#### INDEPENDENT AUDITORS' REPORT

Office of the Secretary Department of Housing and Community Development

We have audited the accompanying combined financial statements of the Community Development Administration Revenue Obligation Funds (the Funds) of the Department of Housing and Community Development of the State of Maryland as of and for the year ended June 30, 2005, as listed in the table of contents. These combined financial statements are the responsibility of the Funds' management. Our responsibility is to express an opinion on these combined financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the combined financial statements present only the Community Development Administration Revenue Obligation Funds and do not purport to, and do not, present fairly the financial position of the Department of Housing and Community Development of the State of Maryland as of June 30, 2005, and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the combined financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Community Development Administration Revenue Obligation Funds of the Department of Housing and Community Development of the State of Maryland as of June 30, 2005, and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the combined financial statements taken as a whole. The Supplemental Disclosure of Combined Changes in Fair Value of Investments and Mortgage-Backed Securities is presented for purposes of additional analysis and is not a required part of the combined financial statements. Such information has not been subjected to the auditing procedures applied in our audit of the basic combined financial statements and, accordingly, we express no opinion on it.

#### NOTE 1 - AUTHORIZING LEGISLATION AND PROGRAM DESCRIPTION

The Community Development Administration (CDA) was created in 1970 by Sections 266 DD-1 to 266 DD-8 of Article 41 (now in Article 83B, Sections 2-201 through 2-208) of the Annotated Code of Maryland to meet the shortage of adequate, safe and sanitary housing in the State of Maryland, particularly for persons or families of limited income. CDA is in the Division of Development Finance in the Department of Housing and Community Development (DHCD) of the State of Maryland.

The accompanying combined financial statements only include CDA's Revenue Obligation Funds (the Funds). CDA's other programs are not included. However, CDA has also separately issued combined financial statements for the Infrastructure Program Funds. Both the Revenue Obligation Funds and the Infrastructure Program Funds are enterprise funds of the State of Maryland and are included in the State of Maryland's Comprehensive Annual Financial Report.

Within each Fund in Revenue Obligation Funds are separate accounts maintained for each obligation in accordance with the respective indentures. The following summarizes each of the Funds.

Fund	Purpose
Single Family Program Bonds	To originate or purchase single family mortgage loans.
Multi-Family Housing Revenue Bonds	To provide construction and permanent financing for multi-family housing projects.
Housing Revenue Bonds	To provide funds to finance or refinance loans for various types of housing. As of June 30, 2005, Housing Revenue Bonds have primarily financed multi-family projects.
Residential Revenue Bonds	To originate or purchase single family mortgage loans.
General Bond Reserve Fund	To provide funds for payment of principal and interest on bonds and notes in Revenue Obligation Funds to the extent revenues and assets specifically pledged are not sufficient. This fund also provides for the payment of operating expenses of CDA.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Presentation**

The Revenue Obligation Funds are accounted for as enterprise funds. Accordingly, the accompanying combined financial statements have been prepared using the accrual method of accounting and on the basis of accounting principles generally accepted in the United States of America (GAAP).

### Generally Accepted Accounting Principles

CDA reports its financial activities by applying Standards of Governmental Accounting and Financial Reporting as promulgated by the Governmental Accounting Standards Board (GASB). CDA has adopted GASB Statement No. 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting. Consequently, CDA applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) Statements and Interpretations, APB Opinions, and ARBS of the Committee on Accounting Procedure issued on or prior to November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

CDA has adopted GASB Statement No. 34 *Basic Financial Statements and Management's Discussion and Analysis*. Under GASB Statement No. 34, net assets should be reported as restricted when constraints placed on net asset use are either: externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or are imposed by law through constitutional provisions or enabling legislation. Accordingly, all net assets of the Funds are restricted as to their use as all net assets are pledged to bondholders.

The Annual Financial Report may include a Management's Discussion and Analysis. Since CDA is an enterprise fund included in the State of Maryland's Comprehensive Annual Financial Report, a separate Management's Discussion and Analysis is not required in these financial statements. CDA prepares a Management's Discussion and Analysis for the General Accounting Division of the State of Maryland that is not part of these financial statements.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Recent Accounting Pronouncements

Effective July 1, 2004, CDA adopted GASB Statement No. 40 Deposit and Investment Risk Disclosures, an amendment of GASB Statement No. 3, Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements. GASB Statement No. 40 requires disclosure of information regarding investments: credit risk, interest rate risk, concentration of credit risk and custodial credit risk. This new statement does not have any impact on the Funds' financial position or results of operations. The disclosures are in Note 3.

### Cash and Cash Equivalents on Deposit with Trustee

Cash equivalents may include money market funds, repurchase agreements, investment agreements and any other investments, primarily obligations of the U.S. Treasury and U.S. Government Agencies, which have maturities of 90 or less days at the time of purchase. As of June 30, 2005, all of CDA's cash equivalents are invested in a money market mutual fund which is more fully described in Note 3.

#### Investments

Investments are principally governmental debt securities or investment agreements collateralized by governmental debt securities. Debt securities are stated at fair value, based on quoted market prices. Investments are classified as current or long-term based on the maturity date or call date, if exercise of the call within the next fiscal year is probable. Investments are more fully described in Note 3.

### Mortgage-Backed Securities

These guaranteed securities are issued in connection with mortgage loans on multi-family projects. They are stated at fair value, based on quoted market prices. It is the intention of CDA to hold these securities to maturity or until the payoff of the related multi-family loan. Mortgage-backed securities are more fully described in Note 3.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Mortgage Loans

Mortgage loans are carried at their unpaid principal balances, net of unamortized loan fees and expenses. Loan fees and expenses are deferred over the life of the related loans and amortized using the effective interest method. Any single family mortgage loan in foreclosure with a pending insurance claim is recorded as other receivables. See Notes 4 and 14 for additional information on mortgage loans and mortgage insurance, respectively.

#### Allowance for Loan Losses

Substantially all the mortgage loans of the Funds are insured or guaranteed by agencies of the U.S. Government or the Maryland Housing Fund (MHF). Primary coverage levels range from 25% to 100% of the loan. CDA also has secondary pool insurance for loans in Single Family Program Bonds. CDA has established an allowance for loan losses on the uninsured portions of loans. Management believes the allowance established is adequate based on prior experience and evaluations from DHCD's asset management group.

#### Accrued Interest and Other Receivables

Accrued interest and other receivables include interest on loans and investments and outstanding claims on insured mortgage loans. On insured multi-family mortgage loans that are in default, CDA continues to accrue interest until receipt of a mortgage insurance claim. On insured single family and energy and rehabilitation loans, interest ceases to accrue after foreclosure. See Note 5 for additional information.

#### **Deferred Bond Issuance Costs**

Costs incurred in issuing bonds are capitalized and amortized using the effective interest method for each respective bond issue. When bonds are redeemed early with mortgage prepayments, a proportionate share of the remaining unamortized costs is recognized as a loss on the Combined Statement of Revenue, Expenses and Changes in Net Assets. However, in an economic refunding, CDA defers unamortized costs and redemption premiums as an offset to the new bonds as more fully described in Note 9.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Due from (to) Other Funds

Due from (to) other Funds records the pending transfers of cash between Funds which is primarily a result of receipts due to one Fund, but received by another, as more fully described in Note 12.

### **Bonds Payable**

Bonds payable are carried at their unpaid principal balances, net of unamortized deferred gain or loss for bonds refunded for economic purposes and original issue discounts or premiums. See Notes 6, 7, 8, and 9 for additional information.

#### Deposits by Borrowers

This account consists of escrows and reserves held by CDA on behalf of multi-family housing developments. CDA invests these deposits and, for reserves, allows earnings to accrue to the benefit of the mortgagor. Escrows represent amounts held by CDA for mortgage insurance and hazard insurance premiums and real estate taxes, all of which are generally paid annually and which are classified as a short-term liability. Based on the current year's reserve disbursements, CDA has estimated the short-term reserve liability. The balance of the reserves is classified as long-term. See Note 11 for further information on changes in long-term obligations.

#### Rebate Liability on Investments

Regulations governing the issuance of tax-exempt debt place limitations on permitted investment yield on borrowed funds. Based on these regulations, CDA is required to periodically rebate excess earnings from investments to the United States Treasury. In addition, the liability also includes an estimate of the rebate obligation related to unrealized gains as a result of recording investments at fair value. Rebate liability is more fully described in Note 10.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Mortgage Yield Limitations

All mortgage loans are subject to yield limitations under the Internal Revenue Service Code (the Code) in order for the associated bonds to maintain their tax-exempt status. At the time of bond issuance, CDA determines the permitted mortgage yield on the loans. In certain bond refunding transactions, CDA transfers loans from prior series of bonds to the refunding series. CDA monitors the yield on these transferred loans to ensure that the composite yield over the term of the bonds is within the yield limitations of the Code. If at any time the composite yields on the transferred loans are out of compliance with the Code, CDA has certain remedies available to bring the yield into compliance. As of June 30, 2005, all mortgage loan yields are in compliance with the Code.

#### Interest on Mortgage Loans and Mortgage-Backed Securities

Interest on mortgage loans and mortgage-backed securities is calculated using the effective interest method.

#### Fee Income

CDA earns multi-family financing fees and single family commitment fees at loan origination. These fees are deferred and amortized over the life of the loan. Tax credit fees and administrative fees are recorded as earned.

#### <u>Origination Expenses</u>

CDA pays originators of its single family loans an origination fee and a servicer release fee. These CDA expenses are deferred and amortized over the life of the loan.

#### **Administrative Support**

In addition to expenses incurred directly by the Funds, CDA receives certain support services from other divisions of DHCD. Support services and the operating expenses of CDA have been allocated to CDA's General Bond Reserve Fund. The General Bond Reserve Fund records these expenses as invoiced by DHCD for the fiscal year.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For the year ended June 30, 2005, the total costs charged to the General Bond Reserve Fund were:

Salaries and related costs	\$	6,150
General and administrative expenses		2,513
	<u></u>	
	\$	8,663

The employees of CDA are covered by the Maryland State Retirement and Pension System (the System) and the costs of employees' retirement benefits are included in the salaries and related costs discussed above. See Note 15 for additional information.

#### Revenue and Expenses

CDA distinguishes operating revenue and expenses from nonoperating items in conformity with GASB Statement No. 34. Operating revenue and expenses are identified as those activities that are directly related to financing affordable housing in the State of Maryland. All of CDA's activities are considered to be operating.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenses, gains and losses during the reporting periods. Actual results could differ from these estimates.

#### **Combined Totals**

The totals of similar accounts of the various Funds in the accompanying financial statements are presented for information purposes only. The totals represent an aggregation of the Funds and do not represent consolidated financial information, as interfund balances are not eliminated.

#### Reclassifications

Certain 2004 amounts have been reclassified to conform to 2005 financial statement presentation.

## NOTE 3 - CASH, CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES

Bond proceeds and revenues from mortgages, mortgage-backed securities and investments are invested in authorized investments as defined in the respective indentures and in CDA's Investment Policy until required for purchasing mortgage-backed securities or originating mortgage loans, funding reserves, paying bond debt service or redeeming outstanding bonds and notes, and funding program expenses. Authorized investments include obligations of the U.S. Treasury, U.S. Government Agencies, repurchase agreements, investment agreements, money market funds and certificates of deposit.

The following assets, reported at fair value and held by CDA at June 30, 2005, are evaluated in accordance with GASB 40 for interest rate risk, credit risk, concentration of credit risk and custodial credit risk.

## NOTE 3 - CASH, CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES (Continued)

#### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses from rising interest rates, CDA's Investment Policy requires that the maturities of the investment portfolio are scheduled to meet the cash requirements for bond debt service, projected loan originations and ongoing operations.

As of June 30, 2005, the amortized cost, fair value and maturities for these assets were as follows:

					Maturities (in years)																	
Asset		Amortized Cost		Fair Value										Less than 1		1 - 5		6 - 10		11 - 15	More than 15	
Federated Treasury Obligations Fund	\$	240,595	\$	240,595	\$	240,595	\$	-	\$	-	\$	-	\$	-

The Federated Treasury Obligations Fund invests exclusively in U.S. Treasuries and in repurchase agreements collateralized by Treasury securities. It is operated in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended. It can reasonably be

## NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED (in thousands)

expected to have a fair value that will be unaffected by interest rate changes because the interest rates are variable and the principal can be recovered on demand. As noted above, as of June 30, 2005, the cost of this money market mutual fund approximated fair value.

For mortgage-backed securities, it is the intention of CDA to hold the securities until the underlying loan is paid in full.

#### Credit Risk and Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Neither CDA's Investment Policy nor the trust indentures require investment agreements or deposits to be collateralized. CDA's Investment Policy places no limit on the amount that CDA may invest in any one issuer or counterparty. According to CDA's indentures and Investment Policy, securities must be at a rating no lower than the rating on the bonds or F1/P-1 and financial institutions who are a counterparty to CDA in investment agreements must be rated at least comparable to the existing rating on the bonds unless counterparty ratings lower than the bond ratings are permitted in a specific indenture and do not affect the ratings on the bonds. In addition, certain investment and repurchase agreements require counterparty ratings no less than the ratings on the bonds. As of June 30, 2005, all counterparty ratings were at least equal to the ratings on the bonds except for two counterparties whose credit rating of Aa3 has not affected the Aa2 rating on CDA bonds. The ratings on Single Family Program Bonds, Multi-Family Housing Revenue Bonds, Housing Revenue Bonds, and Residential Revenue Bonds as of June 30, 2005 were Aa2 by Moody's Investors Service and AA by Fitch.

## NOTE 3 - CASH, CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES (Continued)

The market value of the underlying collateralized securities in repurchase agreements and investment agreements is maintained at a minimum of 102 percent of the principal of and accrued interest on the invested funds by marking to market at least weekly and using an immediate under value cure provision.

All mortgage-backed securities held by CDA are guaranteed by the Government National Mortgage Association (GNMA), an instrumentality of the United States Government. GNMA securities are "fully modified pass-through" mortgage-backed securities which require monthly payments by a Federal Housing Administration (FHA) lender, as the issuer of the Guaranteed Security to CDA. GNMA guarantees timely payment of principal and interest on Guaranteed Securities.

#### Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank or counterparty failure, CDA will not be able to recover its deposits or the value of its collateral securities that are in the possession of an outside party. Investments and collateralized securities are held in trust by the trustee or the trustee's agent, kept separate from the assets of the bank and from other trust accounts and are held in CDA's name. The uncollateralized investment agreement in the amount of \$2,000 is registered in CDA's name.

#### **NOTE 4 - MORTGAGE LOANS**

Approximately 99% of all single family mortgage loans are secured by first liens on the related property and are credit enhanced through the FHA mortgage insurance programs, the Veterans Administration and USDA/RD guarantee programs, the Maryland Housing Fund (MHF) or by private mortgage insurance policies. As of June 30, 2005, interest rates on single family loans range from 4.0% to 13.9%, with remaining loan terms ranging from 2 to 35 years.

Approximately 99% of all multi-family construction and permanent mortgage loans outstanding are insured or credit enhanced by the FHA, the MHF, FHLMC, FNMA or GNMA. As of June 30, 2005, interest rates on loans range from 3.0% to 14.5%, with remaining loan terms ranging from approximately 5 to 40 years.

## NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED (in thousands)

June 30, 2005

### NOTE 4 - MORTGAGE LOANS (Continued)

All energy and rehabilitation loans are insured by the MHF. Loans made or purchased in excess of \$5 are secured by a deed of trust on the related property. As of June 30, 2005, interest rates on such loans range from 7.0% on owner-occupied residential properties to 10.0% on rental housing, with remaining loan terms ranging from less than one year to 5 years.

#### NOTE 5 - ACCRUED INTEREST AND OTHER RECEIVABLES

#### NOTE 6 - SHORT-TERM DEBT

CDA issues short-term debt to preserve volume cap when prepayments and payments from mortgages exceed the demand for new mortgages. Proceeds of the short-term debt are used to refund and to pay at maturity prior series of bonds. At the time of the refunding, prepayments and repayments of mortgage loans financed by these prior bonds are transferred to accounts in the short-term series. CDA expects to make these funds available to purchase mortgage loans upon the maturity or earlier redemption of the short-term bonds with proceeds of additional long-term bonds. By issuing the short-term debt, CDA more closely matches the rates on the short-term debt with the rates on short-term investments. When there is sufficient mortgage demand, CDA issues long-term refunding bonds to redeem the short-term debt and the prepayments and repayments are used to fund new mortgages.

Short-term debt activity for the year ended June 30, 2005, in Residential Revenue Bonds, was as follows:

		Balance	Bond A	Activit	y	Balance

#### NOTE 7 - BONDS PAYABLE

The bonds and notes issued by CDA are special obligations of CDA and are payable from the revenue and special funds of the applicable indentures. These bonds and notes do not constitute debt of and are not guaranteed by the State of Maryland or any other program of the State of Maryland or any political subdivision.

The provisions of the various bond indentures require or allow for the special redemption of bonds through the use of unexpended bond proceeds and excess funds accumulated primarily through prepayment of mortgage loans. All outstanding bonds are subject to optional redemption, in whole or in part at any time, after certain dates, as specified in the respective series indentures. The prescribed optional redemption premiums range from 0% to 2% of the principal amount.

The following lists those bonds which are at variable rates and the terms by which the variable rates change. All other bonds have fixed interest rates.

### Multi-Family Housing Revenue Bonds (Insured Mortgage Loans)

2003 Series C

The variable rate is set quarterly and is equal to the Federal Home Loan Bank (FHLB) Discount Notes Funding Costs plus ½ of 1%.

2004 Series A

The bonds were offered as Auction Rate Certificates. Auctions to set the interest rate are generally held every 28 days. The maximum rate is 12% or such higher rate as the Administration may establish with a Rating Confirmation.

## Residential Revenue Bonds

2003 Series C; 2004 Series C, F and I; 2005 Series C

The rate is set weekly by the remarketing agent so that the market value of the bonds is as close as possible to 100% of the principal amount of the bonds. In no event will the bonds bear interest at a rate in excess of 12%.

The following bonds are taxable. All other bonds are tax-exempt.

### NOTE 8 - DEBT SERVICE REQUIREMENTS

As of June 30, 2005, the required principal payments for short-term debt and bonds (including mandatory sinking fund payments and special and optional redemptions that occurred subsequent to year end and excluding the effect of unamortized discounts/premiums and other deferred costs as shown in Note 7) and interest payments for each of the next five years and in 5-year increments thereafter, are as follows:

The interest calculations on outstanding variable rate bonds in the amounts of \$43,145 in Multi-Family Housing Revenue Bonds and \$100,000 in Residential Revenue Bonds are based on the variable rates in effect on June 30, 2005 and are not indicative of the actual interest expense that will be incurred in future years. As rates vary, variable rate bond interest payments will vary.

#### **NOTE 9 - BOND REFUNDINGS**

Certain refundings of debt are due to the prepayments of single family mortgage loans. In these cases, CDA transfers the proceeds of the refunding bonds to a redemption account to redeem previously issued bonds and, simultaneously, transfers the prepayments of single family mortgage loans financed by these prior bonds to the refunding bonds' accounts for the

#### NOTE 9 - BOND REFUNDINGS (Continued)

purpose of originating new loans. This recycling of prepayments enables CDA to originate new loans that are not subject to the limitations of the IRS volume cap. CDA does not pay call premiums on these special redemptions, and the refundings are not undertaken to reduce interest rates, revise payment schedules or modify restrictions. CDA writes off any unamortized deferred issuance costs or original issue discounts, net of unamortized original issue premiums, as a loss in the accompanying Combined Statement of Revenue, Expenses and Changes in Net Assets.

For current refundings of debt in an optional redemption, CDA replaces previously issued bonds with lower cost debt. This type of transaction is commonly known as an economic refunding. In economic refundings, CDA defers the difference between the reacquisition price (i.e., the principal of the old debt, plus the call premium) and the net carrying amount of the old debt (i.e., the amount due at maturity, adjusted for any unamortized premium or discount and issuance costs related to the old debt) as an offset to the new bonds on the accompanying Combined Statement of Net Assets, in accordance with GASB Statement No. 23 Accounting and Financial Reporting for Refunding of Debt Reported by Proprietary Activities. This deferral is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter. For the year ended June 30, 2005, CDA did not issue any refunding bonds for the purpose of lowering its cost of debt.

### NOTE 10 - REBATE LIABILITY

In accordance with the Internal Revenue Service Code (the Code), CDA has recorded a rebate liability for excess investment earnings in tax-exempt bond and note issues sold after 1981. The excess investment earnings arise due to actual investment yields earned by CDA being greater than yields permitted to be retained by CDA under the Code. The Code requires 90% of such excess investment earnings to be remitted to the United States Treasury every five years and in full at the final redemption of the bonds. Interest income on the Combined Statement of Revenue, Expenses and Changes in Net Assets is reduced by the rebate liability due to excess investment earnings. The increase/decrease in fair value of investments on the Combined Statement of Revenue, Expenses and Changes in Net Assets is adjusted by the change in the estimated rebate liability due to change in fair value of investments. CDA has no rebate liability from interest income or unrealized gains on mortgage-backed securities.

#### NOTE 12 - INTERFUND ACTIVITY

In accordance with the various bond indentures, net assets in each of the Funds are restricted and pledged to bondholders. However, restricted assets may be transferred to other Funds, subject to the provisions of the respective indentures. Generally, an officer of CDA must authorize such withdrawals and a cash flow analysis must demonstrate that sufficient monies remain in the indenture to meet the obligations of the Funds in current and future years. A cash flow analysis is not required for the General Bond Reserve Fund (GBRF) because there were no bonds outstanding in GBRF as of June 30, 2005.

During the year ended June 30, 2005, CDA transferred the following amounts, as permitted among Funds:

## NOTE 13 - OTHER OUTSTANDING BONDS ISSUED BY CDA (CONDUIT BONDS) (UNAUDITED)

CDA has issued the following bonds that are not included in the combined financial statements of the Funds. The Multifamily Development Revenue Bonds and the Multifamily Development Revenue Refunding Bonds are secured solely by the properties and related revenues of the projects and the applicable credit enhancements. The Draw Down Mortgage Revenue Bonds are secured by an investment equal to the debt outstanding. The Capital Fund Securitization Bonds are insured and are repayable by the Department of Housing and Urban Development (HUD) directly to the trustee from funds that the participating public housing authorities would have received under its Annual Contributions Contract. Neither the faith and credit of CDA nor the assets of the Funds have been pledged as security for these bonds. Accordingly, these obligations are excluded from CDA's financial statements.

The Multifamily Development Revenue Bonds, the Multifamily Development Revenue Refunding Bonds, the Draw Down Mortgage Revenue Bonds and the Capital Fund Securitization Revenue Bonds are special obligations payable solely from the trust estate pledged under each indenture. These bonds do not constitute a debt of and are not guaranteed by the State of Maryland, any political subdivision thereof, CDA or the Department of Housing and Community Development.

Subsequent to June 30, 2005, CDA issued Draw Down Mortgage Revenue Bonds in the amount of \$16,610 on August 1, 2005.

#### NOTE 14 - MORTGAGE INSURANCE

Substantially all of CDA's mortgage loans have mortgage insurance as described in Note 4.

Multi-Family mortgagors pay premiums for mortgage insurance and insurance coverage is 100% of the unpaid principal balance of the loan.

For an FHA insured loan in Single Family Program Bonds, the primary mortgage insurance covers an amount equal to the unpaid principal amount of the loan. All other loans have primary mortgage insurance in an amount that is at least 25% of the loan amount. Single family mortgagors pay the premiums for primary mortgage insurance. For any losses not covered by primary mortgage insurance in Single Family Program Bonds, CDA has purchased pool insurance or established specific reserves. For each series of bonds, pool insurance coverage cannot exceed 10% of the amount of proceeds of the series of bonds. MHF has issued most of the pool insurance policies.

FHA insured loans in Residential Revenue Bonds are insured in an amount equal to the unpaid principal amount of the loan. Less than 10% of all other loans are insured by the VA, USDA/RD, or private mortgage insurers at various coverages. In the opinion of management, these coverage levels are sufficient so that no pool insurance or reserves are required and no allowance for loan losses has been recorded. Premiums are paid by single family mortgagors.

#### NOTE 15 - PENSION AND OTHER POST-RETIREMENT BENEFITS

Eligible employees of CDA and employees of the State of Maryland are covered under the retirement plans of the State Retirement and Pension System of Maryland (System) and are also entitled to certain healthcare benefits upon retirement. CDA's only obligation for retirement and post-employment benefits is its required annual contribution, which was paid in full by CDA to the State of Maryland prior to year end. The System prepares a separate audited Comprehensive Annual Financial Report which can be obtained from the State Retirement and Pension System of Maryland, 120 East Baltimore Street, Baltimore, Maryland 21202 or by visiting the website at www.sra.state.md.us.

#### **NOTE 16 - COMMITMENTS**

As of June 30, 2005, CDA had approximately \$29,627 in reservations for single family mortgages at interest rates ranging from 4.875% to 5.95%. CDA plans to purchase these loans with proceeds from Residential Revenue Bonds. CDA also had commitments to purchase, from the proceeds of Housing Revenue Bonds, approximately \$33,956 in GNMA mortgage-backed securities to finance mortgage loans on multifamily projects. The interest rates on the securities range from 5.11% to 5.83%. Finally, CDA has a commitment to fund a 5.85% mortgage loan of \$5,347 financed with the proceeds of bonds in Housing Revenue Bonds.

## SUPPLEMENTAL DISCLOSURE OF COMBINED CHANGES IN FAIR VALUE OF INVESTMENTS AND MORTGAGE-BACKED SECURITIES

(in thousands)

June 30, 2005 (Unaudited)

During fiscal year 1997, CDA adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 31. This statement requires the financial statements of CDA to reflect investments and mortgage-backed securities at fair value, and the increase or decrease in fair value is included in the Combined Statement of Revenue, Expenses and Changes in Net Assets.

For investments (obligations of the U.S. Treasury and U.S. Government Agencies) held by CDA as of June 30, 2005, the following schedule summarizes the increase/decrease in fair value for each of these years and the cumulative difference between fair value and amortized cost:
