# INDEPENDENT AUDITORS' REPORT 

Office of the Secretary
Department of Housing and Community Development

We have audited the accompanying financial statements of the Community Development Administration Residential Revenue Bonds (the Fund) of the Department of Housing and Community Development of the State of Maryland as of and for the years ended June 30, 2008 and 2007, as listed in the table of contents. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Community Development Administration Residential Revenue Bonds and do not purport to, and do not, present fairly the financial position of the Department of Housing and Community Development of the State of Maryland as of June 30, 2008 and 2007, and the changes in its net assets and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Community Development Administration Residential Revenue Bonds of the Department of Housing and Community Development of the State of Maryland as of June 30, 2008 and 2007, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Disclosures of Change in Fair Value of Investments are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in our audits of the basic financial statements and, accordingly, we express no opinion on it.

Baltimore, Maryland

# Community Development Administration Residential Revenue Bonds 

NOTES TO FINANCIAL STATEMENTS (in thousands)

June 30, 2008 and 2007

## NOTE 1 - AUTHORIZING LEGISLATION AND PROGRAM DESCRIPTION

The Community Development Administration (CDA) was created in 1970 by Sections 266 DD-1 to 266 DD-8 of Article 41 (now in Sections 4-101 through 4-255 of the Housing and Community Development Article) of the Annotated Code of Maryland to meet the shortage of adequate, safe and sanitary housing in the State of Maryland, particularly for persons or families of limited income. CDA is in the Division of Development Finance in the Department of Housing and Community Development (DHCD) of the State of Maryland.

The accompanying financial statements only include CDA's Residential Revenue Bonds (the Fund). CDA's other Funds are not included. The Fund was established to issue bonds primarily to originate or purchase single family mortgage loans.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## Basis of Presentation

The Fund is accounted for as an enterprise fund. Accordingly, the accompanying financial statements have been prepared using the accrual method of accounting and on the basis of accounting principles generally accepted in the United States of America (GAAP).

## Generally Accepted Accounting Principles

CDA reports its financial activities by applying Standards of Governmental Accounting and Financial Reporting as promulgated by the Governmental Accounting Standards Board (GASB). CDA has adopted GASB Statement No. 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting. Consequently, CDA applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) Statements and Interpretations, APB Opinions, and ARBS of the Committee on Accounting Procedure issued on or prior to November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

# Community Development Administration <br> Residential Revenue Bonds 

NOTES TO FINANCIAL STATEMENTS - CONTINUED<br>(in thousands)

June 30, 2008 and 2007

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CDA has adopted GASB Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis. Under GASB Statement No. 34, net assets should be reported as restricted when constraints placed on net asset use are either: externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or are imposed by law through constitutional provisions or enabling legislation. Accordingly, all net assets of the Fund are restricted as to their use as all net assets are pledged to bondholders.

The Annual Financial Report may include a Management's Discussion and Analysis. Since CDA is an enterprise fund included in the State of Maryland's Comprehensive Annual Financial Report, a separate Management's Discussion and Analysis is not required in these financial statements. CDA prepares a Management's Discussion and Analysis for the General Accounting Division of the State of Maryland that is not part of these financial statements.

## Recent Accounting Pronouncements

In June of 2008, GASB published Statement No. 53 Accounting and Financial Reporting for Derivative Instruments, which will supersede GASB Technical Bulletin No. 2003-1 Disclosure Requirements for Derivatives Not Reported at Fair Value on the Statement of Net Assets. This Statement addresses recognition and measurement of derivative instruments and disclosure of information about derivative instruments. The disclosures of GASB Technical Bulletin No. 2003-1 have been incorporated in Statement No. 53, which will become effective for financial statements for periods beginning after June 15, 2009. CDA may elect to implement this Statement earlier. The Statement will require that all CDA interest rate exchange agreements (swaps) are reported at fair value in the Statement of Net Assets and that all swaps are tested for hedge effectiveness. Effectiveness is established if the changes in cash flows of the swaps substantially offset the changes in cash flows of the hedgeable items. The changes in fair values of the swaps, that are determined to be effective hedges, will be recognized as deferred inflows or outflows in the Statement of Net Assets. The changes in fair value of the swaps that are determined not to be effective hedges will be reported in the Statement of Revenue, Expenses and Changes in Net Assets. For the years ended June 30, 2008 and 2007, CDA swaps are reported in accordance with GASB Technical Bulletin No. 2003-1 and are more fully described in Note 9.

# Community Development Administration <br> Residential Revenue Bonds 

NOTES TO FINANCIAL STATEMENTS - CONTINUED<br>(in thousands)

June 30, 2008 and 2007

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Cash and Cash Equivalents on Deposit with Trustee

Cash equivalents may include money market funds, repurchase agreements, investment agreements and any other investments, primarily obligations of the U.S. Treasury and U.S. Government Agencies, which have maturities of 90 or less days at the time of purchase. As of June 30, 2008, all cash equivalents are invested in money market mutual funds. As of June 30, 2007, the Fund's cash equivalents were invested in a money market mutual fund and U.S. Government Agencies. Cash equivalents are more fully described in Note 3.

## Investments

Investments are principally governmental debt securities or investment agreements collateralized by governmental debt securities. Debt securities are stated at fair value, based on quoted market prices. Investments are classified as current or long-term based on the maturity date or call date. Callable investments are classified as current, if exercise of the call within the next fiscal year is probable. Investments are more fully described in Note 3.

## Mortgage Loans

Mortgage loans are carried at their unpaid principal balances, net of unamortized loan fees and expenses. Loan fees and expenses are deferred and amortized over the life of the related loans using the effective interest method. Any mortgage loan in foreclosure with a pending insurance claim is recorded as other receivables. See Notes 4 and 14 for additional information on mortgage loans and mortgage insurance, respectively.

# Community Development Administration <br> Residential Revenue Bonds 

NOTES TO FINANCIAL STATEMENTS - CONTINUED<br>(in thousands)

June 30, 2008 and 2007

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Allowance for Loan Losses

Substantially all of the mortgage loans of the Fund are insured or guaranteed by agencies of the U.S. Government, the Maryland Housing Fund (MHF), or private mortgage insurers. As of June 30, 2008 and 2007, CDA has established an allowance for loan losses on the uninsured portions of mortgage loans with private mortgage insurance. Management believes the allowance established is adequate based on prior experience and evaluations from DHCD's asset management group and a current assessment of probability and risk of loss due to default. See Notes 4 and 14 for additional information.

## Real Estate Owned

Real estate owned represents real estate acquired through foreclosure and is stated at the lower of cost or fair value less estimated costs to sell. Expenses incurred related to real estate owned are reported on the Statements of Revenue, Expenses and Changes in Net Assets.

## Accrued Interest and Other Receivables

Accrued interest and other receivables include interest on loans and investments and outstanding claims on insured mortgage loans. On insured single family loans, interest ceases to accrue after foreclosure. See Note 5 for additional information.

## Deferred Bond Issuance Costs

Costs incurred in issuing bonds are capitalized and amortized using the effective interest method for each respective bond issue. When bonds are redeemed early with mortgage prepayments, a proportionate share of the remaining unamortized costs is recognized as a loss on the Statements of Revenue, Expenses and Changes in Net Assets.

## Due from (to) Other Funds

Due from (to) other Funds records the pending transfers of cash between Funds which is primarily a result of receipts due to one Fund, but received by another, as more fully described in Note 13.

# Community Development Administration <br> Residential Revenue Bonds 

NOTES TO FINANCIAL STATEMENTS - CONTINUED
(in thousands)
June 30, 2008 and 2007

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Bonds Payable

Bonds payable are carried at their unpaid principal balances, net of original issue discounts or premiums. See Notes 6, 7, 8, 9 and 10 for more information.

## Rebate Liability on Investments

Regulations governing the issuance of tax-exempt debt place limitations on permitted investment yield on borrowed funds. Based on these regulations, CDA is required to periodically rebate excess earnings from investments to the United States Treasury. In addition, the liability also includes an estimate of the rebate obligation related to unrealized gains as a result of recording investments at fair value. Rebate liability is more fully described in Note 11.

## Mortgage Yield Limitations

All mortgage loans are subject to yield limitations under the Internal Revenue Service Code (the Code) in order for the associated bonds to maintain their tax-exempt status. At the time of bond issuance and over the term of the bonds, CDA determines and maintains compliance with the permitted mortgage yield on the loans. In certain bond refunding transactions, CDA transfers loans from prior series of bonds to the refunding series. CDA monitors the yield on these transferred loans to ensure that the composite yield over the term of the bonds is within the yield limitations of the Code. If at any time the composite yields on the transferred loans are out of compliance with the Code, CDA has certain remedies available to bring the yield into compliance. As of June 30, 2008 and 2007, all mortgage loan yields were in compliance with the Code.

## Interest on Mortgage Loans

Interest on mortgage loans is calculated using the effective interest method.

## Fee Income

CDA receives single family commitment fees at loan origination. These fees are deferred and amortized over the life of the loan.

# Community Development Administration <br> Residential Revenue Bonds 

NOTES TO FINANCIAL STATEMENTS - CONTINUED
(in thousands)
June 30, 2008 and 2007

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Origination Expenses

CDA pays originators of its single family loans an origination fee and a servicer release fee. On some single family loans CDA provides the borrowers with grants toward loan down payment and closing costs. These CDA expenses are deferred and amortized over the life of the loan.

## Administrative Support

In addition to expenses incurred directly by the Fund, CDA receives certain support services from other divisions of DHCD. Support services and the operating expenses of CDA have been allocated to CDA's General Bond Reserve Fund and reported in the financial statements of CDA's Revenue Obligation Funds. The General Bond Reserve Fund records these expenses as invoiced by DHCD for the fiscal year.

The employees of CDA are covered by the Maryland State Retirement and Pension System and the costs of employees' retirement benefits are included in the salaries and related costs charged to CDA’s General Bond Reserve Fund. See Note 15 for additional information.

## Revenue and Expenses

CDA distinguishes operating revenue and expenses from nonoperating items in conformity with GASB Statement No. 34. Operating revenue and expenses are identified as those activities that are directly related to financing affordable housing in the State of Maryland. All of the Fund's activities are considered to be operating.

## Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenses, gains and losses during the reporting period. Actual results could differ from these estimates.

# Community Development Administration <br> Residential Revenue Bonds <br> NOTES TO FINANCIAL STATEMENTS - CONTINUED <br> (in thousands) 

June 30, 2008 and 2007

## NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS

Bond proceeds and revenues from mortgages and investments are invested in authorized investments as defined in the Residential Revenue Bond Resolution (the Resolution) and in CDA's Investment Policy until required for purchasing or originating mortgage loans, funding reserves, paying bond debt service or redeeming outstanding bonds and notes, and funding program expenses. Authorized investments include obligations of the U.S. Treasury, U.S. Government Agencies, repurchase agreements, investment agreements, money market funds and certificates of deposit.

The following assets, reported at fair value and held by the Fund as of June 30, 2008 and 2007, are evaluated in accordance with GASB Statement No. 40 for interest rate risk, credit risk, concentration of credit risk and custodial credit risk.

| Assets | 2008 |  | 2007 |  |
| :---: | :---: | :---: | :---: | :---: |
| Cash and Cash Equivalents: |  |  |  |  |
| Federated Treasury Obligations Fund | \$ | 135,796 | \$ | 292,963 |
| The Reserve U.S. Government Fund |  | 173,392 |  | - |
| Obligations of U.S. Government Agencies |  | - |  | 250,188 |
| Investments: |  |  |  |  |
| Obligations of U.S. Government Agencies |  | 120,618 |  | 361,344 |
| Repurchase and Investment Agreements |  | 17,645 |  | 20,145 |
| Total | \$ | 447,451 | \$ | 924,640 |

## Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses from rising interest rates, CDA's Investment Policy requires that the maturities of the investment portfolio are scheduled to meet the cash requirements for bond debt service, projected loan originations and ongoing operations.

# Community Development Administration <br> Residential Revenue Bonds <br> NOTES TO FINANCIAL STATEMENTS - CONTINUED <br> (in thousands) 

June 30, 2008 and 2007

## NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

As of June 30, 2008, the amortized cost, fair value and maturities for these assets were as follows:

| Asset | $\begin{gathered} \text { Amortized } \\ \text { Cost } \\ \hline \end{gathered}$ |  | Fair <br> Value |  | Maturities (in years) |  |  |  |  |  |  |  |  |  |

June 30, 2008 and 2007

## NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

The Federated Treasury Obligations Fund invests primarily in repurchase agreements collateralized by Treasury securities and U.S. Treasuries. The Reserve U.S. Government Fund invests in U.S. government securities and repurchase agreements collateralized by U.S. government securities. Both funds operate in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended. Both funds can reasonably be expected to have a fair value that will be unaffected by interest rate changes because the interest rates are variable and the principal can be recovered on demand. As noted above, as of June 30, 2008 and 2007, the cost of the money market mutual funds approximated fair value.

## Credit Risk and Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Neither CDA's Investment Policy nor the Resolution requires investment agreements or deposits to be collateralized. CDA's Investment Policy places no limit on the amount that CDA may invest in any one issuer or counterparty. According to the Resolution and CDA's Investment Policy, securities must be at a rating no lower than the rating on the bonds or, if an investment maintains only a short-term rating, a rating not less than F1/P-1; and financial institutions who are a counterparty to CDA in investment agreements must be rated at least comparable to the existing rating on CDA bonds unless counterparty ratings lower than the bond ratings are permitted and do not affect the ratings on the bonds. In addition, certain investment and repurchase agreements require counterparty ratings no less than the ratings on the bonds. As of June 30, 2008, all counterparty ratings were at least equal to the ratings on the Fund's bonds except for one counterparty whose credit rating of Aa3 has not affected the Aa2 rating on the bonds. As of June 30, 2007, all counterparty ratings were at least equal to the ratings on the Fund's bonds. The ratings on Residential Revenue Bonds as of June 30, 2008 and 2007 were Aa2 by Moody's Investors Service and AA by Fitch Ratings. The following table provides credit quality rating information for the investment portfolio and individual issuers, if they represent 5 percent or more of total investments in accordance with GASB Statement No. 40.

# Community Development Administration <br> Residential Revenue Bonds 

# NOTES TO FINANCIAL STATEMENTS - CONTINUED <br> (in thousands) 

June 30, 2008 and 2007

NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)
The market value of the underlying collateralized securities in repurchase agreements and investment agreements is maintained at a minimum of 102 percent of the principal of and accrued interest on the invested funds by marking to market at least weekly and using an immediate under value cure provision.

## Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank or counterparty failure, CDA will not be able to recover its deposits or the value of its collateral securities that are in the possession of an outside party. As of June 30, 2008 and 2007, the Fund's investments were not subject to custodial credit risk under GASB Statement No. 40. CDA's investments and collateralized securities are held in trust by the trustee or the trustee's agent, kept separate from the assets of the bank and from other trust accounts and are held in CDA's name.

## NOTE 4 - MORTGAGE LOANS

All mortgage loans of the Fund are secured by first liens on the related property. Substantially all the mortgage loans are credit enhanced through the FHA mortgage insurance programs, the Veterans Administration, USDA/RD guarantee programs, the Maryland Housing Fund (MHF) or by private mortgage insurers. As of June 30, 2008 and 2007, interest rates on such loans ranged from $4.0 \%$ to $7.75 \%$ and $4.0 \%$ to $7.5 \%$, respectively. Remaining loan terms ranged from approximately 19 to 40 years and 20 to 40 years, respectively. For the years ended June 30, 2008 and 2007, CDA has established an allowance for loan losses in the amounts of $\$ 4,597$ and $\$ 1,264$, respectively, on the uninsured portions of mortgage loans with private mortgage insurance.

Community Development Administration<br>Residential Revenue Bonds<br>NOTES TO FINANCIAL STATEMENTS - CONTINUED<br>(in thousands)

June 30, 2008 and 2007

## NOTE 5 - ACCRUED INTEREST AND OTHER RECEIVABLES

Accrued interest and other receivables as of June 30, 2008 and 2007 were as follows:

|  | 2008 |  | 2007 |  |
| :---: | :---: | :---: | :---: | :---: |
| Accrued mortgage loan interest | \$ | 11,128 | \$ | 7,351 |
| Accrued investment interest |  | 1,905 |  | 12,385 |
| Claims due from mortgage insurers |  | 3,466 |  | 1,229 |
| Foreclosed loans, net of claims due |  | 2,647 |  | - |
| Miscellaneous billings |  | 27 |  | - |
|  | \$ | 19,173 | \$ | 20,965 |

## NOTE 6 - SHORT-TERM DEBT

CDA issues short-term debt to preserve volume cap when prepayments and payments from mortgages exceed the demand for new mortgages. Proceeds of the short-term debt are used to refund and to pay at maturity prior series of bonds. At the time of the refunding, prepayments and repayments of mortgage loans financed by these prior bonds are transferred to accounts in the short-term series. CDA expects to make these funds available to purchase mortgage loans upon the maturity or earlier redemption of the short-term bonds with proceeds of additional long-term bonds. By issuing the short-term debt, CDA more closely matches the rates on the short-term debt with the rates on short-term investments. When there is sufficient mortgage demand, CDA issues long-term refunding bonds to redeem the short-term debt and the prepayments and repayments are used to fund new mortgages.

June 30, 2008 and 2007

## NOTE 7 - BONDS PAYABLE

The bonds and notes issued by CDA are special obligations of CDA and are payable from the revenue and special funds of the Resolution. These bonds and notes do not constitute debt of and are not guaranteed by the State of Maryland or any other program of the State of Maryland or any political subdivision.

The provisions of the Resolution require or allow for the special redemption of bonds at par through the use of unexpended bond proceeds and excess funds accumulated primarily through prepayment of mortgage loans. All outstanding bonds are subject to optional redemption, in whole or in part at any time, after certain dates, as specified in the respective series resolutions. The prescribed optional redemption premiums range from $0 \%$ to $1.5 \%$ of the principal amount.

The following lists those bonds which are at variable rates and the terms by which the variable rates change. All other bonds have fixed interest rates.

2003 Series C; 2004 Series C, F and I; 2005 Series C; 2006 Series G and J; and 2007 Series F, J and M

The rate is set weekly by a remarketing agent so that the market value of the bonds is as close as possible to $100 \%$ of the principal amount of the bonds. In no event will the bonds bear interest at a rate in excess of $12 \%$, except for 2007 Series F, J and M which have a maximum interest rate of $15 \%$.

The following bonds are taxable. All other bonds are tax-exempt.
2006 Series S and 2007 Series B, E, F, I, J and M

## NOTE 8 - DEBT SERVICE REQUIREMENTS

As of June 30, 2008, the required principal payments for short-term debt and bonds (including mandatory sinking fund payments and special and optional redemptions that occurred subsequent to June 30, 2008, and excluding the effect of unamortized discounts/premiums and other deferred costs as shown in Note 7) and interest payments for each of the next five years and in 5-year increments thereafter, were as follows:

| Years ended June 30, | Interest |  | Principal |  |
| :---: | :---: | :---: | :---: | :---: |
| 2009 | \$ | 94,590 | \$ | 85,040 |
| 2010 |  | 91,860 |  | 44,575 |
| 2011 |  | 90,099 |  | 47,955 |
| 2012 |  | 88,158 |  | 52,535 |
| 2013 |  | 86,064 |  | 52,715 |
| 2014-2018 |  | 394,253 |  | 319,265 |
| 2019-2023 |  | 331,684 |  | 236,910 |
| 2024-2028 |  | 271,932 |  | 242,935 |
| 2029-2033 |  | 204,284 |  | 380,015 |
| 2034-2038 |  | 119,586 |  | 444,545 |
| 2039-2043 |  | 42,919 |  | 182,590 |
| 2044-2048 |  | 3,841 |  | 70,720 |
| Totals | \$ | 1,819,270 | \$ | 2,159,800 |

The interest calculations on outstanding variable rate bonds in the amount of $\$ 342,415$ are based on the variable rates in effect on June 30, 2008, and are not indicative of the actual interest expense that will be incurred in future years. As rates vary, variable rate bond interest payments will vary. See Note 9 for additional information on interest rate exchange agreements (swaps) associated with the variable rate debt in the Fund.

June 30, 2008 and 2007

## NOTE 9 - INTEREST RATE EXCHANGE AGREEMENTS (SWAPS)

## Objective of the Swaps

As a means to lower its borrowing costs, CDA issues variable rate bonds. In order to protect against the potential increases in interest rates, CDA has entered into pay-fixed, receivevariable interest rate swap agreements in connection with certain variable rate bond series. CDA anticipates that the net swap payments and interest payments on underlying bonds will be lower than what CDA would have paid if it had issued fixed rate debt at the time of the underlying bond issuances. All of CDA's swaps are intended to be cash flow hedges.

## Terms and Fair Value

The terms, including the fair values of the outstanding swaps as of June 30, 2008 and 2007, are provided on the following pages. The counterparty credit ratings for all outstanding swaps as of June 30, 2008 and 2007 are listed under the Credit Risk section. For each of the outstanding swap agreements the variable rates are reset monthly, and the final maturity dates of the underlying bonds and the final termination dates of the corresponding swap agreements are the same. The fair values are based on the market values and are affirmed by an independent advisor who used valuation methods and assumptions in accordance with the GASB Technical Bulletin No. 2003-1.

# NOTES TO FINANCIAL STATEMENTS - CONTINUED <br> (in thousands) 

June 30, 2008 and 2007

## NOTE 9 - INTEREST RATE EXCHANGE AGREEMENTS (SWAPS) (Continued)

## Basis Risk

The swaps would expose CDA to basis risk should the relationship between the London Interbank Offered Rate and the Securities Industry and Financial Markets Association Rate converge. If a change occurs that results in the rates moving towards convergence, the expected cost savings may not be realized. In order to mitigate this risk, prior to the execution of the swap agreements, CDA and its independent financial advisor reviewed historical trading differentials between the Securities Industry and Financial Markets Association Rate and the London Interbank Offered Rate.

## Credit Risk

Credit risk is the risk that a swap counterparty will not fulfill its obligations. The fair value of the swaps represented CDA's credit exposure to each counterparty as of June 30, 2008 and 2007. As of June 30, 2008, CDA was not exposed to credit risk under the swap agreements with BSFP, UBS AG or MLDP since the fair value of each counterparty's swap portfolio was negative. However, should the valuation of any of the individual swaps change, and the fair values turn positive, CDA may become exposed to credit risk in the amount of the swaps' fair values. To mitigate the potential for credit risk, the fair value of the swaps will be fully collateralized by the counterparties if a counterparty's credit quality falls below the designated credit rating thresholds. As of June 30, 2007, CDA had credit risk exposure to BSFP and MLDP in the amounts of $\$ 347$ and $\$ 1,190$, respectively. As of June 30, 2007, CDA was not exposed to credit risk under the swap agreement with UBS AG since the swap had a negative fair value.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
(in thousands)
June 30, 2008 and 2007

## NOTE 9 - INTEREST RATE EXCHANGE AGREEMENTS (SWAPS) (Continued)

## Termination Risk

Termination risk is the risk that, due to some event or exercise of a right, the swaps may terminate prior to the scheduled expiration which could result in a payment due from CDA. Furthermore, if a swap is terminated, the underlying variable rate bonds may be exposed to the rising variable interest rates.

According to the termination provisions of the swap agreements, CDA or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. The counterparty can terminate the contract if the ratings on the related bonds fall below the credit rating thresholds. In addition, CDA has an option to terminate the swaps in part or in whole without any payment except for accrued interest on the respective Optional Termination Dates. Regardless of the above, CDA has a unilateral right to terminate swaps at any time upon adequate notification to the counterparty. If at the time of such termination a swap has a negative fair value, CDA would be liable to the counterparty for a payment equal to the swap's fair value along with any accrued interest.

## Rollover Risk

CDA is exposed to rollover risk on the swap agreements if one terminates prior to the maturity of the associated debt. Each of CDA's swap agreements has the same final termination date as the final maturity date of the underlying bonds.

## Amortization Risk

Amortization risk is the risk that the actual redemption pattern of the bonds may differ from the swap schedule, producing a mismatch between the principal amount of the bonds outstanding and the outstanding notional amount of the swap. To address this risk, CDA has structured all swap transactions to provide for optional termination on the respective Optional Termination Dates and automatic incremental amortization of the swap notional amounts. Mortgage loan prepayments can also be directed to the variable rate series to match the outstanding notional swap amount to the outstanding amount of the underlying bonds.

# Community Development Administration <br> Residential Revenue Bonds <br> NOTES TO FINANCIAL STATEMENTS - CONTINUED (in thousands) 

June 30, 2008 and 2007

## NOTE 9 - INTEREST RATE EXCHANGE AGREEMENTS (SWAPS) (Continued)

## Tax Risk

Tax risk is the risk that the value of tax exemption may decline through tax law changes and that variable interest rates would then rise toward taxable levels and the expected cost savings of the swaps may not be realized.

## Counterparty Risk

Counterparty risk is the risk that a counterparty will fail to make required payments. In order to limit this type of risk, CDA diversifies its exposure across several counterparties.

## Swap Payments and Associated Debt

As of June 30, 2008, the following table provides a summary of debt service requirements for hedged variable rate bonds and net swap payments for the next five years and in 5 -year increments thereafter. The interest calculations are based on the variable rates in effect on June 30, 2008, and may not be indicative of the actual interest expense that will be incurred. As rates vary, variable rate bond interest payments and net swap payments will vary.

| Year ending June 30, | Hedged |  |  |  | Interest Rate Swaps, Net |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Variable Rate Bonds |  |  |  |  |  |  |  |

## NOTE 9 - INTEREST RATE EXCHANGE AGREEMENTS (SWAPS) (Continued)

As of June 30, 2007, the following table provides a summary of debt service requirements for hedged variable rate bonds and net swap payments for the next five years and in 5 -year increments thereafter. The interest calculations are based on the variable rates in effect on June 30, 2007, and may not be indicative of the actual interest expense that will be incurred. As rates vary, variable rate bond interest payments and net swap payments will vary.

| Year endingJune 30, | Hedged |  |  |  | Interest Rate Swaps, Net |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Variable Rate Bonds |  |  |  |  |  |  |  |
|  | Principal |  | Interest |  |  |  |  |  |
| 2008 | \$ | - | \$ | 6,405 | \$ | 417 | \$ | 6,822 |
| 2009 |  | - |  | 7,209 |  | 426 |  | 7,635 |
| 2010 |  | - |  | 7,226 |  | 426 |  | 7,652 |
| 2011 |  | - |  | 7,226 |  | 426 |  | 7,652 |
| 2012 |  | - |  | 7,243 |  | 418 |  | 7,661 |
| 2013-2017 |  | - |  | 36,113 |  | 2,121 |  | 38,234 |
| 2018-2022 |  | - |  | 36,129 |  | 2,121 |  | 38,250 |
| 2023-2027 |  | 920 |  | 36,129 |  | 2,121 |  | 39,170 |
| 2028-2032 |  | 74,005 |  | 33,149 |  | 1,887 |  | 109,041 |
| 2033-2037 |  | 58,760 |  | 13,641 |  | 1,197 |  | 73,598 |
| 2038-2042 |  | 36,940 |  | 2,987 |  | 333 |  | 40,260 |
| Totals | \$ | 170,625 | \$ | 193,457 | \$ | 11,893 | \$ | 375,975 |

## NOTE 10 - BOND REFUNDINGS

Certain refundings of debt are due to the prepayments of single family mortgage loans. In these cases, CDA transfers the proceeds of the refunding bonds to a redemption account to redeem previously issued bonds and, simultaneously, transfers the prepayments of single family mortgage loans financed by these prior bonds to the refunding bonds' accounts for the purpose of originating new loans. This recycling of prepayments enables CDA to originate new loans that are not subject to the limitations of the IRS volume cap. CDA does not pay call premiums on these special redemptions, and the refundings are not undertaken to reduce interest rates, revise payment schedules or modify restrictions. CDA writes off any unamortized deferred issuance costs or original issue discounts, net of unamortized original issue premiums, as a loss in the accompanying Statements of Revenue, Expenses and Changes in Net Assets. If unamortized original issue premiums exceed unamortized deferred issuance costs and original issue discounts, CDA records a gain.

## NOTE 11 - REBATE LIABILITY

In accordance with the Internal Revenue Service Code (the Code), the Fund has recorded a rebate liability for excess investment earnings in tax-exempt bond and note issues. The excess investment earnings arise due to actual investment yields earned by the Fund being greater than yields permitted to be retained by the Fund under the Code. The Code requires $90 \%$ of such excess investment earnings to be remitted to the United States Treasury every five years and in full at the final redemption of the bonds. Interest income on the Statements of Revenue, Expenses and Changes in Net Assets is reduced by the rebate liability due to excess investment earnings. The increase/decrease in fair value of investments on the Statements of Revenue, Expenses and Changes in Net Assets is adjusted by the change in the estimated rebate liability due to change in fair value of investments.

Rebate liability activity for the years ended June 30, 2008 and 2007 was as follows:

|  | 2008 |  | 2007 |  |
| :---: | :---: | :---: | :---: | :---: |
| Beginning rebate liability | \$ | 3,501 | \$ | 40 |
| Change in estimated liability due to excess investment earnings |  | 466 |  | 3,461 |
| Change in estimated liability due to change in fair value of investments |  | 47 |  | - |
| Plus - refund due |  | 27 |  | - |
| Ending rebate liability | \$ | 4,041 | \$ | 3,501 |

Total rebate liability is allocated as follows:

|  | 2008 |  | 2007 |  |
| :---: | :---: | :---: | :---: | :---: |
| Estimated liability due to excess investment earnings | \$ | 3,994 | \$ | 3,501 |
| Estimated liability due to change in fair value of investments |  | 47 |  | - |
| Ending rebate liability | \$ | 4,041 | \$ | 3,501 |

## NOTE 12 - LONG-TERM OBLIGATIONS

Changes in long-term obligations for the years ended June 30, 2008 and 2007 were as follows:

|  | 2008 |  | 2007 |  |
| :---: | :---: | :---: | :---: | :---: |
| Rebate liability |  |  |  |  |
| Beginning balance | \$ | 3,501 | \$ | 40 |
| Additions |  | 540 |  | 3,461 |
| Reductions |  | - |  | - |
| Ending balance |  | 4,041 |  | 3,501 |
| Less due within one year |  | - |  | - |
| Total long-term rebate liability |  | 4,041 |  | 3,501 |
| Bonds payable |  |  |  |  |
| Beginning balance |  | 2,186,486 |  | 1,140,406 |
| Additions |  | 400,000 |  | 1,463,147 |
| Reductions |  | $(396,580)$ |  | $(416,155)$ |
| Change in deferred amounts for issuance discounts/premiums |  | $(2,226)$ |  | (912) |
| Ending balance |  | 2,187,680 |  | 2,186,486 |
| Less due within one year |  | $(85,040)$ |  | $(338,665)$ |
| Total long-term bonds payable |  | 2,102,640 |  | 1,847,821 |
| Total long-term liabilities | \$ | 2,106,681 | \$ | 1,851,322 |

## NOTE 13 - INTERFUND ACTIVITY

In accordance with the Resolution, net assets in Residential Revenue Bonds are restricted and pledged to bondholders. However, restricted assets may be transferred to other Funds, subject to the provisions of the Resolution. Generally, an officer of CDA must authorize such withdrawals and a cash flow analysis must demonstrate that sufficient monies remain in the Resolution to meet the obligations of the Fund in current and future years.

During the years ended June 30, 2008 and 2007, the Fund transferred the following amounts, as permitted, among Funds:

|  |  |  | 2008 |  |
| :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |
| Cost of issuance on bonds transferred from |  |  |  |  |
| Single Family Program Bonds | $\$ \quad 2,747$ | $\$ 8,905$ |  |  |

As of June 30, 2008 and 2007, due (to) from other Funds consisted of the following:

|  | 2008 |  | 2007 |  |
| :---: | :---: | :---: | :---: | :---: |
| Mortgage loan receipts for participation loans due to Single Family Program Bonds | \$ | (132) | \$ | (195) |
| Mortgage loan purchase funds due from Single Family Program Bonds |  | 382 |  | - |
|  | \$ | 250 | \$ | (195) |

## NOTE 14 - MORTGAGE INSURANCE

All mortgage loans in the Fund have mortgage insurance as described in Note 4.

#### Abstract

About $37 \%$ of all loans in the Fund are insured by agencies of the U.S. Government in an amount substantially equal to the unpaid principal amount of the loan. Approximately $62 \%$ of total loans are insured by private mortgage insurers or MHF at $35 \%$ of the loan amount. In the opinion of management, these coverage levels are sufficient so that no pool insurance or reserves are required. An allowance for loan losses has been established for loans insured by private mortgage insurers. Premiums are paid by single family mortgagors or CDA.

## NOTE 15 - PENSION AND OTHER POST-RETIREMENT BENEFITS

Eligible employees of CDA and employees of the State of Maryland are covered under the retirement plans of the State Retirement and Pension System of Maryland (the System) and are also entitled to certain healthcare benefits upon retirement. CDA's only obligation for retirement and post-employment benefits is its required annual contribution, which was paid in full by CDA to the State of Maryland prior to year end. The System prepares a separate audited Comprehensive Annual Financial Report which can be obtained from the State Retirement and Pension System of Maryland, 120 East Baltimore Street, Baltimore, Maryland 21202 or by visiting the website at www.sra.state.md.us.

## NOTE 16 - COMMITMENTS

As of June 30, 2008, CDA had approximately $\$ 207,985$ in reservations for single family mortgages at interest rates ranging from $5.50 \%$ to $7.25 \%$. CDA plans to purchase these loans with proceeds from the Fund.

## NOTE 17 - SUBSEQUENT EVENTS

Subsequent to the year ended June 30, 2008, the following bond activity took place:
On September 2, 2008, CDA redeemed the following bonds:

| 1998 Series B | $\$ 8,250$ |
| :--- | ---: |
| 1999 Series H | $\$ 105$ |
| 2001 Series H | $\$ 90$ |
| 2004 Series B | $\$ 350$ |
| 2004 Series E | $\$ 685$ |
| 2004 Series H | $\$ 510$ |
| 2005 Series B | $\$ 595$ |
| 2005 Series E | $\$ 290$ |
| 2006 Series B | $\$ 750$ |
| 2006 Series F | $\$ 620$ |
| 2006 Series I | $\$ 1,195$ |
| 2006 Series L | $\$ 815$ |
| 2006 Series P | $\$ 540$ |
| 2006 Series S | $\$ 580$ |
| 2007 Series A | $\$ 1,070$ |
| 2007 Series D | $\$ 395$ |
| 2007 Series F | $\$ 795$ |
| 2007 Series J | $\$ 525$ |
| 2007 Series M | $\$ 125$ |

On September 4, 2008, CDA issued the following bonds:

| 2008 Series B | $\$ 19,770$ |
| :--- | :--- |
| 2008 Series C | $\$ 80,230$ |
| 2008 Series D | $\$ 50,000$ |

Effective September 4, 2008, CDA entered into an interest rate exchange agreement (swap) for a notional amount of $\$ 50,000$ on August 14,2008 . This agreement, a synthetic fixed rate contract, will hedge \$50,000 in variable rate debt in Residential Revenue Bonds, 2008 Series D issued on September 4, 2008.

# Community Development Administration Residential Revenue Bonds <br> SUPPLEMENTAL DISCLOSURES OF CHANGE <br> IN FAIR VALUE OF INVESTMENTS <br> (in thousands) <br> (unaudited) 

June 30, 2008 and 2007

During fiscal year 1997, CDA adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 31. This statement requires the financial statements of CDA to reflect investments at fair value, and the increase or decrease in fair value is included in the Statements of Revenue, Expenses and Changes in Net Assets.

For investments (obligations of U.S. Government Agencies) held by the Fund as of June 30, 2008, the following schedule summarizes annual increases/decreases in fair value and the cumulative difference between fair value and amortized cost:

| Fiscal year ended June 30, | Annual increases /decreases |  | Cumulative total |  |
| :---: | :---: | :---: | :---: | :---: |
| 2000 | \$ | (227) | \$ | (227) |
| 2001 | \$ | 551 | \$ | 324 |
| 2002 | \$ | 97 | \$ | 421 |
| 2003 | \$ | 544 | \$ | 965 |
| 2004 | \$ | (674) | \$ | 291 |
| 2005 | \$ | 403 | \$ | 694 |
| 2006 | \$ | $(1,567)$ | \$ | (873) |
| 2007 | \$ | 1,062 | \$ | 189 |
| 2008 | \$ | 785 | \$ | 974 |

Reconciliation to the Statements of Revenue, Expenses and Changes in Net Assets for the year ended June 30, 2008:

| Increase in fair value of investments held |
| :--- |
| at June 30, 2008 |
| Adjustment due to rebate liability (see Note 11) |
| Increase in fair value of investments, net of rebate, as <br> reported on the Statements of Revenue, Expenses and <br> Changes in Net Assets for the year ended June 30, 2008 |

# Community Development Administration Residential Revenue Bonds <br> SUPPLEMENTAL DISCLOSURES OF CHANGE IN FAIR VALUE OF INVESTMENTS - CONTINUED <br> (in thousands) <br> (unaudited) 

June 30, 2008 and 2007

Reconciliation to the Statements of Revenue, Expenses and Changes in Net Assets for the year ended June 30, 2007:

Increase in fair value of investments held at June 30, 2007 \$ 1,062
Adjustment due to rebate liability (see Note 11)
Increase in fair value of investments, net of rebate, as reported on the Statements of Revenue, Expenses and Changes in Net Assets for the year ended June 30, 2007
$\$ \quad 1,062$
