# INDEPENDENT AUDITORS’ REPORT 

Office of the Secretary
Department of Housing and Community Development
We have audited the accompanying financial statements of the Community Development Administration Housing Revenue Bonds (the Fund) of the Department of Housing and Community Development of the State of Maryland as of and for the years ended June 30, 2007 and 2006, as listed in the table of contents. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Community Development Administration Housing Revenue Bonds and do not purport to, and do not, present fairly the financial position of the Department of Housing and Community Development of the State of Maryland as of June 30, 2007 and 2006, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Community Development Administration Housing Revenue Bonds of the Department of Housing and Community Development of the State of Maryland as of June 30, 2007 and 2006, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Disclosures of Change in Fair Value of Investments and Mortgage-Backed Securities are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in our audits of the basic financial statements and, accordingly, we express no opinion on it.

Housing Revenue Bonds
NOTES TO FINANCIAL STATEMENTS
(in thousands)
June 30, 2007 and 2006

## NOTE 1 - AUTHORIZING LEGISLATION AND PROGRAM DESCRIPTION

The Community Development Administration (CDA) was created in 1970 by Sections 266 DD-1 to 266 DD-8 of Article 41 (now in Sections 4-101 through 4-255 of the Housing and Community Development Article) of the Annotated Code of Maryland to meet the shortage of adequate, safe and sanitary housing in the State of Maryland, particularly for persons or families of limited income. CDA is in the Division of Development Finance in the Department of Housing and Community Development (DHCD) of the State of Maryland.

The accompanying financial statements only include CDA's Housing Revenue Bonds (the Fund). CDA's other Funds are not included. The Fund was established to issue bonds to provide funds to finance or refinance loans for various types of housing. As of June 30, 2007 and 2006, Housing Revenue Bonds have primarily financed multi-family projects.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## Basis of Presentation

The Fund is accounted for as an enterprise fund. Accordingly, the accompanying financial statements have been prepared using the accrual method of accounting and on the basis of accounting principles generally accepted in the United States of America (GAAP).

## Generally Accepted Accounting Principles

CDA reports its financial activities by applying Standards of Governmental Accounting and Financial Reporting as promulgated by the Governmental Accounting Standards Board (GASB). CDA has adopted GASB Statement No. 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting. Consequently, CDA applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) Statements and Interpretations, APB Opinions, and ARBS of the Committee on Accounting Procedure issued on or prior to November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CDA has adopted GASB Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis. Under GASB Statement No. 34, net assets should be reported as restricted when constraints placed on net asset use are either: externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or are imposed by law through constitutional provisions or enabling legislation. Accordingly, all net assets of the Fund are restricted as to their use as all net assets are pledged to bondholders.

The Annual Financial Report may include a Management's Discussion and Analysis. Since CDA is an enterprise fund included in the State of Maryland's Comprehensive Annual Financial Report, a separate Management's Discussion and Analysis is not required in these financial statements. CDA prepares a Management's Discussion and Analysis for the General Accounting Division of the State of Maryland that is not part of these financial statements.

## Cash and Cash Equivalents on Deposit with Trustee

Cash equivalents may include money market funds, repurchase agreements, investment agreements and any other investments, primarily obligations of the U.S. Treasury and U.S. Government Agencies, which have maturities of 90 or less days at the time of purchase. As of June 30, 2007 and 2006, all of the Fund's cash equivalents are invested in a money market mutual fund which is more fully described in Note 3.

## Investments

Investments are principally governmental debt securities or investment agreements collateralized by governmental debt securities. Debt securities are stated at fair value, based on quoted market prices. Investments are classified as current or long-term based on the maturity date or call date. Callable investments are classified as current, if exercise of the call within the next fiscal year is probable. Investments are more fully described in Note 3.

## Mortgage-Backed Securities

These guaranteed securities are issued in connection with mortgage loans on multi-family projects. They are stated at fair value, based on quoted market prices. It is the intention of CDA to hold each of these securities to maturity or until the payoff of the related multifamily loan. Mortgage-backed securities are more fully described in Note 3.

June 30, 2007 and 2006

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Mortgage Loans

Mortgage loans are carried at their unpaid principal balances, net of unamortized loan fees. Loan fees are deferred and amortized over the life of the related loans using the effective interest method. Any single family mortgage loan in foreclosure with a pending insurance claim is recorded as other receivables. See Notes 4 and 10 for additional information on mortgage loans and mortgage insurance, respectively.

## Allowance for Loan Losses

Substantially all the mortgage loans of the Fund are insured or guaranteed. Less than $1 \%$ of the loan portfolio is uninsured and CDA has established an allowance for loan losses on these loans. Management believes the allowance established is adequate based on prior experience and evaluations from DHCD's asset management group. See Notes 4 and 10 for additional information.

## Accrued Interest and Other Receivables

Accrued interest and other receivables include interest on loans and investments and outstanding claims on insured mortgage loans. On insured multi-family mortgage loans that are in default, CDA continues to accrue interest until receipt of a mortgage insurance claim. On insured single family loans, interest ceases to accrue after foreclosure. See Note 5 for additional information.

## Deferred Bond Issuance Costs

Costs incurred in issuing bonds are capitalized and amortized using the effective interest method for each respective bond issue. When bonds are redeemed early with mortgage prepayments, a proportionate share of the remaining unamortized costs is recognized as a loss on the Statements of Revenue, Expenses and Changes in Net Assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Due from (to) Other Funds

Due from (to) other Funds records the pending transfers of cash between Funds which is primarily a result of receipts due to one fund, but received by another, as more fully described in Note 9.

## Bonds Payable

Bonds payable are carried at their unpaid principal balances, net of original issue discounts or premiums. See Notes 6 and 7 for more information.

## Deposits by Borrowers

This account consists of escrows and reserves held by CDA on behalf of multi-family housing developments. CDA invests these deposits and, for reserves, allows earnings to accrue to the benefit of the mortgagor. Escrows represent amounts held by CDA for mortgage insurance and hazard insurance premiums and real estate taxes, all of which are generally paid annually and which are classified as a current liability. Based on the current year's reserve disbursements, CDA has estimated the current reserve liability. The balance of the reserves is classified as long-term. See Note 8 for further information on changes in long-term obligations.

## Mortgage Yield Limitations

All mortgage loans are subject to yield limitations under the Internal Revenue Service Code (the Code) in order for the associated bonds to maintain their tax-exempt status. At the time of bond issuance and over the term of the bonds, CDA determines and maintains compliance with the permitted mortgage yield on the loans. In certain bond refunding transactions, CDA transfers loans from prior series of bonds to the refunding series. CDA monitors the yield on these transferred loans to ensure that the composite yield over the term of the bonds is within the yield limitations of the Code. If at any time the composite yields on the transferred loans are out of compliance with the Code, CDA has certain remedies available to bring the yield into compliance. As of June 30, 2007 and 2006, all mortgage loan yields are in compliance with the Code.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interest on Mortgage Loans and Mortgage-Backed Securities
Interest on mortgage loans and mortgage-backed securities is calculated using the effective interest method.

## Fee Income

CDA receives multi-family financing fees at loan origination. These fees are deferred and amortized over the life of the loan.

## Administrative Support

In addition to expenses incurred directly by the Fund, CDA receives certain support services from other divisions of DHCD. Support services and the operating expenses of CDA have been allocated to CDA's General Bond Reserve Fund and reported in the financial statements of CDA's Revenue Obligation Funds. The General Bond Reserve Fund records these expenses as invoiced by DHCD for the fiscal year.

The employees of CDA are covered by the Maryland State Retirement and Pension System and the costs of employees' retirement benefits are included in the salaries and related costs charged to CDA’s General Bond Reserve Fund. See Note 11 for additional information.

## Revenue and Expenses

CDA distinguishes operating revenue and expenses from nonoperating items in conformity with GASB Statement No. 34. Operating revenue and expenses are identified as those activities that are directly related to financing affordable housing in the State of Maryland. The Fund's activities are considered to be operating except for increases and decreases in the fair value of mortgage-backed securities. It is the intention of CDA to hold these securities to maturity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenses, gains and losses during the reporting period. Actual results could differ from these estimates.

## Reclassifications

Certain 2006 amounts have been reclassified to conform to 2007 financial statement presentation.

## NOTE 3 - CASH, CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES

Bond proceeds and revenues from mortgages, mortgage-backed securities and investments are invested in authorized investments as defined in the Housing Revenue Bond Resolution (the Resolution) and in CDA's Investment Policy until required for purchasing mortgagebacked securities or originating mortgage loans, funding reserves, paying bond debt service or redeeming outstanding bonds, and funding program expenses. Authorized investments include obligations of the U.S. Treasury, U.S. Government Agencies, repurchase agreements, investment agreements, money market funds and certificates of deposit.

## NOTE 3 - CASH, CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES (Continued)

The following assets, reported at fair value and held by the Fund as of June 30, 2007 and 2006, are evaluated in accordance with GASB Statement No. 40 for interest rate risk, credit risk, concentration of credit risk and custodial credit risk.

| Assets | 2007 |  | 2006 |  |
| :---: | :---: | :---: | :---: | :---: |

| GNMA mortgage-backed securities |  | 422,185 |  | 400,769 |
| Total | \$ | 501,325 | \$ | 473,740 |

## Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses from rising interest rates, CDA's Investment Policy requires that the maturities of the investment portfolio are scheduled to meet the cash requirements for bond debt service, projected loan originations and ongoing operations.

## NOTE 3 - CASH, CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES (Continued)

The Federated Treasury Obligations Fund invests primarily in repurchase agreements collateralized by Treasury securities and U.S. Treasuries. It is operated in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended. It can reasonably be expected to have a fair value that will be unaffected by interest rate changes because the interest rates are variable and the principal can be recovered on demand. As noted above, as of June 30, 2007 and 2006, the cost of this money market mutual fund approximated fair value.

For mortgage-backed securities, it is the intention of CDA to hold the securities until the underlying loan is paid in full.

## Credit Risk and Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Neither CDA's Investment Policy nor the Resolution require investment agreements or deposits to be collateralized. CDA's Investment Policy places no limit on the amount that CDA may invest in any one issuer or counterparty. According to the Resolution and CDA's Investment Policy, securities must be at a rating no lower than the rating on the bonds or, if an investment maintains only a short-term rating, a rating not less than F1/P-1; and financial institutions who are a counterparty to CDA in investment agreements must be rated at least comparable to the existing rating on CDA bonds unless counterparty ratings lower than the bond ratings are permitted and do not affect the ratings on the bonds. In addition, certain investment and repurchase agreements require counterparty ratings no less than the ratings on the bonds. As of June 30, 2007 and 2006, all counterparty ratings were at least equal to the ratings on the Fund's bonds except for one counterparty whose credit rating of Aa 3 has not affected the ratings on the Housing Revenue Bonds. The ratings on Housing Revenue Bonds as of June 30, 2007 and 2006 were Aa2 by Moody’s Investors Service and AA by Fitch Ratings. The following table provides credit quality rating information for the investment portfolio and individual issuers, if they represent 5 percent or more of total investments in accordance with GASB Statement No. 40.

## NOTE 3 - CASH, CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES (Continued)

The market value of the underlying collateralized securities in repurchase agreements and investment agreements is maintained at a minimum of 102 percent of the principal of and accrued interest on the invested funds by marking to market at least weekly and using an immediate under value cure provision.

All mortgage-backed securities held by CDA are guaranteed by the Government National Mortgage Association (GNMA), an instrumentality of the United States Government. GNMA securities are "fully modified pass-through" mortgage-backed securities which require monthly payments by a Federal Housing Administration (FHA) lender, as the issuer of the Guaranteed Security to CDA. GNMA guarantees timely payment of principal and interest on Guaranteed Securities.

## Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank or counterparty failure, CDA will not be able to recover its deposits or the value of its collateral securities that are in the possession of an outside party. As of June 30, 2007 and 2006, the Fund's investments were not subject to custodial credit risk under GASB Statement No. 40. CDA's investments and collateralized securities are held in trust by the trustee or the trustee's agent, kept separate from the assets of the bank and from other trust accounts and are held in CDA's name.

## NOTE 4 - MORTGAGE LOANS

All the mortgage loans are secured by first liens on the related property and approximately $99 \%$ are insured or credit enhanced by FHA, MHF, FHLMC, FNMA or GNMA. Interest rates on such loans range from $3.0 \%$ to $14.5 \%$. As of June 30, 2007 and 2006, remaining loan terms range from approximately 2 to 40 years, and 3 to 40 years, respectively.

|  | \$ | 2,851 | \$ | 2,982 |

## NOTE 6 - BONDS PAYABLE

The bonds issued by CDA are special obligations of CDA and are payable from the revenue and special funds of the Resolution. These bonds do not constitute debt of and are not guaranteed by the State of Maryland or any other program of the State of Maryland or any political subdivision.

The provisions of the Resolution require or allow for the special redemption of bonds at par through the use of unexpended bond proceeds and excess funds accumulated primarily through prepayment of mortgage loans. All outstanding bonds are subject to optional redemption, in whole or in part at any time, after certain dates, as specified in the respective series resolutions. The prescribed optional redemption premiums range from $0 \%$ to $2 \%$ of the principal amount. All bonds are tax-exempt and have fixed interest rates.

## NOTE 9 - INTERFUND ACTIVITY

In accordance with the Resolution, net assets in Housing Revenue Bonds are restricted and pledged to bondholders. However, restricted assets may be transferred to other Funds, subject to the provisions of the Resolution. Generally, an officer of CDA must authorize such withdrawals and a cash flow analysis must demonstrate that sufficient monies remain in the Resolution to meet the obligations of the Fund in current and future years.

During the years ended June 30, 2007 and 2006, the Fund transferred the following amounts, as permitted, among Funds:

|  | 2007 |  | 2006 |  |

## NOTE 10 - MORTGAGE INSURANCE

Approximately $99 \%$ of the Fund's mortgage loans are insured or credit enhanced as described in Note 4.

Multi-family mortgagors pay premiums for mortgage insurance and insurance coverage is $100 \%$ of the unpaid principal balance of the loan.

Single family mortgagors pay the premiums for primary mortgage insurance. Generally, loans are insured in an amount that is at least $25 \%$ of the loan amount.

## NOTE 11 - PENSION AND OTHER POST-RETIREMENT BENEFITS

Eligible employees of CDA and employees of the State of Maryland are covered under the retirement plans of the State Retirement and Pension System of Maryland (the System) and are also entitled to certain healthcare benefits upon retirement. CDA's only obligation for retirement and post-employment benefits is its required annual contribution, which was paid in full by CDA to the State of Maryland prior to year end. The System prepares a separate audited Comprehensive Annual Financial Report which can be obtained from the State Retirement and Pension System of Maryland, 120 East Baltimore Street, Baltimore, Maryland 21202 or by visiting the website at www.sra.state.md.us.

## NOTE 12 - COMMITMENTS

As of June 30, 2007, CDA had commitments to purchase approximately $\$ 17,783$ in GNMA mortgage-backed securities. These securities will be purchased with the proceeds of bonds already issued to finance mortgage loans on multi-family projects. The interest rates on these securities range from $5.39 \%$ to $5.90 \%$.

## NOTE 13 - SUBSEQUENT EVENTS
