their short-term certificates of deposit must be in the two highest ratings by any nationally recognized rating agency. Accounting guidance issued by GASB requires disclosure by amount and investment issuer if investments in any one issuer represent 5 percent or more of total investments. Investments in mutual funds are excluded from this requirement.

As of June 30, 2011, the Federated Treasury Obligations Fund was rated AAAm by Standard and Poor's and Aaa by Moody's Investors Service.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank or counterparty failure, CDA will not be able to recover its deposits or the value of its collateral securities that are in the possession of an outside party. As of June 30, 2011, the Fund's investments were not subject to custodial credit risk under accounting guidance issued by GASB. This money market fund is held in trust by the trustee, kept separate from the assets of the bank and from other trust accounts and is held in CDA's name.

NOTE 4 - COMMUNITY FACILITIES LOANS

Community facilities loans are secured by the full faith and credit of the applicable local government. As such, no allowance for loan losses was necessary as of June 30, 2011. As of June 30, 2011, interest rates on such loans range from 2.06% to 3.78% and remaining loan terms range from 4 years to 19 years.

NOTE 5 - BONDS PAYABLE

The bonds issued by CDA are special obligations of CDA and are payable from the revenue and special funds of the Resolution. These bonds do not constitute debt of and are not guaranteed by the State of Maryland or any other program of the State of Maryland or any political subdivision.

The provisions of the Resolution require or allow for the special redemption of bonds at par through the use of unexpended bond proceeds and excess funds accumulated primarily through prepayment of community facilities loans. All outstanding bonds are subject to redemption at the option of CDA, in whole or in part at any time, after certain dates, as specified in the respective series resolutions. All bonds have fixed interest rates and all are tax-exempt.

The following is a summary of the bond activity for the period ended June 30, 2011 and the bonds payable as of June 30, 2011:

	Issue Dated	Range of Interest Rates	Range of Maturities	Debt Outstanding at June 30, 2010	Bond Activity			Debt Outstanding at June 30, 2011	Bond premium deferred	Bonds payable at June 30, 2011
