

Scoring Criteria

Department staff will lead a review team that will make award recommendations for consideration by the Department’s Secretary.

Below is the scoring criteria for the Community Health and Safety Works funding track for **Technical Assistance**.

Applicant Eligibility	
Applicants must meet the application eligibility criteria outlined in the application. <i>DHCD will deduct 5 points if applicants are not in compliance with any earlier Community Health and Safety Works grant agreements at the time of application, including late or missed submissions of required reports. No new awards will be issued unless CHSW awardees are current with compliance requirements.</i>	n/a
Organizational Summary Total Points: 30	
The mission of the organization aligns with the purpose of Community Health and Safety Works and the Technical Assistance grant program.	10
The responses in this section demonstrate that the applicant has recent and relevant experience providing technical assistance for community-based projects and can effectively continue operations while managing a CHSW award for Technical Assistance.	10
The organization has metrics for evaluating its impact that consider how the organization’s program and activities generate equitable outcomes.	10
Organization Experience Total Points: 70	
The application lists specific staff that will provide technical assistance and includes uploads of resumes of the listed staff that demonstrate relevant experience.	10
The response describes in detail with specific examples the organization’s experience providing technical assistance for community-based projects. Some of	25

the project examples include projects that were designed to deter crime, improve safety and/or improve environmental health and justice.	
The application provides specific examples of projects where the applicant's technical assistance and guidance led to the inclusion of underrepresented voices in stakeholder engagement and to incorporating diverse perspectives into design and implementation of the projects.	25
The application upload section includes evidence of completed projects that are referenced in the narrative section.	10
