- December 31, 2025: Grant term will end

Who Can Apply

Eligible Applicants:

- Tax exempt nonprofits
- Community-based organizations with a nonprofit fiscal sponsor
- Local government

Eligible Areas: Projects should be located in Baltimore City or within designated **Sustainable Communities Areas** elsewhere in the state. Use the <u>DHCD Neighborhood Revitalization</u> <u>Mapper</u> website to identify if the project addresses are located in an eligible area.

Community Health and Safety Works

- Applications in the following categories:
 - 1. Community Placemaking
 - 2. Environmental Health and Justice
 - **3.** Cameras, Lighting and Related Safety Services
 - **4.** Technical Assistance for CHSW Initiatives
- Optional technical assistance available to awardees.
- Applicants can apply to each track one time.

Application

Application Questions: Organizational Summary

- a. What is your organization's official mission statement and purpose? (Total max characters: 250)
- b. Provide your organization's recent accomplishments (2021 thru 2023) in the areas targeted by this application. (Total max characters: 1,000)
- c. Describe how your staff and Board demographically represent the community you serve. Consider demographics broadly including race, language, gender identity, age, socioeconomic status, ability/disability, etc. If your staff and Board do not demographically represent the community you serve, please describe strategies or initiatives that you plan to implement to ensure your staff and Board better reflect the community. (Total max characters: 1,000)
- d. What is your organization's current financial situation? Please describe the organization's ability to continue operations while managing and maintaining projects and activities for which you are requesting funding. Include an explanation about how your organization has managed prior grant awards and tracked grant expenses. If you are working with a fiscal sponsor, please answer this section from their perspective. (Total max characters: 1,000)

Application Questions: Describe Current Conditions

Community Placemaking: Describe the location of this project and cite specific crime and safety issues and/or incidents that have impacted the area. Also provide crime statistics related to the violent crime and other illegal activity that you have described. (Total max characters: 2,500)

* Maryland Data Sources for Crime Statistics will be available on grant landing page

Environmental Health and Justice: Describe the location of this project and the predatory and unhealthy practices in the target area for this application. Please cite specific issues and include relevant data, such as the heat index, air pollution, water quality data, citations for illegal dumping. If these unhealthy practices contribute to crime, please cite specific incidents of violent crime and other illegal activity and specific crime statistics. (Total max characters: 2,500)

*Maryland Data Sources for Environmental Health will be available on the grant landing page

Application Questions: Project Information

a. **Summary:** Provide a project summary.

arvland

INITY DEVELOPMENT

Jacob Day, Secretary

- b. **Location:** Provide the project address. All project addresses must be located within Baltimore City or within the boundaries of a designated Sustainable Community elsewhere in the state
- c. **Timeline**: Is this a new activity or a phase of an ongoing project? If it is a phase, describe what has been implemented to date.
- d. **Equitable improvements:** Describe how this project improves Community Placemaking or Environmental Health and Justice in the target area. Include how the project contributes to creating a more equitable community.
- e. **Project Activities:** List the project activities that will address the needs described in the section above. Include any partners that will help your organization implement the project.
- f. *Site Control:* Describe the status of site control for the project and any permits or approvals needed to complete the project. If you have evidence of site control or permits and approvals for your project, please upload in your application.

g. Maintenance: Describe your plan for maintaining this project after the grant period ends.

Who owns your target site? See Project Permissions:

- Parks and Recreation: If your project is located on land owned by either Baltimore City Department of Parks and Recreation, you must submit a required form and have approval by the application submission date: https://docs.google.com/document/d/1ZwqzNqil1dCUbZyafQUvZqcryG47xNde/edit
- Baltimore City Department of Transportation allows community organizations to implement creative projects in Baltimore City's roadways, sidewalks, alleys, and other areas maintained by DOT. For more info, including how to request traffic calming and submit project design and documents for placemaking projects in the right of way, please visit: <u>https://transportation.baltimorecity.gov/community-led-placemaking-program-information-ap</u> plication

Application Questions: Project Results

- a. List specific, measurable and realistic goals for this project and describe the activities you will implement related to those goals. (Total max characters: 100)
- b. List the outcomes for this this project. Each outcome statement should be specific and measurable and describe changes in knowledge, attitudes, skills, and behaviors that will occur as a result of your project
- c. How will you track progress and evaluate the anticipated outcomes? List specific metrics. (Total max characters: 2,000)

Application Questions: Project Engagement

- a. **Describe the level of community engagement and planning** that has been completed to date. If this is a new project, explain how community members will be involved in shaping the project. (Total max characters: 2,000)
- b. **List any partners** that will help your organization implement the project and describe their role in project implementation.
- c. **Do you anticipate needing technical assistance for your project?** If yes, what type of technical assistance do you think you will need?

Additional Sections: Attachments, Budget, Timeline

- a. **Attachments:** Please upload any plans, studies, community presentations, support letters, mapping or data that you have to support your overall strategy and request for funds. This is not required but is encouraged if the applicant wishes to provide relevant additional information
- **Budget:** List separately each item/activity, including the dollar amount, which will be supported by this grant request. Be specific DO NOT write "Misc Expenses" or "Other". Include a budget narrative.
- **c. Timeline:** Describe the timeline milestones and how they contribute to addressing the project's outcomes. (Total max characters: 2,000)

Part 2:

MORE INFO & EXAMPLES

Community Placemaking

Community Placemaking

- Projects that engage artists and designers to support community-led initiatives to beautify and activate formerly vacant or blighted sites.
- Grants \$35,000 \$100,000

Community Placemaking: Eligible Project Examples

- **Public art installations:** including murals and sculpture
- **Performance spaces:** Live music, theater, festivals, markets, cultural exchanges, and dance performances that draw community members into the space
- **Public space amenities:** Seating, planters, shade structures, children's play areas, signage, bike racks, and other site amenities that improve residents/visitors experience in the space

- Lighting: Lighting design that enhances the atmosphere of the space and encourages a welcoming environment and increased use.
- Fences and entry gates: Define the boundaries of a public space and encourage its use for positive, community-building activities and safe pedestrian access

Artistic Bus Shelter as Cultural Identity Marker in Highlandtown

Core Components

- 1. An **engagement process** that includes input from community stakeholders *representative of the demographics of the community served* by the project.
- 2. A **design plan** that incorporates the *community's vision* with the support of artists and designers in creating the design plan.
- 3. A sustainable **implementation plan** that considers *ongoing maintenance needs and programming* for activating the public space.

4th International Placemaking Week June 5–8, 2024 Baltimore, USA

Environmental Health and Justice

Environmental Health and Justice

- Community-led collaborations to eliminate predatory and unhealthy practices such as:
 - illegal dumping
 - littering
 - high speed traffic hazards
 - urban heat islands
 - other climate change-related conditions
- Grants **\$35,000 \$100,000**

Environmental Health and Justice: Examples of Eligible Projects

PEDESTRIAN SAFETY:

Auto circulation, traffic calming, and pedestrian safety improvements via landscaping, fencing, alley gating and sidewalk improvements that encourage walking

GREENING:

Planting trees and other streetscape greening to enhance the tree canopy, recreational space, and contribute to stormwater management

TARGETING DUMPING AREAS:

Removing blight and signals of blight (such as litter, graffiti and bulk trash dumping) and instead create markers of community pride and ownership in those spaces

HIRING LANDSCAPING STAFF & SPECIAL EQUIPMENT:

Funding staff or contracted cleaning and landscaping services and purchasing litter removal equipment

COMMUNITY-LED ORGANIZING:

Strengthening community-led resident and merchant cleaning and greening stewardship through organizing, education, beautification, and outreach activities

TRANSIT ENHANCEMENTS:

Transit stop enhancements including shade, seating, trashcans, lighting, and signage.
